

Advisen's Casualty Insights Conference is the premiere insurance industry event addressing today's casualty risk management and insurance issues. Now in its eighth year, the conference brings together over 500 leading risk managers, brokers, underwriters, claim professionals and lawyers to share their knowledge about market trends, significant legal and regulatory developments, and emerging exposures. Topics will address managing casualty risk in a global economy. The focus of the program will be on the issues of greatest significance to risk managers and other insurance buyers, but it will also be highly relevant and important to casualty professionals throughout the insurance and reinsurance markets.

This event is **free to full-time Risk Managers and Buyers of Insurance** and is a terrific educational opportunity for your team to learn about emerging and trending risk issues from industry thought-leaders!
