

# ASSET-BASED LENDING FOR NON-ASSET BASED LENDERS

JUNE 13, 2019 | INDIANAPOLIS, IN

## Course Overview

This course provides you with a basic understanding of asset-based lending (ABL) concepts and techniques. Learn about ABL borrower, collateral and field examinations, and loan structures, including reporting and monitoring techniques. Read and discuss a case study that illustrates many of the issues involved in ABL.

## Who will benefit?

This course is for small business and middle-market lenders who are not asset-based lenders but who are responsible for identifying ABL customers. The program also provides an excellent overview of asset-based lending for others who need a basic understanding of the process of making an asset-based loan. It will be especially useful for:

- Loan review personnel
- Credit analysts

## You will:

- Target appropriate candidates for asset-based loans.
- Identify and understand the risks particular to asset-based lending.
- Understand the purpose and objectives of the field exam and be able to explain how the exam discloses and quantifies collateral risk.
- Understand how and why effective loan structuring, reporting, and monitoring can minimize asset-based lending risk.

## Prerequisites

You are expected to have some commercial lending experience.

## Precourse Assignment

You are required to complete a precourse assignment that should take approximately two hours.

## Precourse Materials

Once you register, you will receive a confirmation email with a link to download precourse materials that must be completed prior to attending the course. Please contact Customer Care, 1-800-677-7621 or [registrar@rmahq.org](mailto:registrar@rmahq.org) if you do not receive the email within one business day.
