Please make sure to wear your name badge to gain entry to all Annual Meeting events. Staff in the registration area will gladly make corrections and/or provide replacements.

PHOTOGRAPHY/VIDEOGRAPHY CONSENT AT ANNUAL MEETING

SGIM employs professional photographers and videographers during the Annual Meeting. Meeting participants give tacit consent for still pictures and videotaped sessions to be copyrighted, used and published for SGIM promotional materials. SGIM may use such photographs/videos of meeting participants with or without names and for any lawful purpose, including for example such purposes as print and/or electronic publicity, illustration, advertising, and Web content.

ANNUAL MEETING PRESS POLICY

SGIM permits members of the press to attend its Annual Meeting sessions. Members of the press are required to:
- register to attend the meeting
- wear a name badge
- affix a “Press” ribbon to that name badge

Annual Meeting session coordinators of workshops, symposia and updates have the option of closing their session to members of the press by asking if any are in attendance and asking them to leave. Oral and poster sessions of abstracts, vignettes, and innovations are open to the press.

PLENARY SESSIONS

THURSDAY OPENING PLENARY SESSION

Keynote Address
Presidential Address

SGIM and the Developmental Life Course: Current Challenges and the Path Forward

Marshall H. Chin, MD, MPH
2015–2016 SGIM President
Richard Parrillo Family Professor of Healthcare Ethics in the Department of Medicine, University of Chicago

Marshall Chin, MD, MPH, is an international expert in improving the care of vulnerable patients with chronic disease and achieving health care equity. He is Associate Chief and Director of Research in the Section of General Internal Medicine, Director of the Chicago Center for Diabetes Translation Research, and Associate Director of the MacLean Center for Clinical Medical Ethics at the University of Chicago. He has been Director of the Robert Wood Johnson Foundation Finding Answers: Disparities Research for Change National Program Office and the RWJF Reducing Health Care Disparities through Payment and Delivery System Reform Program Office.

Dr. Chin’s current projects advance diabetes care and outcomes on the South Side of Chicago through health care system and community interventions, evaluate implementation of the patient-centered medical home in safety-net clinics, and improve shared decision making between clinicians and LGBTQ racial/ethnic minority patients.

Dr. Chin co-chairs the National Quality Forum Disparities Standing Committee, and is a member of America’s Essential Hospitals Equity Leadership Forum and the CDC Community Preventive Services Task Force. He serves on the editorial board of Health Services Research.

Dr. Chin co-chaired SGIM’s One-on-One Mentoring Program for five years and has received SGIM’s Mid-Career Research Mentorship Award. Dr. Chin is a graduate of the University of California at San Francisco School of Medicine and completed residency and fellowship training in general internal medicine at Brigham and Women’s Hospital, Harvard Medical School.

FRIDAY PLENARY SESSION 2

2016 Malcolm L. Peterson Honor Lecture

Progress in Improving Healthcare Delivery

Timothy G. Ferris, MD, MPH
Senior Vice President, Population Health Management, Massachusetts General Hospital, Massachusetts General Physician Organization, Partners HealthCare, MGH, MGPO, Partners HealthCare

Trained in both internal medicine and pediatrics, Dr. Ferris is a practicing primary care physician and Senior Vice President for Population Health at Mass General Hospital and Partners HealthCare in Boston. He is also an Associate Professor at Harvard Medical School and holds degrees from Middlebury College, Oxford University, Harvard Medical School, and the Harvard School of Public Health. Former positions include Vice Chair of Pediatrics at Mass General and Medical Director of Mass General Physicians Organization. He was the principal investigator for a six-year Medicare demonstration project involving an alternative payment method that showed both reduced costs and reduced mortality among high risk Medicare beneficiaries. He now leads the Partners Healthcare Pioneer Accountable Care Organization (ACO) and is responsible for design and implementation of system-wide care delivery changes that will improve patient health, improve patient experience of healthcare, and reduce the healthcare cost burden. He has implemented multiple physician and organization wide performance incentive systems. Dr. Ferris has over 90 publications in the areas of healthcare quality measurement, risk adjustment, population management, and information technology. He has served on multiple committees for the Institute of Medicine (IOM), Agency for Healthcare Research and Quality (AHRQ), and National Quality Forum (NQF) where he chaired the Consensus Standards Approval Committee. He served on the Health Information Technology (HIT) Policy Committee—Quality Measures Workgroup. He has served as a consultant to the Congressional Research Service, the National Governors Association, the World Health Organization, and the Institute for Healthcare Improvement on issues related to performance measurement and performance incentives.

PLENARY SESSION 3

CaREER Development Armchair Discussion and
2016 Awards Breakfast

Mapping Your Journey: An Armchair Conversation
across Generations about CaREER Development

This session will present a conversation on career development and work-life balance. Panelists of different generations and academic levels will highlight their own strategies at each career stage as well as lessons learned along the way. Following brief introductions, the floor will be open for audience questions and comments. Topics may include finding your first job, mentor-mentee relationships, promotion requirements, and the art of networking, all in the context of balancing work with everything else in life. Take-home messages from this armchair discussion will energize attendees and help them map out a timely path for career advancement while realizing work-life balance.

Moderator:
Christopher Masi, MD, PhD, NorthShore University HealthSystem, Clinical Associate Professor, University of Chicago

Panelists:
Robert H. Fletcher, MD, MSc, Professor Emeritus, Harvard Medical School, Department of Population Medicine
Suzanne W. Fletcher, MD, MSc, Professor Emerita, Harvard Medical School, Department of Population Medicine
Jada C. Bussey-Jones, MD, Chief, General Medicine and Geriatrics, Professor of Medicine, Department of Medicine, Emory University School of Medicine

ACLGIM LEAD PROGRAM

The LEAD program is designed for junior to mid-career faculty who wish to further develop their leadership skills. Training and coaching from leadership scholars and successful GIM leaders is provided at the ACLGIM/SGIM spring meeting and in the year following. Participants for the LEAD program are chosen via a competitive peer-review application process. In addition to the LEAD Core Sessions at the ACLGIM Leon Hess Management Training and Leadership Institute on Wednesday, May 11, participants choose to attend two of three LEAD workshops on Thursday and Friday.

Participation also entails independent readings/assignments, online discussion, and regularly scheduled direct communication with an ACLGIM LEAD coach in the year following this meeting. For more information, visit www.sgim.org/aclgim-tools--programs/lead.

ASSOCIATION OF CHIEFS AND LEADERS OF GENERAL INTERNAL MEDICINE

Leon Hess Management Training and Leadership Institute

Critical Skills for Success as a Leader in General Internal Medicine

WEDNESDAY, MAY 11, 8:30 AM–5:00 PM
Atlantic Ballroom 1, 2nd Floor, Convention Center

9:00–9:40 AM
Negotiation for General Internists: Achieving Success by Doing What Doctors Do Best
Michele Cyr, MD, Associate Dean for Academic Affairs (Faculty Affairs), Brown University
Negotiation is a critical skill for leaders in academic medicine. Whether one is negotiating for resources or negotiating a job description and compensation with a new recruit, it can be a high stakes game. Dr. Cyr will lead the Institute with a session on negotiation and will offer strategies for success, many of which build on skills physicians use in caring for patients.

9:40–10:20 AM
Maintaining Morale: Setting Priorities, Being Transparent, and Seeking Participation at Times of Change
Wishwa Kapoor, MD, Chief, Division of General Internal Medicine, University of Pittsburgh Medical Center
In an interactive session, Dr. Kapoor will draw on his extensive experience leading a large GIM division through 21 years, through both good and lean times in medicine. He will address a number of issues including how to develop models of mentorship that drive success and motivate faculty to take control of their careers. He will present his experiences, both successful and unsuccessful, in advancing satisfying careers and developing leaders in clinical, teaching and research.

