

Call for Papers

Annual Meeting, Population Association of America
Deadline for Submissions: October 1, 2023

We welcome your submissions for the PAA2024 Annual Meeting and look forward to a full and rigorous scientific conference next spring! **PAA currently has no plans for a hybrid conference and sessions will be in-person in Columbus, Ohio.**

Please note a few important items:

- All accepted presenters will be required to register for the conference by February 5, 2024.
- Unfortunately, ***PAA cannot accommodate schedule requests***; if your paper or poster is accepted, it could be scheduled any time between Thursday, April 17 and Saturday, April 20.
- Please note that ***individuals can only serve as a presenting author twice on the program*** (but can have additional roles such as chair or discussant).
- ***Organizers will not review papers from authors with whom they have a conflict of interest*** (close collaborators or current students/postdocs). As such, please do not submit your abstract to someone with whom you may have a conflict of interest.
- There will be no travel awards for PAA2024.

Thank you in advance for your submission; we are looking forward to a great annual meeting in 2024.

Sincerely,

Jennifer Glass and Susan L. Brown
PAA2024 Program Co-Chairs

Instructions for Submitting a Paper

Presenters, discussants, chairs and session organizers must register for the conference. **All presenting authors must pre-register for the conference by February 5, 2024 to confirm their intention to attend and present.** PAA members receive a preferred rate for annual meeting registration, and all participants are strongly encouraged to join. [Learn more about PAA membership online.](#)

Online submissions will be made through the MiraSmart software submission system. Please use this link <https://submissions.mirasmart.com/PAA2024/Splash.aspx> (the link will be live on or about August 21 when submissions open).

Authors are asked to submit both: a) a short abstract (150 words); and b) either an extended abstract (2-4 pages, including tables) or a completed paper. You may modify your submissions at any time until the October 1, 2023 deadline. Extended abstracts must be sufficiently detailed to allow the session organizer to judge the merits of the paper. Typically, extended abstracts consist of a statement of the research question (and the underlying theory, if appropriate), the data and research methods, and preliminary findings. If your submission is accepted for a regular session, you must upload the full paper by March 27, 2024, to allow the discussant sufficient time to read it.

The PAA 2024 submission website will allow session organizers to view the titles and authors of submitted abstracts as they are submitted. The author making the submission must provide the full name, affiliation, country, and email address of each co-author. Please verify email addresses with co-authors to avoid duplicate records, and to make sure that all of the co-authors' submissions appear under the same record.

At the time of submission, if there are multiple co-authors, one must be identified as the presenting author. (See below for specification of PAA's two-presenter rule.) This can be revised until the program is finalized; you will be informed of the deadline via email.

As in the past, all sessions are numbered. If you wish to have your abstract considered by two organizers, you must indicate the session numbers of your first and second choices. Two sessions is the limit. The first designated organizer is given first right of acceptance. No paper/abstract may be submitted to more than two sessions.

PAA 2024 will have some flash sessions that will consist of two parts. First, there will be an oral "flash" presentation (4-6 minutes in length) of each paper. Second, authors will display posters with an informal discussion at each poster.

Submissions to either regular sessions or flash sessions can also be considered as candidates for a poster session. This option is offered during the online submission process.

In addition to the sessions listed in this Call for Papers, approximately 100 "overflow" sessions will be created at the request of session organizers who receive large numbers of submissions. In choosing where to submit your paper, keep in mind that session organizers with broad session titles may end up organizing two or three sessions.

Instructions for Submitting a Poster

Members are encouraged to submit abstracts/papers for consideration as posters. All the above instructions also apply to poster submissions. Authors who wish to have a submission considered *only* for a poster session should submit to Session 1602. This may be a particularly good option for papers that do not fit into any regular or flash sessions.

