PLENARY SESSIONS

SESSION C: OPENING PLENARY SESSION
THURSDAY
9:15 AM–11:15 AM
International Center, Concourse Level

Presidential Address
SGIM at 40: Reflections on Organizational Resilience

Eileen Reynolds, MD
2016–2017 SGIM President

Dr. Reynolds is the Vice Chair for Education and Chief of the Division of General Internal Medicine and Primary Care at Beth Israel Deaconess Medical Center in Boston, and Associate Professor of Medicine at Harvard Medical School. As Vice Chair she oversees the educational programs at all levels throughout the Department of Medicine. She moved to this role after spending 13 years as Residency Program Director. In addition, she is the Faculty Director of the Linde Family Fellowship in Primary Care Leadership, an endowed year-long development program for emerging leaders. As division chief, she learns from and oversees a large faculty-resident primary care practice, a 5-hospitalwide network of hospitalists, a general medicine research section, and a growing palliative care group.

Dr. Reynolds graduated from Harvard College magna cum laude in History and Science, and received her medical degree from Harvard Medical School. She served as a house officer in primary care internal medicine at the University of California, San Francisco, and then stayed on as a faculty member. After a fellowship in General Internal Medicine at the Hospital of the University of Pennsylvania, she joined the faculty at Penn, where she served as the initial Program Director for their Primary Care Internal Medicine Residency Program. She returned to Boston and BIDMC in 2000. She has won teaching awards as a faculty member at UCSF, the Hospital of the University of Pennsylvania, and Harvard Medical School. In 2010, she won the ACGME’s Parker Palmer Courage to Teach Award.

Eileen served a 7-year term on the Residency Review Committee in Internal Medicine, including one year as Vice Chair. During her term, she chaired the committee to rewrite the program requirements that govern residency education in internal medicine. She has participated in numerous efforts of the Alliance for Academic Internal Medicine, the American College of Physicians, the American Board of Internal Medicine, and the Society of General Internal Medicine to define the future of the internal medicine and of residency training.

SESSION H: FRIDAY PLENARY SESSION
FRIDAY
8:00 AM–10:00 AM
International Center, Concourse Level

2017 Malcolm L. Peterson Honor Lecture
Empowerment and Resiliency: Engaging Physicians in the Transformation of Health Care

Vivian S. Lee, MD, PhD, MBA
Senior Vice President for Health Sciences at the University of Utah; Dean, University of Utah School of Medicine; CEO, University of Utah Health Care

Since July of 2011, Dr. Vivian S. Lee has served as Senior Vice President for Health Sciences at the University of Utah, Dean of the University’s School of Medicine, and CEO of University of Utah Health Care. In this position she is responsible for an annual budget of more than $3.3 billion; a health care system comprising four hospitals; numerous clinical and research specialty centers like the Huntsman Cancer Institute and John Moran Eye Center; a network of 11 neighborhood health centers; an insurance plan; 18 regional hospital affiliates, over 1,600 board certified physicians; and five colleges, including the School of Medicine, the Colleges of Nursing, Pharmacy, and Health, and most recently, the School of Dentistry.

A graduate of Harvard-Radcliffe College, Dr. Lee was awarded a Rhodes Scholarship and received a doctorate in medical engineering at Oxford University. Returning to Harvard Medical School, she earned her MD with honors. She completed her residency in Diagnostic Radiology at Duke, where she also served as Chief Resident. She trained as a fellow in Body and Cardiovascular MRI and Thoracic Imaging at New York University. Prior to coming to Utah, she served as the inaugural Vice Dean for Science, Senior Vice-President and Chief Scientific Officer of New York University Medical Center.

Funded by the NIH for almost 20 years, Dr. Lee was elected to the National Academy of Medicine (formerly, the Institute of Medicine) and the American Society of Clinical Investigators. She serves on the NIH Council of Councils, the Journal Oversight Committee for JAMA and the Scientific Advisory Board for Massachusetts General Hospital. She has chaired the Medical Imaging NIH study section and is a Fellow and past President of the International Society for Magnetic Resonance in Medicine (ISMRM). On the Editorial Board of leading journals in imaging, Dr. Lee has authored over 150 peer-reviewed research publications, and a popular textbook, *Cardiovascular MRR!: Physical Principles to Practical Protocols* (Lippincott, 2006). She is also a director on the boards of two publicly traded companies, Merrimack Pharmaceuticals and Zions Bancorporation.
Poethig was a Phi Beta Kappa member at the College of Wooster, a Fulbright Scholar at the University of Vienna, and has an MA with honors in public policy from the University of Chicago.