10:30–11:10 AM
How Academic Medical Centers Fund Their Missions
Richard M. Nuttall, Associate Dean of Finance and CFO, College of Medicine, University of Arkansas for Medical Sciences
This presentation will explain the common ways academic medical centers are financed and review several budget and fund flow models and how these influence the way academic medical centers value each academic mission. Attendees will learn about strategies that resonate in today’s financial environment when making the case to hire new faculty or begin new programs.

11:10–11:55 AM
Panel: Critical Skills for Success as a Leader in General Internal Medicine
Michele Cyr, MD, Associate Dean for Academic Affairs (Faculty Affairs), Brown University; Wishwa Kapoor, MD, Chief, Division of General Internal Medicine, University of Pittsburgh Medical Center; Richard M. Nuttall, Associate Dean of Finance & CFO, College of Medicine, University of Arkansas for Medical Sciences

Moderator: Anuradha Paranjape, MD, MPH, Chief, Section of General Internal Medicine, Lewis Katz School of Medicine at Temple University
Following the morning presentations, the speakers will hold a facilitated panel discussion on negotiation, finances and maintaining morale through challenging financial times.

12:00–1:15 PM
Lunch and Facilitated Networking by Region
Participants will have opportunities to discuss the morning’s session topics with leaders from within their regions as well as other issues of interest.

Topic tables currently planned:
- California-Hawaii
- Mid-Atlantic
- Midwest
- Mountain West/Northwest
- New England
- Southern

1:30–2:00 PM
Room Discussion: Significant Trends and Opportunities within Your Region

2:00–3:00 PM
Panel: Leadership Transition: Moving from Peer to Boss
Featured Panelists include: Cynthia Chuang, MD, Professor of Medicine, Penn State University; Dan Hunt, MD, Director, Division of Hospital Medicine, Emory University; Eric I. Rosenberg, MD, Chief, Division of General Internal Medicine, University of Florida; Andrea Sikon, MD, Chair, Department of Internal Medicine and Geriatrics, Medicine Institute, Cleveland Clinic

Assuming a leadership role is an exciting transition but it can be fraught with challenges. Whether one is moving into a new role in the same institution or another one, there is always the potential that once peers will now have to report to you. These panelists are leaders at different stages of their leadership trajectory and will offer attendees strategies that we hope will enhance their skillset.
WEDNESDAY

3:15–4:15 PM

SGIM BOOK CLUB
Diplomat Ballroom 4, 2nd Floor, Convention Center
Discussion Facilitators: Manasa S. Ayyala, MD; Rachel B. Levine, MD, MPH; Scott M. Wright, MD. Johns Hopkins University
Book Selection: Creativity, Inc.: Overcoming the Unseen Forces That Stand in the Way of True Inspiration by Ed Catmull and Amy Wallace

Book clubs provide open forums for the exchange of ideas and opinions. Drs. Manasa Ayyala, Rachel Levine, and Scott Wright of Johns Hopkins University School of Medicine will facilitate this new event at the SGIM Annual Meeting and will guide discussion about how the viewpoints in the book relate to patient care, education, research, and leadership in general internal medicine.
SESSION C—SCIENTIFIC ABSTRACT
POSTER SESSION 2
Great Hall 4, 5, & 6, 3rd Floor, Convention Center

NEW THIS YEAR!
Join a Walk and Talk tour of Hospital-Based Medicine Posters 1–6, with short presentations by the authors and a small group discussion facilitated by Daniel P. Hunt, MD, Emory University School of Medicine.

1. Impact of Electronic Health Records Interoperability on Inter-Hospital Transfer Outcomes
   Michael G. Usher; Nishant Sahni; Dana Herrigel; Andrew Olson

2. Characteristics and Outcomes of Patients Discharged from the Emergency Department after Referral for Hospitalist Admission
   Christopher Caulfield; John Stephens; Zarina Sharalaya; Jeffrey P. Laux; Daniel Jonas; Edmund A. Liles

3. Initiation of Naltrexone for Maintenance of Sobriety in Patients Hospitalized for Alcohol Detoxification
   John Stephens; Kelly Stepanek; Edmund A. Liles; Carlton R. Moore; Daniel Jonas; Lisa M. Walston; Dianna Trudeau; James C. Garbutt

4. Predicting 30-Day Pneumonia Readmissions Using Electronic Health Record Data from the First Day of Hospitalization: Model Development and Comparison
   Anil N. Makam; Oanh K. Nguyen; Song Zhang; Bin Xie; Mark A. Weinreich; Ruben Amarasingham; Eric Mortensen; Ethan Halm

5. Validation of an Interactive Adaptive Video Module Education Platform to Teach Patients Effective Respiratory Inhaler Technique
   Colleen A. Kelly; Vineet M. Arora; John Kim; Ashley M. Snyder; David Meltzer; Steven R. White; Valerie G. Press

6. Serum Procalcitonin Aids in the Diagnosis of Bloodstream Infection Regardless of Whether Patients Exhibit the Systemic Inflammatory Response Syndrome
   James P. Campbell; Rashi Arora; Jonathan D. Kirsch; Gyorgy J. Simon; Nishant Sahni

7. Effect of Electronic Health Record Implementation on Resident Time in Hospital Patient Rooms
   Marianne Zachariah; Erin L. Duffy; Michael A. Pfeffer; Douglas S. Bell

8. Impact of Consultation on Hospital Outcomes and Resource Utilization for Patients with Acute CHF
   Syed Rafay Ali Sabzwari; Khalid Abusaada; Zoltan Varga

9. The HOSPITAL Score Predicts 30-Day Potentially Avoidable Readmissions in Conditions Tracked by CMS
   Jacques Donze; Mark V. Williams; Edmondo Robinson; Eduard E. Vasilievskis; Sunil Kripalani; Joshua Metlay; Grant S. Fletcher; Andrew D. Auerbach; Jeffrey L. Schnipper

10. Prospective Validation of the HOSPITAL Score to Predict Patients at High Risk of Unplanned Readmission
    Carole E. Aubert; Antoine Folly; Marco Mancinetti; Daniel Hayoz; Jacques Donze

11. What Makes a Medical Patient Complex in the Hospital Setting
    Baptiste Crelier; Drahomir Aujesky; Jacques Donze

12. “You Are Pulled in Two Different Directions”: The Hospitalist Perspective on Opioid Prescribing
    Susan L. Calcaterra; Anne Drabkin; Sarah E. Leslie; Reina Doyle; Steve Koester; Joseph W. Frank; Ingrid A. Binswanger

13. Effect of a Web-Based Handoff Tool and Provider Training on Preventable Adverse Events
    Stephanie Mueller; Jeffrey L. Schnipper

14. National Evaluation of Inter-Hospital Transfers
    Stephanie Mueller; Jie Zheng; Endel J. Orav; Jeffrey L. Schnipper

15. Sad White Blood Cells? The Association of Major Depressive Disorder and Mortality in Older Veterans Hospitalized for Pneumonia
    Ami DeWaters; Eric Mortensen

16. Stress Electrocardiography (ECG) versus Radionuclide Myocardial Perfusion Imaging (rMPI) among Patients Admitted for Chest Pain: How Often Are We Choosing Wisely?
    Abdulfatah A. Issak; Karishma Samtani; Jared M. Liston; Dean Bricker; Ronald J. Markert

17. Impact of Hospital Occupancy on In- and Out-of-Hospital Mortality for Older Medicare Patients
    Mahshid Abir; Rosalie J. Malsberger; Jason Goldstick; Claude Setodji; Neil Wenger

18. Hypercalcemia in In-Hospital Patients: Is it Really Under Diagnosed? A Retrospective Chart Review
    Malika Naseer; Samina Qamar

19. Metabolic Characteristics of Esophageal Carcinoma in a Veteran Population
    Teresa Ratajczak; Heidar Albandar; Parker Redlien; Sara E. Yacyshyn; Ronald J. Markert; Geetika Kumar

