BUDGET JUSTIFICATION

KEY PERSONNEL

- Principal Investigator, RN, MSN 5% effort (.6 Calendar Months).** The PI is a Nursing Director at St. Elsewhere Hospital. She has 15 years of experience in a variety of roles in nursing, including more than 15 years of experience in the emergency department. She has led 2 successfully completed quality improvement projects and one research study. She is currently enrolled as a PhD student at The Florence Nightingale School of Nursing. The PI will be responsible for the overall design of the proposed study and will supervise the execution and progress over time. She has overseen development of the study protocol for Institutional Review Board approval. The PI will also generate the yearly progress and end of study reports and will collaborate in the preparation of manuscripts and presentations describing the results of the study.
- Co-Principal Investigator, RN, 5% effort (.6 Calendar Months).** The Co-PI is a nurse manager at St Elsewhere. She has worked with the PI on 2 successfully completed quality improvement projects and one research study. The co-PI will oversee screening and recruitment of subjects for the study. She will participate in weekly team meetings and oversee data collection.
- Investigator 1% effort (0.12 Calendar Months).** The biostatistician is faculty at the Florence Nightingale School of Nursing. He has extensive experience in quantitative analysis. The biostatistician will advise on the statistical design of the study. He will oversee the analysis and interpretation of findings. The biostatistician will participate in quarterly team meetings to review the study progress. He will assist with the development of manuscripts and presentations.

OTHER PERSONNEL

- Data Analyst, 3% effort (0.36 Calendar Months).** The data analyst will design REDCap assessment forms and data-capture forms for this project, develop statistical databases (either SAS or SPSS), merge data that has been collected electronically (e.g., patient demographic and clinical data, assessment data), and prepare and analyze all program datasets.
- TBA, Senior Data Coordinator (90% effort (10.8 Calendar Months).** This staff member will consent patients to the study; collect clinical and assessment data, and register patients in St. Elsewhere's protocol and patient tracking systems. This staff member will be supervised by the PI/co-PI and will attend weekly team meetings to report on patient recruitment and data collection.

FRINGE BENEFIT

Salary support requested for all personnel is equal to the level of effort contributed to the project. Fringe benefits are calculated at 28% of the requested salary.

OTHER DIRECT COSTS

Materials and Supplies – \$3,168 – year 1

Subject Compensation

We are requesting funds in the amount of \$3,000 in to compensate subjects for time spent completing 2 45-minute assessments (\$20/assessment; 2 assessments per subject; \$40/subject; 75 subjects; \$3000).

Paper and Folders

We are requesting funds to buy paper to print consent forms, paper questionnaires, and folders to organize and store the signed consent forms and other study subject paper documents. We request \$168.

Publication Costs

This grant does not allow publication costs. We will submit manuscripts for publication to journals that are free of charge.

Modified Total Indirect Costs

This grant does not allow indirect costs. |
