

# Integrating the Latest Evidence for Immunotherapy into Community Care for Locally Advanced Head and Neck Cancer: Best Practices for the Multidisciplinary Team

**Wednesday, June 17, 2026**

**Virtual Meeting:**

06:00 PM – 07:00 PM

**FACULTY PRESENTER**

**Maria A. Velez, MD, MS**

*Clinical Instructor*

Department of Medicine, Division of

Hematology/Oncology

University of California, Los Angeles

Los Angeles, California

Join this practice-focused education of immunotherapy in locally advanced and recurrent/metastatic head and neck cancer. Gain practical insights into the science, clinical trial data, and evolving standards of care shaping treatment decisions today, and learn how to confidently identify appropriate patients, apply biomarker-driven strategies, and collaborate across disciplines to integrate immunotherapy while optimizing patient-centered care and toxicity management.

## Agenda

- Welcome
- Data & approvals for neo-adjuvant and adjuvant IO in resectable, locally advanced HNC
- Leveraging immunotherapy to optimize treatment of recurrent/metastatic HNC
- Implementing collaborative care processes to optimize patient-centered care and toxicity management
- Faculty office hours