20. Characteristics of Esophageal Carcinoma in a Veteran Population
    Teresa Ratajczak; Heidar Albandar; Parker Redlien; Sara E. Yacyshyn; Ronald J. Markert; Geetika Kumar

21. Prior Antibiotic Use and Outcomes in Patients Hospitalized with Pneumonia
    Eric Mortensen; David Rotter

22. Oligella urethralis Infection: A Case Series and Review of the Literature
    Sreekalakshmi Panginikkod; Dima Dandachi; Venu Pararath; Gopalakrishnan; Maaman Bashir

23. Physician Education is Lacking in Inpatient Management of Acute and Chronic Pain
    Anne Drabkin; Susan Calcaterra; Ingrid A. Binswanger

    Asaad Nakhle; Kassem Bourgi; Zaid Abdelrahman; Rachna Jayaparakash; George Alangaden

Session details are online at http://connect.sgim.org/sgim16

35
25. Interdisciplinary Rounds: Improving Care Delivered to Patients
Samit Datta; Sherri Sandel; Nazish Ilyas

26. SSRIs, SNRIs or TCAs Are Not Associated with Abnormal Platelet Aggregation or Release in Vitro
Dharmesh Gopalakrishnan; Heesun J. Rogers; Paul Elson; Keith McCrae

27. Diastolic but Not Systolic Heart Failure Is Associated with Multiple Abnormalities on Platelet Aggregation Testing
Dharmesh Gopalakrishnan; Heesun J. Rogers; Paul Elson; Keith McCrae

28. Effects of a Physician-Specific Hospital Bounceback Policy to Reduce Readmissions
Nathan Moore; Emily D. Fondahn; Melvin Blanchard

29. Through the Patient’s Eyes: Identifying Risk Factors for Hospital Readmissions
Prakrati Acharya; Aliya Laeeq; Matthew Carmody; Beth A. Lown

30. Withdrawn by Author

31. Withdrawn by Author

32. Withdrawn by Author

33. Impact of Cirrhosis and HCV Coinfection on Mortality of HIV Positive Patients in the ICU
Maria A. Corcoran; Jason Goldman; Shireesha Dhanireddy; Kristina Crothers

34. Does Early Feeding Reduce Length of Hospital Stay in Acute Pancreatitis? A Systematic Review and Meta-Analysis
Valerie M. Vaughn; Dmitry Shuster; Mary Rogers; Jason Mann; Marissa Conte; Sanjay Saint; Vineet Chopra

35. Agree to Disagree—Examining Risk Assessment Convergence in the Understanding Physician Signout Risk Perceptions (UPS) Study
Jon R. Grace; Alexander Davis; Baruch Fischhoff; Jonathan Arnold; Andrew Klobuka; Emmanuelle B. Yecies; Deepika Mohan; Janel Hamner

36. Understanding Needs and Engaging Community Partners to Develop a Hospital-Based Improving Addiction Care Team (IMPACT)
Honora Englander; Christine Velez Klug; Rachel Solotaroff; Melissa B. Weimer; Alison Noice; Tim Hartnett; Ed Blackburn; Christina Nicolaides; Pen Barnes; Sarann Bielavitz; Benjamin Chan; Catherine Michalczuk; Philip T. Korthuis

37. Association of Health Literacy and Social Support with Readmission Risk
Amanda S. Mixon; Kathryn Goggins; Samuel K. Nwosu; Jonathan S. Childrcourt; Katharine Donato; Kathleen Woolridge; Frank Harrell; Ken Wallston; Sunil Kripalani

38. Got SDM? A Multimodal Intervention to Improve Shared Decision-Making during Inpatient Rounds on Medicine and Pediatric Services
Rebecca Blankenburg; Stephanie Rennke; Debbie S. Sakai; Stephanie M. Harman; Patrick Yuen; Poonam Hosamani; Lijia Xie; Lisa Shieh; Ian Chua; Adenaa Khan; Eric Huynh; Jason Satterfield; Bradford Monash

39. NPH Insulin for the Management of Glucocorticoid-Induced Hyperglycemia in Oncology Patients
Younghee Choi; Sara Butler; Leigh Boehmer; Michael Elliott; Anna Roshal; Garry Tobin

40. Pulsus Alternans an Echo of the Past
Judson Alderman; Apostolos Dallas; Katherine Shaver; Marguerite Underwood

41. Access to the VA: Which Veterans Are Seeking Primary Care Services?
Matthew R. Augustine; Karin M. Nelson; Stephan D. Fihn; Edwin Wong

42. Association between Direct Alcohol Biomarkers and Benzodiazepines during Alcohol-Related Hospitalization
Jasmim Bu; Sohaib Jamil; Regina Makdissi; Scott H. Stewart

43. Have You mET Your Patient? Performance of a Brief Bedside Assessment of Physical Function
Bonnie J. Konkowski; Hafizur Rahman; Hilary Mosher

44. An Analysis of Messages Sent Between Nurses and Physicians about Deteriorating Internal Medicine Patients to Help Identify Issues in Failures to Rescue
Robert Wu; Rachel Bierbrier; Philip Ma; Hannah Wong; Sherman Quan; Sannie Lai

45. High Rates and Low Documentation of Hospital Acquired Acute Kidney Injury in an Urban Academic Medical Center
Tanya Rudakevych; David Meltzer; Marshall Chin; Mildra R. Saunders

46. Identification of High Utilization Inpatients on Internal Medicine Services Using Trajectory Variables
Samuel O. Schumann; Marc Heinicke; Jingwen Zhang; Justin Marsden; Patrick D. Mauldin; Don Rockey; William P. Moran

47. Investigation into the “One-Size-Fits-All” Diuretic Strategy to Heart Failure Exacerbation Management: A Retrospective Study
Hirotaka Kato; Perry Fisher; Dahlia Rizk

48. Evaluation of Impact of Neuroimaging in Syncope in Predominantly Black Patients
Delamo Bekele; Agazi Gebreselassie; Yonette Paul; Daniel Larbi; Julius Ngwa

49. The Impact of Comorbidities on Development of Chronic Thromboembolic Pulmonary Hypertension after Acute Pulmonary Embolism. A 10 Year Retrospective Analysis from a Tertiary Care Facility
Fawad Virk; Shahzaib Nabi; Daryl Sudasena; George Samuel; Ayush Motwani; Aedle Arshad; Tarun Jain; Philip Kuriakose

50. LOS Outliers: A Challenging Problem for Both the Teaching and Private Non-Teaching General Medicine Services at Stanford Hospital
Jeffrey Ketchersid; Lisa Shieh; Neera K. Ahuja; Jeffrey Chi; Jason Horn

51. The Effect of Red Blood Cell Transusions on Patient Fatigue Levels
Micah T. Prochaska; David Meltzer

52. Assessing the Ability of Day Interns to Communicate their Concern of Patient Deterioration Risk to Night Interns in the Understanding Physician Signout Risk Perceptions Study
Emmanuelle B. Yecies; Alexander Davis; Baruch Fischhoff; Jonathan Arnold; Jon R. Grace; Andrew Klobuka; Deepika Mohan; Janel Hamner

53. Sex Differences in the Positive Predictive Value of Non-Invasive Stress Testing at a Community Hospital
Marianna Sargsyan; N. Ranjeeta; Quang Tung Nguyen; Shahriar Dadkhah
54. The Effect of Lipogenesis on Resected Colorectal Liver Metastases
Hinda Boutrid; Mary D. Chamberlin

55. Testing Is Only Part of the Story: Distinguishing between C. Difficile Infection and Colonization
Michele Yeung; Daniel Luger; Marcelo Mendez; Dana Mazo; Dahlia Rizk

56. Utilization of 4T Score to Determine the Pretest Probability of Heparin Induced Thrombocytopenia at Unity Hospital
Yazan Samhouri; Mohammad Telfah; Ruth Koudes; John D’Souza; Timothy Woodlock

57. Favorable Clinical Outcomes Despite Insufficient Antimicrobial Therapy in Patients with Campylobacter Fetus Bacteremia
Hiromizu Takahashi; Yuki Hirai; Kiyozumi Suzuki; Fujiko Morita; Yuki Uehara; Teruhiko Hisaoka; Toshiro Naito

58. Relationship of Echocardiographic Features with Development of Pulmonary Hypertension after Pulmonary Embolism. A 10 Year Retrospective Analysis from a Tertiary Care Facility
Ayush Motwani; Shaheen Sabi; Fawad Virk; George Samuel; Daryl Sudasesha; Adeel Arshad; Philip Kuriakose

59. Chronic Beta Blockers Use at Home Is Independently Associated with Increased In-Patient Mortality in Patients Presenting with Acute Coronary Syndrome
Yan Zhou; Junhong Gui; Khalid Abusaada

60. Role of Statins in Decreasing the Risk of Contrast Induced Nephropathy (CIN) in Patients with Diabetes and/or Chronic Kidney Disease Who Are Undergoing Coronary Angiogram
Sai Prasad Gadapa; Sree V. Pillai; Siwadon Pitukweerakul; Daniel Hart; Harvey J. Friedman

61. A National Assessment of Handoff Characteristics and their Association with Program Director and Hospitalized Patient Satisfaction
Charlie M. Wray; Stephanie Mueller; Amber Pincavage; Reshma Gupta; Saima Chaudhry; Rachel K. Miller; Linda DeCherrie; Karin Ouchida; Vineet M. Arora

62. Withdrawn by Author

63. From Seeing to Doing: Translating a Problem into Practice—Nurses’ Input into Implementing Inpatient Vision Screening
Victoria I. Moreira; Allison J. Louis; Ashley Hull; Seenu M. Hariprasad; David Meltzer; Vineet M. Arora; Valerie G. Press

64. Using the Hospital Setting to Identify and Improve Vision Needs of Inpatients with Diabetes
Allison J. Louis; Vineet M. Arora; Victoria I. Moreira; Janaki Patel; Ashley M. Snyder; Seenu M. Hariprasad; David Meltzer; Valerie G. Press

65. Envisioning Opportunities: Identifying Vision Care Needs among Inpatients with Diabetes
Janaki Patel; Vineet M. Arora; Allison J. Louis; Victoria I. Moreira; Seenu M. Hariprasad; David Meltzer; Valerie G. Press

66. How Can Clinical Practices Pragmatically Increase Physical Activity for Patients with Type 2 Diabetes? A Systematic Review
Kelsey Luoma; Ian M. Leavitt; Joel C. Marrs; Andrea Nederveld; Judith G. Regensteiner; Andrea L. Dunn; Russell E. Glasgow; Amy G. Huebschmann

67. Can Primary Care Physicians Accurately Predict the Likelihood of Hospitalization in Their Patients?
Andrew S. Hwang; Jeffrey M. Ashburner; Clemens S. Hong; Wei He; Steven J. Atlas

68. Primary Care Team Staffing and Turnover Have Stronger Association with Burnout Than Workload and Patient Complexity
Christian D. Helfrich; Joseph A. Simonetti; Walter L. Clinton; Gordon B. Wood; Leslie Taylor; Gordon Schectman; Richard Stark; Stephan D. Fihn; Karin M. Nelson

69. Deliberately Blank

70. Identifying Patient-Centered Care Teams Using Electronic Health Records Access Data and Social Network Analysis
Xi Zhu; Nengliang Yao; Vimal Mishra; Allison E. Phillips; Alan Dow; Shin-Ping Tu

71. Does Intensive Ambulatory Management of High Risk Patients Reduce Acute Care Utilization? A Pilot Study
Brook Watts; Renee H. Lawrence; Cameron Carter; Kimberley Schaub; Melissa Klein; Brigid Wilson; Susan Kirsh

Brook Watts; Renee H. Lawrence; Cameron Carter; Melissa Klein; Kimberley Schaub; Brigid Wilson; Susan Kirsh

73. Is Dual Use of VA and Medicare Diabetes Services Associated with Adverse Health Outcomes?
Thomas R. Radomski; Xinhua Zhao; Carolyn T. Thorpe; Joshua M. Thorpe; Chester Good; Maria Mor; Michael J. Fine; Walid F. Gellad

74. Coordinating VA-Based Care and VA-Purchased Care for Gynecologic Malignancies: Challenges and Best Practices
Jessica L. Zuchowskй; Joya G. Chrysal; Alison B. Hamilton; Laurie C. Zephyrin; Kristina M. Cordasco

75. Nephrology Co-Management Versus Primary Care Solo Management for Early Chronic Kidney Disease in the Elderly
Dustin S. McEvoy; Adam Wright; Shushrut S. Waikar; Jeffrey A. Linder; Lipika Samal

76. High HCV Cure Rates for Drug Users Treated at an Urban Primary Care Clinic
Julia Fleming; Meredith Steinman; Chinazo Cunningham; Alain H. Littwin; Brianna L. Norton

77. A Team-Based Approach to Population Management of Diabetic Patients in an Urban Residency Clinic
Swathi Sangli; Joseph M. Wiener; Rupa Iyengar; Iazsmin Ventura; Shaun Noronha; Adedapo Iiyomade; Suma Chandrasekaran

78. A Multifaceted Primary Care Practice-Based Intervention to Reduce ED Visits and Hospitalization for Complex Patients
Tara O’Brien; Ian Stanaitis; Noah Ivers; Pauline Pariser; Steven Friedman; Howard Abrams; Geetha Mukerji; Laura Pus; Gillian Hawker

79. Patients’ Perceptions of and Preferences for the Outpatient After-Visit Summary: A Qualitative Study
Alex Federman; Angela M. Sanchez Munoz; Lina Jandorf; Nathaniel Cohen; Michael S. Wolf; Stephen D. Persell
81. A Multicomponent Transitional Care Intervention to Improve Clinical Outcomes among Patients Being Discharged after a Heart Failure Admission: A Pilot Randomized Clinical Trial
   Kristen Reilly; Erin West; Sangmin Jung; Jennifer P. Friedberg; Sundar Natarajan

82. A Multidisciplinary Approach to Impact Acute Care Utilization among Individuals with Sickle Cell Disease
   Rhea E. Powell; David Axelrod; Elizabeth D. Pulte; Paris Lovett; Albert G. Crawford; John McAnan; Lawrence Ward

83. Patient Perceptions of Telehealth Video Primary-Care Visits
   Rhea E. Powell; Kristin L. Rising; Jeffrey Henstenberg; Grace Cooper

84. Understanding the “Why and How” of Integrating Community Health Workers into Primary Care Teams
   Kathleen T. Call; Joan Cleary; Eileen M. Harwood; Sarah T. Manser; Elizabeth A. Rogers

85. Adherence to Remote Patient Monitoring after Discharge of Hospitalized Heart Failure Patients: The Better Effectiveness After Transition—Heart Failure (BEAT-HF) randomized controlled trial
   Michael Ong; Patrick S. Romano; Sarah Edgington; Harriet U. Aronow; Andrew D. Auerbach; Jeanne T. Black; Teresa De Marco; Jose J. Escarce; Lorraine S. Evangelista; Barbara H. Hanna; Theodore G. Ganiats; Barry H. Greenberg; Sheldon Greenfield; Sherrie H. Kaplan; Asher Kimchi; Honghu Liu; Dawn Lombardo; Carol Mangione; Bahman Sadeghi; Banafsheh Sadeghi; Majid Sarrafzadeh; Kathleen Tong; Gregg Fonarow

