

Thanks to Reviewers

The *Journal of Fire Protection Engineering* would like to acknowledge the efforts of the following people in reviewing articles for Volume 18. The peer review is an important process that allows the Journal to provide high quality articles that are of interest to the fire protection community. We thank these reviewers for the valuable time they have given to insure that such articles are available for publication. Both SAGE and the Editorial Office would like particularly to thank all the reviewers mentioned below who regularly review papers submitted to the journal. Thank you all for your support throughout 2008 and we hope that you will continue to support us in 2009.
