*Celebrating 46 years of service*

# About Us

Established in 1979, the South Carolina Primary Health Care Association is a 501 (c) 3, nonprofit organization representing the state's twenty-three (23) federally qualified health centers (FQHCs, (2) look-alike clinics, and the South Carolina Agricultural Worker Health Care Program.

SCPHCA provides training and technical assistance for the CHCs while engaging in advocacy efforts that impact patients' health and improve access to care.

SCPHCA-affiliated community, migrant and homeless health centers are an integral part of the state's overall health care system. Our community health centers provide high-quality, affordable health care homes for any person seeking health care to include medical, dental, vision, mental health or behavioral health services.

As an advocate for those that do not have access to basic health services, the SCPHCA works to ensure the continued provision of community-based programs and centers that provide health care services for people most in need.

The SCPHCA is committed to enhancing and expanding access to quality, community-responsive healthcare for South Carolina's medically underserved and uninsured.

Today, our members serve 450,123 patients in South Carolina and provide 1,888,327 visits.

## **Our Mission**

To provide a unified supportive infrastructure that facilitates access to community-based primary, behavioral and other health care services to every community in South Carolina.

## **Our Vision**

"Access to Quality Health Care for All of South Carolina"

# Sponsorship Overview

The SCPHCA offers a wide range of opportunities for sponsors to connect with key players in the community health sector through various events, training sessions, and retreats. Our technical assistance and educational platforms reach individuals and organizations alike, ensuring that sponsors are aligned with the important work of improving healthcare access and delivery in South Carolina.
