Do the 2018 IT Trends Survey Today – Time is Running Out!

In the nearly **four decades** since SIM began its IT Trends Study, the technology SIM members create and manage has led to remarkable changes in our organizations, as well as the lives and work of people all over the world. SIM's Study has had a ring-side seat through the eyes of SIM members to the changes in the management and leadership of IT in organizations. **We want to continue to report on these advancements, but we cannot do it without your help**. At the halfway point, **only 11% of SIM members have completed the survey** compared to a 12.8% at this time last year. We're falling behind!

To access the questionnaire, c**lick the personalized link that's been emailed to you or simply log into simnet.org and click on any IT Trends banner**. If you've already started but haven't finished yet, please do it now and help your Chapter move up in the Chapter Challenge Standings!

Chapter Challenge Standings (as of May 6th)				
	Percentage of chapter members completing the questionnaire.			
	Chapters with more than 100 members		**Chapters with 10 to 100 members**
