Auxiliary President Elect – Kathy Tindall

Each year the Auxiliary President selects a project for her/his year. After the Auxiliary Executive Officers agreed to stay on for another year because of Covid, I decided, along with PHCC Association President Hunter Botto, to start my project earlier than my Presidential year. President Botto and I spoke over a year ago, and I wanted to do a project that the contractors had on their Short-Range Project list to help with membership. My Auxiliary Presidential project will be producing two videos. The first one will be for membership and diversity of the PHCC, and the second one will be for Grade School/early High School recruitment into the industry. Both of these topics are extremely important, and working with Hunter Botto, Joel Long, and the PHCC staff, I feel we will be able to accomplish this task with flying colors. In my actual Presidential year, I will be working closely with upcoming President Joel Long to distribute and promote these two videos to state executives, state chapters, and members to have the ability to use in their states. I am excited to see the final videos and proud to be able to have a project which will enhance and promote the PHCC and our incredible industry.

P.S. Don't worry, current President Susie Greene is still working on the video(s) to celebrate the Auxiliary history as we finally get to celebrate our 100th Anniversary during PHCCCONNECT2021 in Kansas City, Missouri.

Best People. Best Practices.

“Our Shining Future is Now”

Greetings from PHCC President—Hunter Botto

Hello, I hope today finds you and your family safe and healthy.

As the PHCC Association President, I wanted to reach out to all the Auxiliary members and supporters. Since I became President, I have witnessed an association that continues to grow. I am impressed by the way our members are assisting each other through the pandemic and during the recent severe cold spell in Texas. PHCC contractors reached out to find out what they could do to help, and many even drove their trucks hundreds of miles to assist those in need. Our PHCC family has always stepped to the plate to help others. This is just one of the many reasons I feel blessed and proud to be President of this great Association.

As I begin the next six months of my leadership role, I am looking forward to continuing the growth of our Association. Our staff have gone above and beyond to keep our Association moving forward. Despite the challenges of working remotely, they haven't skipped a beat to produce such exciting new programs. I am certain they will continue moving the pegs forward to assist and improve our industry.

We are in the planning stages of our CONNECT conference in Kansas City in October. We are doing everything possible to make this a safe CONNECT convention in accordance with all CDC and Missouri state regulations. I look forward to seeing everyone's smiling faces in October!

I want to specifically thank the Auxiliary for all that you have done and continue to do to grow this Association and help make a difference. Just know we have your back and will do whatever it takes to work with the Auxiliary leadership with their efforts to show how diversity and inclusion in our membership and our industry are more important than ever. We want all our members to understand how important this policy is and how it can grow our workforce.

If you're not involved, then get involved in such an exciting time for PHCC. Attend a meeting, tell a competitor about the benefits of joining, promote the industry to young people, or call me to help you find a place where you can make a difference.

Let's keep the ball rolling and show the industry that we know how to get things done!

Again, I thank each and every one of you for all you do.

I'm proud to be your President.

Hunter R. Botto

President, PHCC National Association

2021 Auxiliary Scholarship Applications
are available [HERE](#).
The deadline is July 15, 2021.

Help us *grow* our audience by *spreading* the word!

It's very simple. Make sure to Like and Follow the Auxiliary's Facebook page. Then, ask all your friends to do the same—even friends who aren't in the industry! More Likes and Follows give our message a wider audience. Another way to expand our reach is for you to Share posts from the Auxiliary on your personal page. You never know who might see something that interests them!

Huge Clearance Sale!!!