86. Increasing Use of Home Health Care Services among Patients Admitted with Heart Failure in the United States
   Ranjan Pathak; Anene Ukaigwe; Smith Giri; Paras Karmacharya; Madan R. Aryal; Anthony Donato

87. Practices and Perspectives Surrounding Parental/Guardian Health Interventions in Pediatric Primary Care Settings
   Maya S. Venkataramani; Tina L. Cheng; Barry S. Solomon; Craig E. Pollack

88. Factors Predicting Improved Glycemic Control in Response to Behavioral Support Interventions for Poorly Controlled Type 2 Diabetes
   William S. Fuller; Judith Long

89. Using Photovoice and Asset Mapping to Inform a Community-Based Diabetes Intervention
   Nicole M. St. Omer Roy; Jana Florian; Lisa M. Quintiliani; Ve Truong; Yi Feng; Philippe P. Bloch; Zlatka Russinova; Karen E. Lasser

90. Discordance in Perceived Task Responsibility between Nurses and Primary Care Providers and Burnout in Veterans Affairs Patient Aligned Care Teams
   Samuel T. Edwards; Christian D. Helfrich; Elizabeth Hulen; Jeffery L. Williams; Walter L. Clinton; Gordon B. Wood; Greg Stewart

91. Home Based Primary Care Integrated with Supportive Services Avoids Long Term Institutionalization in Frail, Medically Complex Elders
   Christine Patterson; Peter Boling; George Taler; Jean Yudin; Karl Eric Dejonge; Bruce Kinosian

92. Supporting Medication Discontinuation: Provider Preferences for Interventions to Facilitate Deprescribing
   Amy Linsky; Mark Meterko; Kelly Stolzmann; Steven R. Simon

93. Impact of the Patient-Centered Medical Home on Patients with Depression
   Amy W. Baughman; Zhonghe Li; Mark W. Friedberg; Sara Singer; Eric Schneider; David W. Bates; Meredith Rosenthal

94. Priorities for Chronic Pain Care: Ratings from Consumer-Stakeholders in Two Texas Rural Communities Versus an Online Survey of a Population-Based Sample of Hispanics from Five Southwestern States
   Natalia Rodriguez; Melissa Valero; Paula Winkler; Jennifer Potter; Kay Avant; Jason Hill; Barbara J. Turner

95. Implementation in Urban and Rural VHA Clinics: Results from the Patient Aligned Care Team (PACT) Initiative
   Victoria Johnson; Edwin Wong; Gregory J. Schwartz; Idamay Curtis; John C. Fortney; Peter Kaboli; Stephan D. Fihn; Karin M. Nelson

96. Use of Online Crowd-Sourcing to Identify and Study Patients with Chronic Conditions: Is This Possible and Are Findings Valid?
   Veronica Yank; Sanjhavi Agarwal; Pooja Loftus; Christian Choe

97. Are Crowd-Sourced Populations Similar to United States Adults? A Comparison of Demographic and Health Data Collected from Amazon Mechanical Turk and National Surveys
   Veronica Yank; Sanjhavi Agarwal; Pooja Loftus; Steven Asch; David Rehkopf

98. Healthcare Utilization and Clinical Workload Associated with Chronic Noncancer Pain
   Joanne Bernstein; Erica M. Wozniak; Sara Koller; Audrey Ye; Cynthia Kay

99. Outpatient Management of Chronic Noncancer Pain and Predictors of a Pain Contract
   Audrey Ye; Erica M. Wozniak; Sara Koller; Joanne Bernstein; Cynthia Kay

100. Informing RCT Protocol Development by Piloting a Technology-Assisted Weight Management Intervention among Veterans within Primary Care
    Krishna F. Mateo; Natalie L. Ricci; Natalie B. Berner; Pich Seekaew; Adina Kalet; Scott Sherman; Melanie Jay

101. Facilitating Lifestyle Changes among Veterans in Primary Care: Results of Usability Testing of a Technology-Assisted Weight Management and Goal Setting Tool
    Natalie L. Ricci; Pich Seekaew; Katrina F. Mateo; Natalie B. Berner; Raymond Manalo; Scott Sherman; Melanie Jay

102. Goal Setting Processes in a Technology-Assisted Health Coaching Intervention among Veterans in Primary Care: A Qualitative Analysis
    Natalie B. Berner; Katrina F. Mateo; Natalie L. Ricci; Gail Schechter; Adina Kalet; Scott Sherman; Melanie Jay

103. Clinic Utilization in Youth and Young Adults with Chronic Illness Before and After Transfer to Adult-Oriented Care
    Laura Hart; Gary R. Maslow; Nirmish Shah; Richard J. Chung; Audrey Brown; Richard Sloane

104. Patient Perception of the Primary Care Provider Continuity Visit in an Inpatient Setting
    Barbara Ogur; Gabriel Fregoso; Adetaye Adeseye; Dana D. Im; Richard Pels; David Bor

105. A Model for a Successful Weight Loss Program in a Primary Care Clinic
    Ravena Chawla; Susan Wover; Puneet Puri; Terence Darcy; Miao-Shan Yen; Karen Stewart
THURSDAY 11:30 AM–12:30 PM Session C

106. Applying Systems Engineering to Address Complex Health Care Delivery Challenges
Vimal Mishra, Shin-Ping Tu, Joseph A. Heim, Allison E. Phillips, Richard Storch, Heather Masters

107. A Retrospective Analysis of the Impact of Weight Loss on Renal Function
Tiffany E. Schwasinger-Schmidt, Georges Elhosmy, Bobbie G. Paull-Forney, Fangjiong Dong

108. Validity of Implementing a Self-Reported Global Health Measure in a Medicare Accountable Care Organization to Predict Healthcare Utilization
Karen J. Blumenthal, Yunchao Chang, Timothy G. Ferris, Jenna C. Spirt, Christine Vogeli, Neil W. Wagle, Joshua Metlay

109. Homebound Patients’ Perspectives on Technology and Telemedicine: A Qualitative Analysis
Kristin Huang, Tracy Lu, Arash Mostaghimi

110. Hospitalization Rates for Diabetic Ketoacidosis Increase during the Transition to Adulthood
Andrea S. Christopher, David Bor, Steffie Woolhandler, David Himmelstein, Danny McCormick

111. Association of Multimorbidity and Specific Comorbidities with Polypharmacy in University Primary Care Settings
Carole E. Aubert, Sven Streit, Bruno Da Costa, Tinh-Hai Collet, Jacques Cornuz, Jean-Michel T. Gaspoz, Douglas Bauer, Drahomir Aujesky, Nicolas Rodondi

112. Deliberately Blank

113. System Attributes and User Requirements for a Chronic Kidney Disease Clinical Decision Support Tool in Primary Care
Joy Gulla, Pamela M. Neri, David W. Bates, Lipika Samal

114. Physician and Staff Perceptions after Implementing a Population Health Management Program within a Primary Care Network
Jeffrey M. Ashburner, Daniel M. Horn, Sandra OKeefe, Adrian Zai, Steven J. Atlas

115. Access to and Success with New Hepatitis C Therapy in an Urban Primary Care Center
Lesley Miller, Kristi Quairoli, Jennifer Lom, Shelly-Ann Fluker

116. Provider Response to EHR-Linked Patient-Reported Effectiveness of Diabetic Peripheral Neuropathy Treatment
Mark Lin, Richard W. Grant, Lin Ma, Alyce Adams

117. PCP Weight Loss Assistance in a Primary Care Population: Lessons Learned from Participants with Recent Intentional Weight Loss in the MAINTAIN-pc Study

CONTINUING MEDICAL EDUCATION INFORMATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Alabama School of Medicine (UASOM), and the Society of General Internal Medicine (SGIM). The UASOM is accredited by the ACCME to provide continuing medical education for physicians.

The University of Alabama at Birmingham is an equal opportunity/affirmative action institution.

CME Credit Designation
The UASOM designates this live activity for a maximum of 12.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Wednesday daytime sessions may carry additional AMA PRA Category 1 Credits™. Your total number of AMA PRA Category 1 Credits™ will depend on how many sessions you attend.

Please Note: Physicians may not apply for, nor claim, AMA PRA Category 1 Credit(s)™ for sessions in which they present; they may claim AMA PRA Category 2 Credit(s) for preparation time.

Who Should Attend?
This meeting is designed to serve the needs of general internists and other primary care and specialty physicians interested in medical education, health care delivery and policy, and clinical general medicine.

Annual Meeting Purpose
This meeting is intended to develop the professional skills of academic general internists and others interested in medical education, health care delivery and policy, and clinical general medicine. A variety of learning modalities, including lectures, workshops, and author presentations, offers attendees the opportunity to develop a personalized educational experience. Research findings, interesting clinical cases, and skill-building opportunities that address issues important to academic general medicine will be presented.

Learning Objectives
1. Compare and contrast the different strategies to implement population health management in general internal medicine clinical practice, teaching, research, advocacy, and/or leadership.
2. Apply at least one skill learned at the meeting to promote population health in clinical practice, teaching, research, advocacy, and/or leadership.
3. Identify at least one action item learned at the meeting to enhance the attendee's development as a clinician, educator, researcher, and/or administrator

Disclosure of Dual Commitments Policy
SGIM requires all presenting faculty to comply with the UASOM Policy on Financial Disclosure. All faculty members (speakers/presenters/panel participants) must complete a ScholarOne personal profile before they can be included in the submission. This personal profile is where information regarding any and all external funding is identified. SGIM will contact each presenter disclosing commercial external funding in order to resolve all conflicts of interest. CME credit will be withheld from sessions presented by those whose conflicts of interest cannot be resolved. Disclosure information is provided by SGIM to attendees in all print and electronic meeting materials. Speakers with commercial funds supporting their submission are required to disclose that relationship at the beginning of their session.

A copy of the University of Alabama School of Medicine Policy on Dual Commitments is available on the Annual Meeting website.

The Following Sessions Do Not Offer CME Credits

SGIM 2015–2016 COMMITTEES, TASK FORCES, & WORKGROUPS

Academic Hospitalist Task Force
Chair: Maria (Gaby) Frank, MD
Co-Chair: Matthew Tuck, MD, MEd
Task Force Meeting (Task Force Members Only): Thursday, May 12, 12:30–1:30 PM, Room 219, 2nd Floor Meeting Space
The SGIM Academic Hospitalist Task Force (AHTF) is the professional home for academic hospitalists dedicated to promoting scholarly activity and career development in education, research, patient care and leadership. This year the AHTF focused on:

- Academic Hospitalist Academy (AHA): The goal of this annual event is to support the career development of junior academic hospitalists as educational leaders in their institutions. Task force members continue to be involved in the planning and development of the AHA. Task force members also engage AHA graduates to bring scholarly projects along through a “mentorship to product” program.
- SCHOLAR Project: In collaboration with SHM, this project sought to understand the elements of successful academic hospitalist programs. To achieve this, we have: identified academically successful hospitalist programs based on grant funding, research presentations at SGIM and SHM national meetings, and the proportion of faculty who have been promoted. Analyzed data has been presented at both SHM and SGIM national meetings and findings are being drafted in manuscript form.
- Distinguished Professor of Hospital Medicine: Dan Hunt, MD, Professor of Medicine and Director of the Division of Hospital Medicine at Emory University, is serving as our inaugural Distinguished Professor at the SGIM Annual Meeting.

Adults with Complex Conditions Originating in Childhood Task Force
Chair: Gregg Talente, MD, MS
Co-Chair: Jennifer LeComte, DO
Task Force Meeting (Task Force Members Only): Friday, May 13, 7:00–8:00 AM, Room 320, 3rd Floor Meeting Space
The task force works to improve the care of adults and emerging adults with disabilities and complex conditions originating in childhood by increasing awareness of the needs of this population within SGIM, promoting research and advocacy for these patients, and representing SGIM in the ongoing national efforts to eliminate the well-established health care disparities this population faces. The task force has been working on a book entitled Care of the Adult with a Chronic Childhood Condition: A Practical Guide, soon to be published by Springer Science. Members of the task force represented SGIM on the steering committee for the American College of Physicians (ACP) Council of Subspecialties, Pediatric to Adult Transition Initiative in which 22 subspecialty societies are developing tools for transition for specific conditions. These tools will be revealed at the ACP16 meeting. The task force is also nearing completion of a project to transform our site on the SGIM website to become a resource for general internists to assist in the care of young adults with complex conditions of childhood.

Clinical Practice Committee
Chair: James Richter, MD
Co-Chair: James Bailey, MD
Committee Meeting (Committee Members Only): Thursday, May 12, 12:30–1:30 PM, Room 302, 3rd Floor Meeting Space
The Clinical Practice Committee helps SGIM advocate for the central role of general internal medicine in health care, supports the clinical practice of members, collaborates with other organizations to promote our discipline, and coordinates the work of SGIM’s various constituencies in advancing the practice of general internal medicine. The committee has a new focus on innovation and performance excellence in practice management to promote quality of care and professional practice life. This year the committee is working on:

- Expanding web based materials for members promoting the sharing of best practices;
- Initiating a forum series on issues of Practice Management; and
- Presenting Get Better Faster! Quality Improvement Skills for Reliable Care, on Wednesday, May 11 at 8:00 AM in Diplomat Ballroom 1, 2nd Floor, Convention Center.

Communications Committee
Chair: Joseph Conigliaro, MD, MPH
Committee Meeting (Committee Members Only): Saturday, May 14, 10:15–11:15 AM, Room 320, 3rd Floor Meeting Space
The SGIM Communications Committee focuses on efforts to develop and implement a communication strategy that makes full use of current social media. The Communications Committee works to identify and further the communications strategy of the Society, advising the Council about internal and external communications and working toward the strategic priority of improving value for SGIM members. This committee works to understand better how SGIM communicates to our members and, as such, tracks the current set of communications vehicles within SGIM, SGIM social media metrics, and the communications plans of other committees with an eye to helping promote their products through a variety of SGIM channels. Finally, the committee is discussing what presence it will have at the Annual Meeting to promote the use of different communication media and be a resource to SGIM staff.

Communications Strategic Workgroup: ProudtoBeGIM
Chair: Ann B. Nattinger, MD, MPH
Co-Chair: Brita Roy, MD, MPH
Workgroup Meeting (Workgroup Members Only): Thursday, 5:00–6:00 PM, Room 219, 2nd Floor Meeting Space
The overall purpose of this workgroup is to encourage more trainees to enter the field of GIM through the development and launch of the ProudtoBeGIM campaign. This campaign was unveiled internally to members at the 2015 SGIM National Meeting, and was launched externally in September 2015 and included well-received video, print components, and student events at participating medical schools. The effort was promoted by AAMC, ABIM, PCP, AMSA, and other organizations through social media and print outreach. The Hess Foundation, which originally funded the campaign, has generously agreed to fund phase two. The workgroup is presently engaged in planning the next campaign components which already include a Town Hall session at the SGIM Annual Meeting (Thursday, May 12, 12:30 PM, Diplomat Ballroom 2, 2nd Floor, Convention Center) and a panel discussion at the 2016 AMSA National Meeting “Career Options as a General Internist: Make a Difference!” This fall we hope to increase the...
reach of ProudtoBeGIM with monetary awards to a number of medical schools to host their own ProudtoBeGIM events in the latter part of 2016.

