#### Don't see a list of submissions for review?

This most likely means you have duplicate accounts in ScholarOne, which we can fix in just a few moments. Email [submissions@sgim.org](mailto:submissions@sgim.org) or call the SGIM office immediately at 202-887-5150 or 800-822-3060. Available Monday through Friday 9 AM to 5 PM Eastern Time.

## STEP 2: Recuse yourself from Reviewing due to a Conflict of Interest

SGIM suggests you recuse yourself from reviewing any submission if:

- You are a co-author or co-presenter of the submission
- The submission is one you recognize from your own institution and/or
- You have ongoing professional collaboration with the submitting author
- You have a financial or other conflict of interest with the submission, or otherwise might not be able to offer an objective review.

To recuse yourself from reviewing a submission, click on the **Conflict of Interest** box. Selecting "Conflict of Interest" will not allow you to score the abstract. Once the Conflict of Interest box is selected, the ScholarOne™ system will remove those assigned submissions from your review batch.

For submissions assigned to you and not yet reviewed and scored, ScholarOne™ will continue to send reminders to complete your reviews.

## STEP 3: Read Submissions

To view submissions online, click on the Control ID link on the left to see the entire abstract. A new window will pop up with the abstract content. Please enable pop-up windows in your internet browser.

- ABSTRACT BODY:  
Online Title (≤ 60 characters, including spaces): Remediating Unprofessional Behavior
- Session summary (limit: 3,000 characters, including spaces): Unprofessional and disrespectful behaviors by faculty and senior residents can often lead to cynicism and an erosion of humanistic and professional values among medical students and junior residents. This behavior, exhibited by front line care providers and educators threatens learning, health care quality and patient safety and contributes significantly to learner mistreatment. As a result, educational accrediting bodies have placed a high priority on addressing such behaviors.

To print all currently displayed submissions, use the  button. We suggest you print with **scorecard** in order to allow easier marking of scores for each criteria and entering of scores into ScholarOne™.
