

RIMS Board Member Marco Flores, Steve Upshaw with Equity Residential and Ryan Scott with RT Specialty gave the NAPSLO presentation on March 31st. Over 100 Risk Management students were in attendance from across the country.

In addition we held a job shadow day working with the Katie School (ISU) on April 5th. This was an opportunity for 12 students to job shadow a Risk Manager for a ½ day. There is no specific agenda the Risk Manager needs to follow but it would be nice if they get exposed to the various areas we interact with on a day to day basis i.e. procurement, broker/vendor interactions, risk finance, loss control, safety, claims, contract reviews etc.

The Risk Managers that volunteered were Marco Flores, Steve Upshaw with Equity Residential, Jon Raleigh with First Industrial, Mike Fitzgerald with GATX, Terry Sampson with the Art Institute and Marcia Paulsen with Morton Salt.

Here is what Debbie Babcock with Katie School said “Thank you all for making the time to spend a good part of Friday with our Katie School students. They were so excited when we met up in the afternoon and were bubbling over with what they had learned and how welcoming everyone was to them. You really made an impact on them and they are even more enthused about the RMI field!”
