Tuesday, June 8th, 6pm—8pm

A Multidisciplinary Approach for Patients with Resectable NSCLC

Roy Cho, MD, MHA

Location: Wildfire

3020 Eden Prairie Center, Eden Prairie, MN 55344

RSVP before **June 5th, 2021** to Metro MN ONS at: [metromnons@gmail.com](mailto:metromnons@gmail.com)

Minnesota Board of Nursing contact hours will be available to eligible participants after completion of the event. Learning objectives include the following:

1. Identify one unmet need in the treatment of resectable NSCLC
2. Describe best practice around molecular testing in NSCLC
3. List one benefit of multidisciplinary team management of patients with NSCLC
