Downloading the RMX Network App

There are multiple ways you can access and download the App for your device. Please note that MemberCentric is our technology partner.

Visit your device's app store. Search for and download "MemberCentric". When prompted, make sure to answer "Yes" to notifications so that you will be notified when new posts and replies are made in RMX Network Communities.
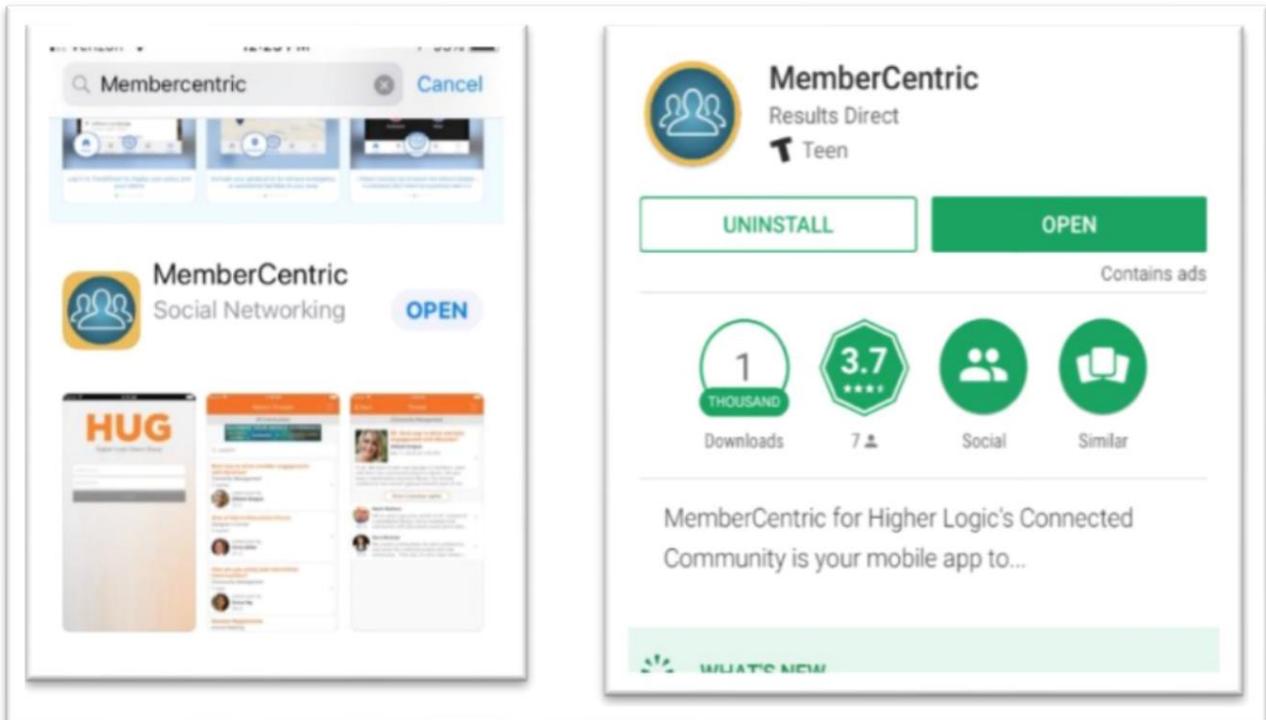

For iOS specific instructions, go to page 2.

For Android specific instructions, go to page 4.

## Installing the App for Apple iOS Devices

Once you open the App, you will be prompted to search a list of organizations. Enter "RMX Network" and the RMX Network Community choice will display. Click on the RMX Network option.

After you have selected RMX Network, you will be automatically prompted to log in with your RMX Network user name and password. These are the same credentials you use to log in at http://www.rmx-network.com.
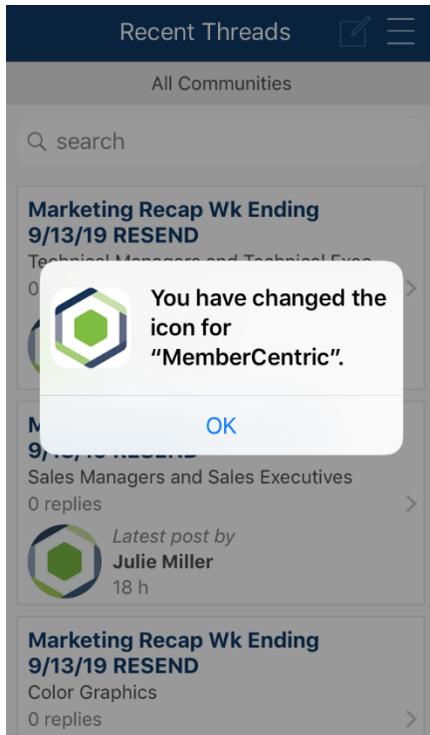

Once you have logged in, the App icon will be on your device.

Select OK and you're ready to get started using the RMX Network Communities App.

Installing the App for Android Devices

Your experience installing the App may differ depending on your device manufacturer and the version of Android you are running.

Once you have downloaded the app either from Google Play or from the previous link, open the App and you will be prompted to search a list of organizations. Enter "RMX Network" and the RMX Network Community choice will display. Click on the RMX Network option.
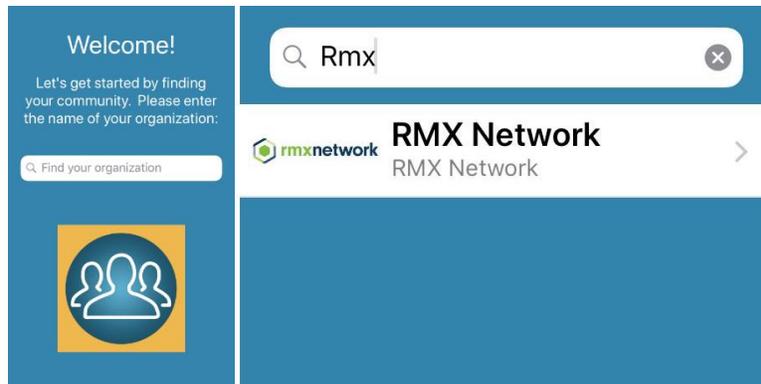

After you have selected RMX Network, you will be prompted to log in with your RMX Network user name and password. These are the same credentials you use to log in at http://www.rmx-network.com.
