

Reviewer Instructions

Round 1: Clinical Updates & Workshops

DEADLINE: Wednesday, October 12, 2021 – 12:00 PM EDT

Thank you for volunteering to peer review submissions for the Annual Meeting. Your thoughtful review and scoring will ensure SGIM provides quality peer-reviewed content at the Annual Meeting.

The **deadline** to enter your scores into the system is **12:00 PM EASTERN DAYLIGHT TIME on Tuesday, October 12, 2021. This deadline is not negotiable and will not be extended.**

BEFORE REVIEWING

Create or Update your ScholarOne™ Account

ScholarOne™ is the online submission website for the SGIM Annual Meeting.

Go online to: <https://sgim22.abstractcentral.com/>

- **New to ScholarOne™?**

Just click on the link to “Create an Account” from the menu bar at the top of the page. Enter all required information, including your responses to the questions regarding external funding.

This allows you control your personal information; how it is spelled, what degrees you hold, what institutional affiliations should be "attached" to your name. You can also set your own username and password.

- **Already in the system? Submit something into ScholarOne™ last year?**

UPDATE YOUR ACCOUNT

If your email address did not change since the last annual meeting, you will be able to log in using the same username and password as last year. You will be asked to verify all information and complete this year’s Disclosure Information.

- Did your email change since last year? Contact the SGIM Office for your Username and Password to update your account.

Asking someone to enter scores into ScholarOne™ for you? Provide your credentials (username and password) to them. They must log into ScholarOne™ as you.

Enable Pop-Up Windows in your Internet Browser

Several pages will pop-up as a new window throughout the review process. Please enable pop-up windows from ScholarOne™.

PREPARE TO REVIEW

Reread the Annual Meeting Theme, Peer Review Criteria and Rubrics:

- **SGIM 2022: Dimensions of a Generalist Career: Discovery, Equity, and Impact.** The 2022 SGIM Annual Meeting will encompass the breadth and depth of General Internal Medicine, including health services research, medical education, advocacy, and exemplary clinical care.

- **Review Criteria & Rubrics**

- [Updates](#)

REVIEWING SUBMISSIONS

STEP 1: Access Your Assigned Submissions

Once logged into ScholarOne™, click on the Review tab at the top of the screen.

Select the type of submission you are reviewing from the drop-down menu.

Read through the instructions and scroll down to the “Abstract Reviews” box

- All currently assigned submissions will appear in a list in the box.
- Click on the Control ID to open the submission in a new window.

Don't see a list of submissions for review?

This most likely means you have duplicate accounts in ScholarOne, which we can fix in just a few moments. Email annualmeeting@sgim.org or call the SGIM office immediately at 202-887-5150 or 800-822-3060. Available Monday through Friday 9 AM to 5 PM Eastern Time.

STEP 2: Recuse yourself from Reviewing due to a Conflict of Interest

SGIM suggests you recuse yourself from reviewing any submission if:

- You are a co-author or co-presenter of the submission
- The submission is one you recognize from your own institution and/or
- You have ongoing professional collaboration with the submitting author
- You have a financial or other conflict of interest with the submission, or otherwise might not be able to offer an objective review.

To recuse yourself from reviewing a submission, click on the **Conflict of Interest** box. Selecting "Conflict of Interest" will not allow you to score the abstract. Once the Conflict of Interest box is selected, the ScholarOne™ system will remove those assigned submissions from your review batch.

For submissions assigned to you and not yet reviewed and scored, ScholarOne™ will continue to send reminders to complete your reviews.

STEP 3: Read Submissions

To view submissions online, click on the Control ID link on the left to see the entire abstract. A new window will pop up with the abstract content. Please enable pop-up windows in your internet browser.

Proof

CONTROL ID: 2403162
TITLE: Remediating Unprofessional Behavior Through Simulation
ABSTRACT BODY:
Online Title (≤ 60 characters, including spaces): Remediating Unprofessional Behavior

Session summary (limit: 3,000 characters, including spaces): Unprofessional and disrespectful behaviors by faculty and senior residents can often lead to cynicism and an erosion of humanistic and professional values among medical students and junior residents. This behavior, exhibited by front line care providers and educators threatens learning, health care quality and patient safety and contributes significantly to learner mistreatment. As a result, educational accrediting bodies have placed a high priority on addressing such behaviors.

javascriptwindow.print()

To print all currently displayed submissions, use the  button. We suggest you print with **scorecard** in order to allow easier marking of scores for each criterion and entering of scores into ScholarOne™. Ignore the field on the **scorecard** that allows you to enter an overall score; which the system will automatically calculate.

To print an individual submission, click on the Control ID link on the left and click on the Print button at the top.

STEP 4: Enter Comments

To add constructive comments, click on the Control ID number. A text box will pop up in which you may communicate to the program committee your constructive comments. This is the best way to **inform the program committee** of additional information.

Wrong workshop submission category?

Report this before **October 12, 2021**. Email annualmeeting@sgim.org and please include the submission ID number. After that date, please review as best you can and click the **wrong category** button.

Categories

For SGIM22, submitting authors MUST select one primary category and one secondary category for each submission that best reflects the work.

[Category List](#)

Wrong submission type?

Comment in the text box to notify the program committee of the incorrect submission category.

For example: “not an update/workshop, this is a vignette, etc.”

STEP 5: Rate Submission Based on Review Criteria

After reading the submission, rate the information using the appropriate criteria:

[Workshops](#)

[Updates](#)

For each criteria, carefully consider the rating guidance and enter a score equivalent

How can I confirm all scores were captured?

- Scores are saved automatically as it is entered.
- To confirm scores are captured, a **green check mark** should appear in the first column next to the Control ID of each submission. If a green check does not appear, please ensure each criterion column has a score selected.
- After that, you're all done!

Thank you for reviewing Annual Meeting submissions!

Technical Support

If you have difficulty with the review process, please contact ScholarOne™ Technical Support:
