PSA Access to Science Initiative Application

This program celebrates global collaboration by offering discounted membership rates to individuals in economically diverse regions, helping expand the Poultry Science Association's vibrant international community.

To be eligible, individuals must live and work in a country listed in the latest International Monetary Fund (IMF) Yearbook with a per capita GDP of 11,000 Special Drawing Rights (SDR) or less. SDR is the IMF's standard unit of account used to compare economic indicators across nations.
