AbbVie is committed to collaborating with healthcare professionals (HCPs), healthcare organizations (HCOs), and patient organizations to improve patient health across the globe. Our interactions with HCPs, HCOs, and patient organizations are guided by openness and transparency to ensure public trust and confidence. AbbVie supports disclosure of these relationships wherever possible to demonstrate the integrity of our relationships with HCPs, HCOs, and patient organizations.

AbbVie reports payment and transfer of value data as required by federal and state transparency laws. Additional information regarding AbbVie's HCP and HCO transparency reporting is available on the [www.abbvie.com](http://www.abbvie.com) website. If you have any questions, please speak to your AbbVie contact or email [TransparencyReporting@abbvie.com](mailto:TransparencyReporting@abbvie.com).