Poethig serves on the boards of the Center for Community Progress around the major issues faced by the metropolitan Chicago area. She produced the Metropolis 2020 agenda for regional leadership. As associate project director of the Metropolis Project, which was Mayor Richard Daley’s campaign to combat predatory lending, Poethig worked for policy, resource, and program development at the City of Chicago’s Department of Housing. In the late 1990s, she developed for policy development and a leading architect of the White House Council for Strong Cities and Strong Communities.

Before joining Urban Institute, Poethig was acting assistant secretary for policy, development, and research at the US Department of Housing and Urban Development. During her tenure in the Obama administration, she was also deputy assistant secretary for policy development and a leading architect of the Wooster Board of Trustees.

Poethig serves on the boards of the Center for Community Progress and the Wooster Board of Trustees.

Poethig was a Phi Beta Kappa member at the College of Wooster, a Fulbright Scholar at the University of Vienna, and has an MA with honors in public policy from the University of Chicago.

Thomas O’Toole, MD
Director, National Center on Homelessness among Veterans, Department of Veterans Affairs; Associate Professor of Medicine, Alpert Medical School, Brown University

Dr. Tom O’Toole is the director of the National Center on Homelessness among Veterans as well as national director of the Homeless Veterans Patient Aligned Care Team (H-PACT) Program for the Veterans Health Administration. He is a general internist based at the Providence VA Medical Center in Rhode Island.

He graduated from the University of California, Berkeley, went to medical school at University of California, Davis and did his residency and GIM fellowship at the University of Pittsburgh. He was subsequently on medical school faculties at the University of Pittsburgh, Johns Hopkins and Georgetown before joining the Veterans Administration in 2006 where he is also a Professor of Medicine at the Alpert Medical School at Brown University.

His research for the past 25 years has focused primarily on access to care and health care and social service needs and intervention studies for homeless and other vulnerable and disadvantaged populations.

Stephan D. Fihn MD, MPH
Division Head, Division of GIM, Professor, Departments of Medicine and Health Services, University of Washington; Staff Physician, VA Puget Sound Health Care System; Director, Office of Analytics and Business Intelligence, Veterans Health Administration

Dr. Fihn is the division head for the Division of General Internal Medicine at the University of Washington (UW). He is a general internist and a staff physician at VA Puget Sound Health Care System where he has provided primary care to veterans for more than 30 years. He received his medical training at St. Louis University and completed an internship, residency and chief residency in the Department of Medicine at UW. He was a Robert Wood Johnson Clinical Scholar and earned a master’s degree in public health at UW, where he has been on the faculty since 1979 and presently holds the rank of professor in the departments of Medicine and of Health Services. Since 1995 he has served as the head of the Division of General Internal Medicine within the UW Department of Medicine. With nearly 300 faculty, the Division supports clinical, educational and research programs throughout UW Medicine.

Dr. Fihn also serves as director of the Office of Analytics and Business Intelligence in the Veterans Health Administration. In this capacity he oversees analytics and reporting of clinical, operational and financial data for the VA health system which provides care to more than 6 million veterans.

Dr. Fihn is a past-president of SGIM who received the Robert J. Glaser Award in 2012.

All plenary session lectures are being recorded in the SGIM17 Conference Library.

SGIM TEACH CERTIFICATION
TEACHING EDUCATORS ACROSS THE CONTINUUM OF HEALTHCARE

The TEACH certificate program was developed by SGIM’s Education Committee to address the needs of junior clinician educators. The program focuses on Teaching Skills and offers quality instruction and assessment with tangible outcomes. Participants will leave the program with an interactive Teaching Portfolio to document their teaching performance and feedback obtained as well as reflections on strengths and weaknesses. Participation in the program also provides learners with life-long access to a community of medical educators. The TEACH Certificate is affordable, accessible, and can be completed in just one year. The 2017 TEACH program application is closed. The 2018 TEACH program application will open in August 2017.

