Dear John:

As president of the Risk and Insurance Management Society, I would like to take this opportunity to welcome you as a Deputy member of North America's most prestigious society of professional risk managers. We want to encourage you to take advantage of the membership relationship you've initiated, ensuring that your company and colleagues are aware of the products, services and benefits that RIMS offers.

This welcome kit will provide you with information on the myriad ways RIMS can bolster your skills, allowing you and your company access to state-of-the-art risk management information. Take advantage of a wealth of online courses and conveniently scheduled webinars to bolster your skill set.

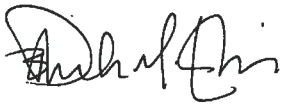

As a member of RIMS, you are also a member of your chapter, allowing you to participate locally in educational programs, networking with service providers and consultants, get involved in legislative activities and hone your leadership skills in a low-risk environment.

Add to these, access to discounts on a wide range of products and services, including our newly-introduced Member Directory with social networking capabilities, a subscription to *Risk Management Magazine* (starting in about six weeks), online career services, daily business news updates delivered right to your desktop, access to Enterprise Risk Management (ERM) tools to help ensure that your company is integrating timely management techniques into your routine risk management strategy and much, much more!

I hope you'll take time to review this New Member Welcome Kit to become aware of all RIMS has to offer. Take time to explore our innovative and user-friendly web site and allow RIMS to help meet and exceed your objectives as a professional risk manager.