An author who is submitting a paper to one or two regular sessions, or a regular session and a flash session, may ask that the submission also be considered for a poster session if it is not accepted in the regular or flash session. This is accomplished by checking “yes” in the appropriate box of the online submission form. Unless you check “yes,” your paper will not be considered for a poster.

Two-Presentations Rule

The PAA Board of Directors has instituted a two-presentations rule, i.e., each person is limited to a maximum of two presentations (summed across regular oral sessions, flash sessions and poster sessions). A further rule is a limit of four appearances in total, encompassing the roles of presenter, chair, and discussant. But there is no limit on how many times a person can appear on the program as a co-author. Single-authored papers must be presented by the author. For multiple-authored papers, at the time of submission a presenter must be designated; once all sessions are finalized (that is, all papers and posters have been accepted or rejected), there will be a short time interval when presenter status can be revised. Note that for the purpose of the two-presentations rule, the roles of chair and discussant do not count; instead, there is a limit of four presentations in the roles of presenter, chair, and discussant inclusive.

Important Dates*

August 21, 2023	PAA opens for submissions
October 1, 2023 (midnight PST)	PAA closes to submissions
November 27-December 1, 2023	Authors are notified of papers accepted into regular and flash sessions
December 6 – 10, 2023	Authors are notified of papers accepted into overflow sessions
December 4, 2023	Registration open
December 18-22, 2023	Authors are notified of papers accepted into poster sessions
February 7, 2024	Deadline for presenting authors, chairs and discussants to register
March 27, 2024	Deadline for making online revisions to abstracts of accepted papers
March 27, 2024	Deadline to upload full papers

*Dates subject to change. If you have questions, please contact bobbie@popassoc.org.

ATTENTION! PAA has recently installed a new system that affects how you log in to our website and perform transactions. If you have not already done so, you will need to set up a new login to the PAA website. Here's how: [Click this link to identify yourself](#) and you will receive a “change password” e-mail. That message will contain your new username and a link to change your password.

PAA 2024 Sessions and Organizers

To submit a paper to PAA 2024, please visit the submissions website at <https://submissions.miramart.com/PAA2024/Splash.aspx>. (Link will be live once submissions open.)