RESILIENCE THROUGH MUSIC AND STORY PIANO RECEPTION

THURSDAY, APRIL 20, 2017
8:00–9:30 PM
Monroe, Concourse Level

Save the time on Thursday evening for a moving and uplifting piano performance by Rich Kogan. A graduate of Harvard Medical School and Juilliard School of Music, Dr. Kogan is a thriving psychiatrist in New York City and a renowned concert pianist who has played with Yo-Yo Ma and at Carnegie Hall. The New York Times praises his work as “eloquent, compelling, and exquisite playing.” His piano performance on Thursday will include works of Chopin explicitly to tell stories in light of resilience. This is one event at the 2017 Annual Meeting you must not miss! All attendees are welcome to attend.

SGIM’s new Leadership in Health Policy Program (LEAHP) is the first national health policy career development program of its kind. A year-long program (starting at the 2017 SGIM Annual Meeting through the 2018 Annual Meeting), LEAHP focuses on federal health policy knowledge and advocacy skills aligned with SGIM’s core missions.

LEAHP aims to accomplish the following: develop SGIM members who will become effective and active health policy advocates and local health policy experts, leaders, and teachers; offer health policy career development resources and opportunities to all SGIM members; and develop an expanding, national cadre of Health Policy Committee (HPC) members and broaden engagement in the Society’s health policy efforts.

NEW THIS YEAR—SGIM-MED TALKS!
This new session format will feature two or three 15–20-minute TED-style talks on topics of interest to our members and meeting attendees. Each of the dynamic speakers in these sessions will combine evidence and experience into a thoughtful discussion of one facet of the session topic. Our goal for this new format is to deliver impactful information in concise, engaging bursts.

THURSDAY
11:30 AM–12:30 PM
International West, Concourse Level

CUD1
SGIM-MED Talk on Resiliency & Wellness
Session Coordinator: Paul D. O’Rourke, Jr., MD, MPH, Assistant Professor of Medicine, Johns Hopkins University School of Medicine
Additional Faculty: Mark Linzer, MD, Hennepin County Medical Center; Colin P. West, MD, PhD, Mayo Clinic
Session Summary: Join us for this captivating, informative, and entertaining session with two international experts on burnout prevention! Featured speakers, Drs. Mark Linzer and Colin West, will deliver engaging TED-style talks related to the topics of resiliency, promoting wellness, and burnout prevention. If you’re not careful, you might leave the session more resilient than how you entered!

FRIDAY
12:30–1:30 PM
International West, Concourse Level

CUK1
SGIM-MED Talk on Diabetes for Generalist Clinicians
Session Coordinator: David C. Dugdale, MD, Medical Director for Care Management and Population Health, University of Washington Medicine
Additional Faculty: Dawn E. DeWitt, MD, Elson S. Floyd College of Medicine, Washington State University, Spokane Campus; Karen R. Horowitz, MD, Louis Stokes Cleveland VAMC, Case Western Reserve University School of Medicine
Session Summary: Join us for this dynamic session that will deliver the “must know” information about current diabetes practice for generalists. The featured speakers are all general internists with long and deep experience in diabetes care and education. They will cover: glycemic and non-glycemic treatment targets; comparative effectiveness of new vs traditional diabetes medications; and expanding roles for “diabetes technology” such as continuous glucose monitoring (CGM) and insulin pump therapy.

Both SGIM-MED Talk sessions are being recorded for the SGIM17 Conference Library.

8:00–8:10 AM
Welcome and Opening Remarks

8:10–9:10 AM
The Path to Zero (Burnout): ACLGIM Makes the Case for Reducing Burnout and Improving Satisfaction
Mark Linzer, MD, Director, Division of General Internal Medicine, Hennepin County Medical Center
ACLGIM has surveyed GIM divisions nationally and published baseline data in JGIM. This talk will highlight the “Zero Burnout Program” and review evidence-based interventions to reduce EMR stress, lengthen visits, move the emphasis off of RVUs, and focus on sustainability and quality.

9:10–9:40 AM
Novel Methods of Physician Practice
Elizabeth R. Trowbridge, MD, Division Head General Internal Medicine, University of Wisconsin School of Medicine and Public Health
Primary care physicians are ideally positioned to address population health care delivery, a key strategy for value based care. Alignment at multiple levels of an academic medical center is necessary to achieve these outcomes through an engaged and strong faculty pipeline. To achieve these goals, leaders at University of Wisconsin designed a novel compensation model to align faculty effort with population health delivery.

