

RACI Strategic Plan 2025 – 2030

Vision

To be the leading voice in the chemical sciences for Australia.

Mission

To advance the role of chemical sciences in education, research, industry, and community.

Values

Respectful, **A**dvocacy, **C**ollaboration, **I**nnovation

01

RACI – Our Community

Growing a vibrant community for the chemical sciences where everyone is respected, engaged, and a proud advocate for the RACI.

A Champion for Our Profession and Science

Amplify RACI as the leading advocate for the chemical sciences in Australia, and a leading voice globally.

02

03

Contributing Where It Matters

Ensure RACI's activities are relevant to our members, and our outreach makes a meaningful difference to our communities.

Innovating for the Future

Drive innovation in the chemical sciences by advancing cutting-edge research, deepening industry collaboration, and accelerating the development of transformative technologies that address global challenges and enable a sustainable future.