1 Aging and Life Course

101 Flash: Socioeconomic Disparities and Under-Represented Populations in Aging and Health

Catherine Garcia
Syracuse University

102 Gendered Experiences in Life Course and Aging

Adrienne Frech
Ohio University

103 Aging and Intergenerational Relationships

Zhiyong Lin
University of Texas at San Antonio

104 Flash: Cognitive Health and Dementia

Mateo Farina
University of Texas at Austin

105 Mental Health and Mental Health Services in Old Age

Mieke Thomeer
University of Alabama

106 Biopsychosocial and Biodemographic Approaches to Aging

Bridget Goosby
University of Texas at Austin

107 Innovative Topics in Aging and the Life Course

Deborah Carr
Boston University

108 Aging in Middle- and Low-Income Countries

Joseph Saenz
Arizona State University

109 Caregiving and Healthcare Across the Life Course

Sarah Patterson
University of Michigan

110 Family Ties, Social Networks, and Social Isolation Across the Life Course

Patricia Thomas
Purdue University

2 Applied Demography

201 The Role of Consumer Data in Demographic Estimates

Francesco Rampazzo
University of Oxford

202 Population Stagnation: Causes, Consequences, and Combatants

Reynolds Farley
University of Michigan

203 Flash: Challenges in Small Area Demography: True Population Change or Data Changes?

Xiuhong You
University of Texas at San Antonio

3 Children, Youth and Intergenerational Ties

301 Inequality in Early Childhood

Kelly Purtell
Ohio State University

302 Children, Adolescents, and Mental Health

Ashley Larsen Gibby
Brigham Young University

303 Transitions to Adulthood

Phoebe Ho
University of North Texas

304 Intergenerational Processes, Parenting, and Child Well-being

Rachel Goldberg
University of California, Irvine

305 Neighborhood Contexts and the Well-being of Children and Youth

Narayan Sastry
University of Michigan, Ann Arbor

306 Child Policy, Welfare, and Protective Services

Hope Harvey
University of Kentucky

307 Race/Ethnicity, Immigration, and Child Well-being

Claire Altman
University of Missouri

308 Environmental/Climate Change, Natural Disaster, and the Well-Being of Children and Youth

Lingxin Hao
Johns Hopkins University

309 Parental Relationship Dynamics and Child Outcomes

Monica Longmore
Bowling Green State University

310 Flash: Changes in Parents and Children's Lives Following the Pandemic

Deniz Yucel
William Paterson University

4 Crime and the Criminal Legal System

401 Criminal Legal Contact and Health Inequality

Armando Lara-Millan
University of California, Berkeley

402 Methodological Innovations in Studying the Criminal Legal System

Bryan Sykes
University of California, Irvine

403 Immigration and the Criminal Legal System

Caitlin Patler
University of California, Davis

404 Geographic Context and Consequences of Criminal Legal Contact

Carmen Gutierrez
University of North Carolina at Chapel Hill

5 Data and Methods

501 Formal and Mathematical Demography

Arun Hendi
Princeton University

502 Statistical and Bayesian Methods in Demography

Scott Lynch
Duke University

503 Digital and Computational Demography

Emilio Zagheni
Max Planck Institute for Demographic Research

504 Innovations in Spatial Data Collection and Analysis

Catherine Calder
University of Texas at Austin

505 Causal Inference in Population Studies

Jennie Brand
University of California, Los Angeles

506 Advances in Mortality Estimation without Vital Records

Stéphane HELLERINGER
NYU Abu Dhabi

507 Demographic Models of Infectious Disease

Malia Jones
University of Wisconsin-Madison

508 Critical Demographic Methods

Quincy Stewart
Northwestern University

Tukufu Zuberi
University of Pennsylvania

509 Flash: Innovations in Data Infrastructure for Population Research

Casey Breen
University of California, Berkeley

6 Education, Work and Economic Inequality

601 Economic Instability, Unemployment, and Social Policy.

Julie Cai
Center for Economic and Policy Research

602 Employment Discrimination and Segregation: Causes, Consequences, and Contexts.

David Pedulla
Harvard University

603 Inequalities in Work Hours and Leisure Time

Sarah James
US Census

604 Racial Inequality in Urban and Rural America

Shuang Li
Bridgewater College

605 LGBTQIA Employment and Education

Christopher Carpenter
Vanderbilt

606 Incarceration and Economic Inequality

Evelyn Patterson
Georgetown University

607 Developments in the Study of Social Inequality: Intersectionality, Categories, and Classification

Christy Erving
University of Texas at Austin

608 Wealth, Debt, and Life Chances

Michelle Maroto
University of Alberta

609 Flash: Educational Inequality: Patterns, Causes, and Effects

Jayanti Owens
Yale University

610 Poverty, Policy, and Economic Well-being