9:40–9:55 AM
Break

9:55–10:25 AM
Faculty Development Strategies
Deborah Burnet, MD, MA, Chief, General Internal Medicine, Medicine Vice-Chair for Faculty Development, University of Chicago
Realizing the maximum potential of faculty involves identifying and building upon individual strengths while aligning with institutional and societal priorities. Faculty development strategies that have strengthened the division pipeline as well as challenges and opportunities will be discussed.

10:25–10:55 AM
Fortifying Clinical Practice: No Margin, No Mission
Jeannine Z Engel, MD, FACP, Associate Professor of Medicine, Physician Advisor, Billing Compliance, University of Utah Health Sciences
Over the past decade, CMS has introduced new service codes geared toward preventive services and increasing payment for Primary Care but these codes are traditionally underutilized, to the detriment of the patients and GIM providers. This presentation will consider strategies for academic GIM divisions to take action toward increasing this particular measure of productivity.

10:55–11:15 AM
Panel: The Toolkit: Group Discussion and Panel Q&A
Deborah Burnet, MD, MA, Chief, General Internal Medicine, Medicine Vice-Chair for Faculty Development, University of Chicago
Jeannine Z Engel, MD, FACP, Associate Professor of Medicine, Physician Advisor, Billing Compliance, University of Utah Health Sciences
Mark Linzer, MD, Director, Division of General Internal Medicine, Hennepin County Medical Center
Elizabeth R. Trowbridge, MD, Division Head, General Internal Medicine, University of Wisconsin School of Medicine and Public Health

12:45–1:15 PM
An Ounce of Prevention...Strategies to Enhance Faculty Job Satisfaction and Avoid Burnout
T. Shawn Caudill, MD, MSPH, Professor and Chief, Division of General Internal Medicine and Women’s Health, University of Kentucky
Which interventional strategies are best when faculty show signs of losing job satisfaction? How effective are flexible schedules, creation of novel clinical niches, and coaching towards promotion?
WEDNESDAY

Learn more about how to recognize risks and pitfalls in managing faculty career paths and work life balance and how to develop proactive approaches to avoid them.

1:15–2:15 PM

Creating Urgency and Influencing Senior Leaders

Jeanette G. Clough, President and Chief Executive Officer, Mount Auburn Hospital

Valerie E. Stone, MD, MPH, Chair, Department of Medicine, Mount Auburn Hospital and Charles S. Davidson Professor of Medicine, Harvard Medical School

How can Division Chiefs and other physician leaders best advocate for action by senior leaders in an academic organization to combat burnout and improve physician retention and well-being? What do senior leaders perceive as most important when physicians are seeking urgent action or changes to improve the clinical environment?

2:15–2:25 PM

Break

2:25–2:55 PM

Thriving Through Transitions: Strategies for GIM through Health System Change

Mindy J. Fain, MD, Division Chief, Geriatrics, General Internal Medicine and Palliative Medicine, University of Arizona College of Medicine

The changing health system landscape creates opportunities and challenges for leaders of academic general internal medicine divisions. Even though all politics are local, there are certain broad themes, strategies to share, and specific important issues to anticipate when a large health system affiliates or acquires an academic medical center.

2:55–3:15 PM

Panel: Leadership Strategies: Group Discussion and Panel Q&A

T. Shawn Caudill, MD, MSPH, Professor and Chief, Division of General Internal Medicine and Women’s Health, University of Kentucky

Save the time on Thursday evening for a moving and uplifting piano performance by Rich Kogan. A graduate of Harvard Medical School and Juilliard School of Music, Dr. Kogan is a thriving psychiatrist in New York City and a renowned concert pianist who has played with Yo-Yo Ma and at Carnegie Hall. The New York Times praises his work as “eloquent, compelling, and exquisite playing.” His piano performance on Thursday will include works of Chopin explicitly to tell stories in light of resilience. This is one event at the 2017 Annual Meeting you must not miss!
All attendees are welcome to attend.

Late Breaking Session: Advocacy for Patient Populations Affected by Political Change  
Category: Health Policy/Advocacy/Social Justice  
Session Moderator: Zackary Berger, MD, PhD, Assistant Professor, Johns Hopkins School of Medicine and Berman Institute of Bioethics  

Additional Faculty: Marshall Fleurat, MD, MPH, Kaiser Permanente; Mark Liebow, MD, MPH, Mayo Clinic College of Medicine and Science; Nicole Redmond, MD, PhD, MPH, National Institutes of Health  

Session Summary: In this new political climate, resilience is all-important; advocacy can build hope and community while reinforcing our professionalism and commitment to patients. Participants will acquaint themselves with an advocacy topic in a breakout group of their choice coordinated by a topic expert. All participants will be provided with high-yield information about all topics. This late-breaking session will enable SGIM members to identify and engage in advocacy opportunities relevant to the current administration.  