**Development Committee**

**Chair:** Allan Prochazka, MD  
**Committee Meeting:** Friday, May 13, 7:00–8:00 AM, Room 311, 3rd Floor Meeting Space  
The Development Committee supports the mission, goals, and programs of the Society by identifying and securing multiple sources of monetary and non-monetary support. In keeping with the established values and traditions of SGIM, the committee will develop both an organizational structure for effective fundraising and key partnerships in support of the Society. In 2015–16, this included the launch of SGIM’s new Capital Campaign to support the purchase of additional office space to expand the national office, the continuation and growth of the Career Fair at the May 2016 Annual Meeting, and a review of SGIM’s funding priorities to match the overall Society goals. The Development Committee communicates with the SGIM leadership to identify funding opportunities and trends, and to establish policies to direct our fundraising efforts.

**Disparities Task Force**

**Co-Chairs:** Eboni Price-Haywood, MD, MPH, and LeChauncy Woodard, MD, MPH  
**Task Force Meeting:** Friday, May 13, 12:00–1:00 PM, Atlantic Ballroom 1, 2nd Floor, Convention Center  
The Disparities Task Force (DTF) is committed to the professional development of its membership through diverse programming that includes mentoring and scholarly activities centered on improving the health and health care of socially disadvantaged populations. Mentoring efforts include bi-annual, distance-based mentoring calls with national experts addressing a variety of topics including career development, funding, negotiation, and work-life balance. In addition, the DTF hosts an annual mentoring panel at the national meeting that provides in-person mentoring for students, residents, fellows and junior faculty by senior DTF members. The DTF has also developed programming addressing health disparities topics of interest to the broader SGIM membership. In collaboration with the Minorities in Medicine Interest Group, the DTF will present a symposium on “The Health Impact of Racial Bias and Social Injustice” (SSE2, Thursday May 12, 3:15 PM, Atlantic Ballroom 2, 2nd Floor, Convention Center), and a workshop on “Career Paths for Vulnerable Population Health Management” (WG02, Friday, May 13, 10:00 AM, Conference Room 212, 2nd Floor Meeting Space) at the 2016 Annual Meeting. Over the past year, the DTF has developed a Social Determinants of Health Toolkit. This toolkit will be a repository of measures available to SGIM members that will guide both clinician investigators and educators engaged in scholarship addressing the social determinants of health. The DTF has identified more than 60 instruments measuring domains that include, but are not limited to, economic factors, cultural factors, health system factors, sociodemographics, psychological factors, and health outcomes.

**Education Committee**

**Chair:** Michael Rosenblum, MD  
**Co-Chair:** Stacy Higgins, MD  
**Committee Meeting (Committee Members Only):** Thursday, May 12, 8:00–9:00 AM, Room 320, 3rd Floor Meeting Space  
The Education Committee is deeply invested in the growth, success and career sustainability of clinician-educators and learners at all levels. In pursuit of these goals the committee is finalizing a toolkit for assessment of professionalism milestones in the ambulatory setting, lending guidance to the ongoing SGIM PCOR grant, reviewing and selecting the annual SGIM education award winners and collaborating with internal and external interest groups and subcommittees requiring educational expertise. Additional projects of the committee include:

- **TEACH/TEACH 201:** this successful educational certificate platform (core pre-course at the annual meeting, on-line community and selective workshop attendance) continues with the addition of the 201 course for graduates of the initial program. Members of both TEACH and TEACH 201 participate in a robust educational community.
- **Mentorship:** 100% of the Education Committee member attendees participated in the One-on-One SGIM mentorship program at the 2015 Annual Meeting. Participation is an annual expectation for Education Committee members.

**Ethics Committee**

**Chair:** Maura George, MD  
**Co-Chair:** Matthew DeCamp, MD, PhD  
**Committee Meeting (Committee Members Only):** Thursday, May 12, 5:00–6:00 PM, Room 311, 3rd Floor Meeting Space  
The SGIM Ethics Committee supports the mission of SGIM by promoting the ethical practice of general internal medicine, addressing ethical issues in clinical practice, research and health policy, and relieving moral distress caused by conflicts about such issues. The committee routinely addresses conflicts of interest within SGIM; collaborations between SGIM and other groups; and current ethical issues pertinent to the clinical and academic work of SGIM members. Many of these ethical issues have inspired subcommittees of the Ethics Committee, such as Population Health and Torture and Human Rights. Three major accomplishments this year include:

- An updated mission statement to better reflect the committee’s current activities;
- Publication of a paper to guide physicians in their practice management of VIP patients and reduce moral distress amongst interns; and
- Article publication in SGIM FORUM by the subcommittee Coalition for Kidney Care for Non-Citizens (CKCNC), which addresses the disparities in medical care of undocumented patients. Subsequently, the subcommittee developed a position statement on this topic for SGIM that was approved by Council February 2016.
GENERAL INFORMATION

Evidence-Based Medicine Task Force
Chair: M.E. Beth Smith, DO, MCR
Co-Chair: Zack Berger, MD
Task Force Meeting (Task Force Members Only): Thursday, May 12, 5:00–6:00 PM, Room 318, 3rd Floor Meeting Space
The EBM Task-Force continues to emphasize the essential need of keeping evidence at the forefront of patient care. Our efforts have focused on the evidence surrounding performance measures and the Choosing Wisely campaign. Highlights from the 2015–2016 task force projects include:

- Workshop at the Annual Meeting—Performance Measures in Population Health: Critically Appraising the Evidence (WG07, Friday, May 13, 10:00 AM, Room 317, 3rd Floor Meeting Space). Members of the task force are presenting a workshop that explores the process of performance measure development, an approach to critically appraising the measure, and a tool to facilitate a discussion with patients.
- Performance Measures from Accountable Care Organizations. The task force has reviewed the 33 ACO measures to determine transparency in linking the measure with supporting evidence. Look for the results in this year’s Scientific Abstract Poster Session 3 (Friday, May 13, 12:00 PM, Great Hall 4–6, 3rd Floor, Convention Center).
- Choosing Wisely: EBM has teamed with partners at UCLA on an ABIM supported study, “Implementation and Evaluation of a Choosing Wisely Intervention in L.A. County to Reduce Unnecessary/Potentially Harmful Care.” The task force is preparing Bottom Line summaries to use as education tools for providers and patients with the goal of reducing unnecessary use of imaging in acute low back pain and antibiotics with acute sinusitis.

Finance Committee
Chair: Martha Gerrity, MD, MPH, PhD
Co-Chair: David C. Dugdale, MD
Committee Meeting (Committee Members Only): Thursday, May 12, 8:00–9:00 AM, Room 319, 3rd Floor Meeting Space
The Finance Committee develops policies, budgets, and recommendations to the Council pertaining to SGIM’s financial affairs. This year the Finance Committee has:

- Conducted a long term financial analysis and multiyear future budget projection to identify greatest opportunities to ensure the long term financial health of SGIM;
- Thoroughly reviewed SGIM’s investment portfolio and its management to maximize the value of SGIM’s investments; and
- Created a regular meeting schedule tied to the annual budget process to facilitate budgetary “due diligence” by SGIM leadership.

Geriatrics Task Force
Chair: Lee Lindquist, MD, MPH, MBA
Co-Chair: Shahla Baharlou, MD
Task Force Meeting (Task Force Members Only): Friday, May 13, 12:00–1:30 PM, Room 319, 3rd Floor
The Geriatrics Task Force is committed to providing multiple opportunities to learn about the care of elderly patients through career development, promotion of the measurement and evaluation of geriatric competencies for medical trainees, and the promotion of clinical care, teaching, and research in the field of geriatrics. Each year the GTF facilitates geri-centric programming at the Annual Meeting, including the Distinguished Professor in Geriatrics, Update in Geriatrics, aging-research sessions, and multiple inventive workshops. This past year the GTF has also accomplished the following:

- Through a grant from the Association of Subspecialty Physicians (ASP), the GTF has created the SGIM-AMDA-AGS Consensus Best Practice Recommendations for Transitioning Patients from Skilled Nursing Facilities to the Community. The goal is to improve the safe transfer of older adults between sub-acute rehab/nursing facilities and their primary care internists, following discharge from the skilled nursing facility (SNF-PCP handoff).
- Members of the GTF have recently published a new book through Springer Science titled New Directions in Geriatric Medicine, which presents state-of-the-art geriatrics concepts for internists. Each chapter focuses on increasingly difficult clinical decisions that busy internists often encounter in caring for older adults.

