

Greetings from your 2021 Officers!

November 2, 2020

Enclosed is your Auxiliary dues invoice for 2021. We ask for your continued support and look forward to receiving your renewal. Since we were not able to celebrate our 100th Anniversary in person this year, we are planning on having an exciting party at CONNECT 2021 in Kansas City, Missouri. This will be extra special since our founder, Mother Hornbrook, was from Kansas City. We need your support to make this vision a reality.

Despite the challenges we have faced this year, our Auxiliary has continued to find new ways to engage with members. Personally, I had a lot of fun interacting with the people who attended our "Learning Parties." Both our virtual Board of Directors' Meeting and our Annual Business Meeting were very well attended. Despite the new format, we were still able to conduct our business and recognize our award winners just as we do every year. Like many other organizations, the Auxiliary is looking forward to a time when we can see everyone in person to celebrate our exciting 100-year milestone.

Here are some of the things your dues helped make possible -- even in this crazy year:

- Provided \$46,815 in scholarships to 16 students.
- Awarded the Larry Dore Member of the Year award to a member recognizing her outstanding service.
- Awarded the Cox Awards program which recognizes outstanding Auxiliary projects.
- Supported industry recruitment by enhancing the Women in the Industry videos.
- Supported the Education Foundation's Invest in Your Future Campaign.
- Created a digital "Toolkit" of resources to help contractors and Auxiliary members participate in career fairs and other events to encourage young people to consider our industry as their career choice.

Save these important dates on your calendar!

Legislative Conference	May 25-26, 2021	Washington, DC
PHCCCONNECT2021	October 20-22, 2021	Kansas City, MO

As we continue to celebrate our 100th Anniversary, we are reminded of how much we have gained by belonging to this organization. We make new friends and renew long-time relationships. In addition, we support the Association and its various groups as they work to educate their members and advance our industry. Thank you for your membership in this great organization. We look forward to working with you in 2021 to continue improving the plumbing-heating-cooling industry.

Susie Greene

PHCC – National Auxiliary President 2021

Our Shining Future is Now
