

NEW YORK CHAPTER BREAKFAST MEETING

Thursday, June 7, 2018

RIMS New York Chapter **RIMS Members Only Special Learning Lab Event** **Topic: Choices and Decisions: How to Win in a Changing World**

In conjunction with RIMS, please join us for a **special member's only** event at the new RIMS office:

Enterprise Risk Management (ERM) has come a long way in most companies over the past years. In some instances, ERM is often perceived as "Corporate Theater" that may not have an impact on the choices and decisions made in an organization.

How can Insurance Risk Managers add more value and play a role in ERM now and in the future?

In this Learning Session you will:

- Be inspired to embrace ERM
- Receive tips for your personal journey as a Risk Manager to become more successful.

Speaker: Mr. Bjørn Rothaus

Bjørn Rothaus is an economist and Risk Whip at Implement Consulting Group – a Danish based company with activities in Scandinavia, Europe and North America. Bjørn has 18 years of experience in developing Enterprise Risk Management and Strategic Risk Management to make it fit for people and fit for the future. Bjørn is a leading international expert and helps clients build resiliency and antifragility by strengthening the risk culture and empowering people to understand and manage emerging, strategic and persistent risks. Bjørn has worked with companies like General Motors, A.P. Møller-Mærsk, Thai Airways, Husqvarna, Vestas, Copenhagen Airports and LEGO
