Join your banking peers in a discussion among operations staff, risk managers and IT professionals relating to risk-management best-practices in bank operations, information security and network support.

Possible Table Topics include: tips and techniques in managing the IT, IS and operational risks in a bank, cyber security, faster payments, disaster recovery, vendor management, social engineering and other issues.

Brian Johnson, SVP, Technology Services and Administration at AGH, will moderate the discussion.

*A special thanks to AGH for sponsoring this event!*
