REHABILITATION PROFESSIONALS

FORENSIC

IARP FORENSIC SECTION VISION, MISSION AND GOALS

VISION

To be a proactive, progressive and relevant venue for rehabilitation professionals who provide forensic expert services.

MISSION

Support and encourage the professional development and growth of those rehabilitation professionals with an interest in forensic rehabilitation.

Promote the advancement and exchange of research and methodology in the field of forensic rehabilitation amongst rehabilitation professionals and allied professionals.

Mentor emerging rehabilitation professionals interested in forensic rehabilitation by offering a platform to share resources and experiences, to foster professional relationships and to provide professional development in the field of forensic rehabilitation.

GOALS

Position the Forensic Section as a leader of lifelong learning and career development for the forensic rehabilitation community.

Develop a culture focused on collegial collaboration, mentoring, professional development and growth, and research and methodology aimed at member growth and retention.

Revitalize, transform and strengthen the field of forensic rehabilitation through the integration of the next generation of rehabilitation professionals.

Encourage and support high quality research and data beneficial to the forensic rehabilitation community.

Date of Adoption by the Forensic Section Board: June 16, 2016