This session does not provide CME or MOC credit hours.

RESILIENCE THROUGH MUSIC AND STORY PIANO RECEPTION
THURSDAY, APRIL 20, 2017
8:00–9:30 PM
Monroe, Concourse Level
Save the time on Thursday evening for a moving and uplifting performance of music and stories of the music and resilience of great musicians!

Richard Kogan, MD
Clinical Professor of Psychiatry at Weill Cornell Medical College
Artistic Director of the Weill Cornell Music and Medicine Program
Co-Director of the Weill Cornell Human Sexuality Program
Richard Kogan has a distinguished career both as a concert pianist and as a psychiatrist. The New York Times praised his “eloquent, compelling, and exquisite playing,” and the Boston Globe wrote that “Kogan has somehow managed to excel at the world’s two most demanding professions.”
Dr. Kogan has gained international renown for his lecture/concerts that explore the role of music in healing and the influence of psychological factors and psychiatric and medical illness on the creative output of composers such as Mozart, Beethoven, Chopin, Schumann, Tchaikovsky, Rachmaninoff, Ravel, Gershwin, Bernstein and Joplin. He has given these presentations at music festivals, medical conferences, universities and scholarly symposia throughout the world.
A graduate of the Juilliard School of Music Pre-college, Harvard College, and Harvard Medical School, Dr. Kogan completed a psychiatric residency and academic psychiatry fellowship at NYU. He has a private practice of psychiatry in New York City.
All attendees are welcome to attend.

SGIM’S 40TH ANNIVERSARY SYMPOSIUM
Learning from the Past and Preparing for the Future
Join us as we kick off a year of celebrating SGIM’s 40th anniversary! This interactive session will engage our senior and younger members in reflecting about our organization’s history and its future. Four past presidents from each decade will share a brief recollection of a memorable SGIM moment or two in the context of issues confronting the field of medicine at the time. Then attendees will brainstorm opportunities for building on SGIM’s successes (and challenges) to continue to strengthen its value to members and contributions to positively shaping our nation’s healthcare landscape. Table discussions will be facilitated by senior SGIM leaders from all regions. Associate and junior faculty members will be encouraged to sit at the tables of leaders who are “outside” of their usual SGIM network to meet and learn. Throughout the session, photos from SGIM’s archives over the years will amuse us all.

ADJOURNMENT
The Annual Meeting adjourns at 12:30 pm on Saturday.
Just a reminder—Saturday lunch is on your own!

We gratefully recognize the following for support of this meeting:
Agency for Healthcare Research and Quality
Centers for Disease Control and Prevention
CEP America
Kaiser Permanente
Veterans Affairs (VA) Health Services Research and Development Service
VA Quality Enhancement Research Initiative
And special thanks to the Hess Foundation for their sponsorship of SGIM’s ProudToBeGIM campaign.
CONTINUING MEDICAL EDUCATION AND MAINTENANCE OF CERTIFICATION

NEW THIS YEAR!
Earn up to 16.5 Continuing Medical Education (CME) AMA PRA Category 1 Credits™ and 16.5 Maintenance of Certification (MOC) points.

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Alabama School of Medicine (UASOM) and the Society of General Internal Medicine (SGIM). The UASOM is accredited by the ACCME to provide continuing medical education for physicians.

The University of Alabama at Birmingham is an Equal Opportunity/Affirmative Action Institute.

CME Credit Designation
The UASOM designates this live activity for a maximum of 16.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Wednesday daytime sessions may carry additional AMA PRA Category 1 Credits™. Your total number of AMA PRA Category 1 Credits™ will depend on how many and which sessions you attend. CME credits are not provided for poster sessions, Distinguished Professor keynote lectures, interest group meetings or participation in the SGIM book club. Physicians must complete an online CME application, identifying the specific sessions that they actually attended. All CME applications must be completed within 60 days of the last day of the Annual Meeting.

Note: Physicians may not apply for, nor claim, AMA PRA Category 1 Credit(s)™ for sessions in which they present; they may claim AMA PRA Category 2 Credit(s)™ for preparation time. AMA PRA Category 2 Credit(s)™ are self-reported.