Christopher Wimer
Columbia University

611 Care Work and Inequality

Rachel Dwyer
The Ohio State University

612 History and the Political Economy of Inequality

Christopher Muller
University of California, Berkeley

613 Flash: Gender Inequality

Janet Kuo
National Taiwan University

614 Remote Work, Families, and Inequality

Eiko Strader
The George Washington University

615 Flash: Economic Inequality: Patterns, Causes and Effects

Ken-Hou Lin
University of Texas at Austin

7 Family Demography

701 Gender, Families, and Unpaid Labor

Liana Sayer
University of Maryland

702 Flash: Gender, Families, and Work

Kelly Musick
Cornell University

703 Families and Inequalities

Regina Baker
University of North Carolina at Chapel Hill

704 Families, Health and Wellbeing

Patricia Louie
University of Washington

705 Union Formation

Krista Westrick-Payne
Bowling Green State University

706 Mate Selection

Kate Choi
Western University

707 Kinship and Intergenerational Relations

Diego Alburez-Gutierrez
Max Planck Institute

708 Comparative and International Perspectives on Families

Wei-hsin Yu
University of California, Los Angeles

709 Changing Families and Households

Megan Sweeney
University of California, Los Angeles

710 Race, Ethnicity and Families

Christina Cross
Harvard University

711 Families, Law and Public Policy

Laura Tach
Cornell University

712 Union Dissolution and Instability

Christine Schwartz
University of Wisconsin-Madison

713 Consequences of Criminal Legal Contact for Family Life

Kristen Turney
University of California, Irvine

714 Nonmarital Partnerships in Midlife and Beyond

Matthew Wright
Appalachian State University

715 Critical Family Demography

Deadric Williams
University of Tennessee Knoxville

716 Families and Fertility

Alison Gemmill
Johns Hopkins University

717 Family Caregiving

Esther Friedman
University of Michigan

718 Singlehood

Xing Zhang
Arizona State University

8 Fertility, Family Planning, Sexual Behavior, and Reproductive Health**801 Abortion**

Angel Foster
University of Ottawa

Dana Johnson

University of Texas at Austin

802 Contraception and Sterilization

Krystale Littlejohn
University of Oregon

803 Sex

Michelle Eilers
University of Minnesota, Twin Cities

804 Infertility and Assisted Reproductive Technologies

Katherine Tierney
Western Michigan University

805 Fertility Goals (Preferences, Desires, Intentions, Attitudes)

Jonathan Bearak
Guttmacher Institute

806 Flash: Birth Intervals and Birth Timing

Thomas Moultrie
University of Cape Town

807 Sexually Transmitted Infections

Sara Yeatman
University of Colorado Denver

808 Adolescent Fertility and Reproductive Health

Holly Baker Shakya
University of California, San Diego

809 Men's Fertility, Reproductive Health, and Sexual Behavior

Gladys Martinez
National Center for Health Statistics

810 Queer Fertility, Family Building, and Reproductive Health

JaNelle Ricks
The Ohio State University

811 Migration, Migrants, and Fertility and Reproductive Health

Goleen Samari
Columbia University

812 Fertility in Low- and Middle-Income Countries

Raquel Coutinho
Cedeplar

813 Low Fertility: Causes, Consequences, and Variation

Yong Cai
University of North Carolina at Chapel Hill

814 Life Course Perspectives on Fertility and Reproductive Health

Jessica Su
University of North Carolina at Chapel Hill

815 Reproductive Justice

Andrea Becker
Advancing New Standards in Reproductive Health

816 Flash: Contextual Influences on Fertility, Contraception, and Abortion

Chiara Comolli
University of Bologna

817 Couple, Household, and Kin Influences on Fertility, Contraception, and Abortion

James Stykes
Sam Houston State University

818 Climate Change and Fertility and Reproductive Health

Raya Muttarak
University of Bologna

819 Shocks, Disruption, and Fertility and Reproductive Health

Florencia Torche
Stanford University

820 Cross-National Comparisons of Fertility, Contraception, and Abortion

Sarah Brauner-Otto
McGill University

821 Flash: Contraception and Abortion Service Delivery, Access, and Quality

Maria Gallo
The Ohio State University

822 Stratified Reproduction: Inequality and Inequity in Fertility and Reproductive Health

Leigh Senderowicz
University of Wisconsin-Madison

823 Pronatalism, Antinatalism, and Reproductive Control

Emily Marshall
Franklin and Marshall University

9 Gender and Sexuality

901 Transgender and Gender Expansive Demography

Rin Reczek
The Ohio State University

902 Intersectionality and Gender & Sexual Minority Populations

Allen Mallory
The Ohio State University

903 Gender Inequality Across National Contexts

Blake Zachary
Demographic and Health Surveys

904 Gender and Sexuality Based Violence
