

DO YOU KNOW YOUR BASICS?

Join ONS as a student member for free.

Receive registration in the introductory ONS Cancer Basics™ course at no additional cost. This course provides a foundation for the treatment and care for patients with cancer.

ONS Cancer Basics Will Equip You to Understand:

- The characteristics of cancer and cancer cells
- Cancer risk, screening, prevention, and diagnosis
- Cancer treatment modalities and their common side effects
- Evidence-based symptom management
- Supporting cancer survivors
- And more

Whether or not you decide to enter the oncology field, you are going to care for patients with cancer at some point in your career. At ONS, you're in the right place to learn more about oncology nursing.
