The Piano Technician's Guild

is the world's premier source of expertise in piano service and technology. We represent more than 100 years of collective knowledge, over 4,000 global members and the industry's only recognized piano service certification program, the Registered Piano Technician.

Our mission is to promote the industry's highest possible standards by:

- Providing members with every opportunity for professional development
- Recognizing and promoting technical competence through examinations
- Advancing the interests of each of our members
