

Priyal Suneja

"I am very grateful to have received the San Diego SIM Scholarship. I am currently in the process of applying to graduate programs, and hope to pursue my PhD starting next year. This scholarship takes off a lot of financial pressure of both paying to apply to graduate school and saving up for the future. This will allow me to focus my efforts on what I love - researching and leading efforts to increase diversity in tech. Thanks to the San Diego SIM Chapter, and my interviewers, Mr Naresh Lachmandas and Dr Elazar Harel for this generous gift!"
