Dear Carter:

We are grateful for your organization's investment in New Mexico State University and its students by supporting the charge to "Ignite Aggie Discovery" and equip Aggies for lifelong success. Every dollar provided creates new opportunities to enhance student support programs, recruit and retain high-quality faculty who bring real-world experience, and renovate our campus with modern and collaborative technology.

Students graduate from NMSU ready to tackle the world's biggest issues, educate younger generations to transform the future, and use their "Aggie Discovery" roots to find solutions to the most significant challenges facing communities across the globe.

**We sincerely appreciate this gift to the Insurance Center.** RIMS-Rocky Mountain Chapter plays a major role in shaping the lives of many students and the future of our state, nation and world.

Sincerely,