Health Policy Committee
Chair: Tom Staiger, MD
Executive Committee Meeting (Executive Committee Members only): Friday, May 13, 3:00–4:00 PM, Room 319, 3rd Floor Meeting Space
SGIM advocacy promotes and supports policies that improve patient care, strengthen education and training, and promote researchers and their research in general internal medicine. The SGIM Health Policy Committee (HPC) advocates in three major areas: Fair and equitable Medicare reimbursement policies; Adequate funding for health professions training; and Support for health services research. This year the HPC has worked in the following areas:

- Provided input which substantially contributed to CMS committing in the 2016 Physician Fee Summary to developing new E/M supplemental codes to better recognize the effort involved in ongoing broad-based cognitive care.
- Developed principles for the relationship of SGIM and a newly formed Alliance of Cognitive Specialty Societies. The Alliance serves as an advocacy organization to develop and support policies that enhance the practice of cognitive medicine and is spearheaded by SGIM members.
- Engaged in multiple advocacy efforts related to work environment and fair reimbursement to help create more desirable practice environments for SGIM members.
- Assisted in successful efforts to help preserve funding for AHRQ.
- Organized SGIM Hill Day (March 8–9) for 68 participants.
- Educated SGIM members through several advocacy articles in FORUM and upcoming workshops/symposia at the Annual Meeting. The HPC is also currently working with other SGIM committees to create a new approach for multi-year career development programs and to develop an Advocacy Curriculum for residents and fellows.

Maintenance of Certification (MOC) Task Force
Chair: Eric Green, MD, MSc
Co-Chair: Deborah Kwolek, MD
Task Force Meeting (Task Force Members Only): Thursday, May 12, 11:30 AM–12:30 PM, Room 319, 3rd Floor Meeting Space
The MOC Task Force is responsible for facilitating the creation of
GENERAL INFORMATION

ABIM-approved Maintenance of Certification modules based on the work of SGIM and its committees, workgroups, task forces, and interest groups. This year the MOC Task Force has coordinated with other groups within SGIM to offer SGIM MOC modules at the SGIM national meeting, Mid-Atlantic regional meeting, and a women’s health conference hosted by the Cleveland Clinic. In addition, the task force has helped SGIM advocate for important changes in the ABIM’s MOC program.

Membership Committee
Chair: Robin Klein, MD
Co-Chair: Robert Fogerty, MD, MPH

Committee Meeting (Committee Members Only): Saturday, May 14, 10:15–11:15 AM, Room 319, 3rd Floor Meeting Space
The Membership Committee identifies and measures members’ needs, priorities, satisfaction with the Society, and viewpoints, and works with other leaders to develop and implement plans accordingly and collaborates with Council and other workgroups to devise strategies for attracting and retaining members. This year the Committee has reviewed and stratified all SGIM member products and programs based on interest by career level, career path, and benefit to member. This effort has informed subsequent organizational planning and marketing—including significant updates to the membership section of the SGIM website. The Membership Committee presented key findings and items of interest regarding the Society and the field of GIM from the 2014 Membership Survey in the SGIM FORUM and has encouraged trainee membership and both national and regional meeting attendance through the creation of regional membership toolkits and the Young Scholars in GIM Scholarship to attend the SGIM Annual Meeting.

Research Committee
Chair: Joan Neuner, MD, MPH
Co-Chair: Gail Daumit, MD

Committee Meeting (Committee Members Only): Thursday, May 12, 7:00–8:00 AM, Room 320, 3rd Floor Meeting Space
The Research Committee identifies and responds to the needs of investigators at all levels of their careers by: improving forums for investigators to present their work; stimulating young investigators, recognizing their work, and promoting them within SGIM; increasing senior investigators’ involvement in the Society; disseminating and encouraging implementation of policy statement on promotions and tenure for investigators; developing and implementing mentorship programs; informing members about research funding and training opportunities; and collaborating with the Health Policy Committee on AHRQ and VA issues. This year the committee has focused on the following:
- Development of a multi-year clinician-investigator career development workshop curriculum plan for annual meetings;
- Planning a PCORI engagement grant, which includes presentation at the 2016 Annual Meeting, and advocating for SGIM and primary care research at PCORI roundtables in Washington; and
- Supporting the young investigators’ funding website and database compendium (www.sgim.org).

UpToDate Reviewers Workgroup
Chair: Margaret Lo, MD
SGIM works in partnership with UpToDate to conduct peer reviews on chapters to provide the GIM perspective. This lead group oversees the review process and works with UTD staff to ensure the continued high quality of the program. The committee coordinates UpToDate chapter review process by SGIM member reviewers; promotes the SGIM-UpToDate program through SGIM venues; and trains reviewers and interested candidates at the SGIM Annual Meeting.

VA Task Force
Chair: Erin Krebs, MD, MPH
Co-Chair: Kristina Cordasco, MD, MPH

Task Force Meeting (Task Force Members Only): Friday, May 13, 3:00–4:00 PM, Room 320, 3rd Floor Meeting Space
The VA Task Force is responsible for coordinating VA HSR&D-sponsored symposia and other events at the SGIM Annual Meeting in partnership with VA Health Services Research and Development and Office of Academic Affiliations. This year’s VA series symposia were selected from a large and diverse group of proposals generated by a call to VA primary care physicians and health services researchers across the country. SGIM’s traditional VA Interest Group has been reorganized this year to better serve the needs of VA clinician educators. Finally, the task force continues to identify new ways to increase visibility of VA opportunities, including fellowships and career development awards, within SGIM.

Women and Medicine Task Force
Chair: Amy Gottlieb, MD
Co-Chair: Wendy Bennett, MD, MPH

Task Force Meeting (Task Force Members Only): Thursday, May 12, 7:00–8:30 AM, Room 301, 3rd Floor Meeting Space
The Women and Medicine Task Force (WAMTF) promotes women’s health and academic careers of women in medicine. WAMTF’s mission is to facilitate communication among interest groups related to women’s health, promote women’s health as a generalist issue in both clinical practice and health policy, and support the career development of academic women physicians pursuing careers in women’s health. The WAMTF has accomplished the following over the past year:
- The WAMTF selected Dr. Karen DeSalvo, Acting Assistant Secretary for Health in the U.S. Department of Health and Human Services, as the WAMTF 2016 Distinguished Professor of Women and Medicine. Dr. DeSalvo’s keynote lecture at the Annual Meeting (Thursday, May 12 at 11:30 AM in Atlantic Ballroom 2, 2nd Floor, Convention Center) will focus on her leadership role in population health as well as her career trajectory as a female general internal medicine physician and national change agent.
- Members of the task force have worked to fortify the task force’s role within SGIM to understand and respond to critical policy issues related to Women’s Health. WAMTF has clarified a system to channel inquiries about hot-button women’s health topics in order to facilitate timely responses to policy concerns when necessary, including providing two Letters of Support for HRSA applications related to national women’s health policy.
- Two task force members were invited to speak about the WAMTF Career Advisory Program (CAP) as a faculty development innovation at the AAMC’s annual conference in Baltimore, MD.
- In conjunction with the Development Committee, WAMTF created and launched a unique fundraising initiative targeting longstanding women-in-medicine champions within the SGIM community as potential donors.