Who Should Attend?
This meeting is designed to serve the needs of general internists and other primary care and specialty physicians interested in medical education, health care delivery and policy, and clinical general medicine.

Annual Meeting Purpose
This meeting is intended to develop the professional skills of academic general internists and others interested in medical education, health care delivery and policy, and clinical general medicine. A variety of learning modalities, including lectures, workshops, and author presentations, offers attendees the opportunity to develop a personalized educational experience. Research findings, interesting clinical cases, and skill-building opportunities that address issues important to academic general medicine will be presented.

Learning Objectives
Apply at least one skill learned at the meeting to promote physician resilience in clinical practice, teaching, research, advocacy, and/or leadership.

Compare and contrast the different strategies to organizational change in general internal medicine clinical practice, teaching, research, advocacy, and/or leadership.

Identify at least one action item learned at the meeting to enhance career development and burnout prevention as clinicians, educators, researchers, and/or administrators.

Disclosure of Dual Commitments Policy
SGIM requires all presenting faculty to comply with the UASOM Policy on Financial Disclosure. All faculty members (speakers/presenters/panel participants) must complete a ScholarOne personal profile before they can be included in the submission. This personal profile is where information regarding any and all external funding is identified. SGIM will contact each presenter disclosing commercial external funding in order to resolve all conflicts of interest. CME credit will be withheld from sessions presented by those whose conflicts of interest cannot be resolved. Disclosure information is provided by SGIM to attendees in all print and electronic meeting materials. Speakers with commercial funds supporting their submission are required to disclose that relationship at the beginning of their session.

A copy of the University of Alabama School of Medicine Policy on Dual Commitments is available on the SGIM Annual Meeting website.

ABIM MOC Statement
Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1 MOC point in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

MEALS AT THE ANNUAL MEETING
Breakfast and lunch on Thursday and Friday will be available on all three levels of the meeting space at the hotel. Grab your lunch and head to an interest group, mentoring panel, or lunch session!

Thursday Breakfast 6:45–7:45 AM
Thursday Lunch 12:45–1:45 PM
Friday Breakfast 6:45–7:45 AM
Friday Lunch 11:15 AM–12:15 PM

Join us for breakfast during the Saturday Plenary Session.
7:30–10:00 AM
International Center, Concourse Level

Special Meal Requests
On-site registrants will not have the option of special meal requests included in the registration fee. Individuals who order kosher meals and do not pick them up will be billed after the meeting for at least $125 per meal not claimed. Kosher meals are special ordered and provided by external caterers.
**GENERAL INFORMATION**

**BECOME A SGIM MEMBER TODAY!**

On behalf of all of us at the Society of General Internal Medicine (SGIM), we welcome you to join a unique network of academic and community based general internists, educators and researchers dedicated to promoting improved patient care, research, and education in primary care and general internal medicine. You can join online or download an application at www.sgim.org/membership/Join-SGIM.

As a member of the SGIM community, you will have full access to our member benefits and networking opportunities. These tools will enable you to excel in developing the necessary skill set to advance your current career path within academic general internal medicine. Some of the member benefits that might interest you include:

**Career Development**
SGIM is dedicated to providing professional development opportunities for its members, regardless of their current career level. Members can build and maintain meaningful careers through access to annual and regional meetings, mentoring programs, awards and grant opportunities, skills development programs and resources.

**Networking and Collaboration**
Networking opportunities extend from GIM Connect, SGIM’s online members-only community to the Annual Meeting, seven regional meetings, and participation in SGIM Committees, Task Forces, and Interest Groups.

**National and Regional Meetings**
A core goal of SGIM is to foster professional interaction among leading academic researchers, general internists and trainees. No matter the format or topic, SGIM regional and national meetings are peer-driven by member-based communities to help ensure members’ interests are met and best practices shared.

**Publications**
As a member, you will have access to and receive copies of publications that act as vehicles for dialogue and interaction among SGIM members and the scientific community at large. *Journal of General Internal Medicine* has been ranked #1 in impact among primary care journals according to Google Scholar’s h5 index three years in a row. If you become involved with the Society, you will quickly understand that this community’s true lifeblood is our membership and their commitment to research and providing patients with the best care available. We highly encourage you to become involved and take advantage of this opportunity to network with your fellow members and participate in any member benefits that interest you.
