THE SOCIETY FOR IMMUNOTHERAPY OF CANCER (SITC) ANNOUNCES FOUR FELLOWSHIP OPPORTUNITIES.

Apply for $450,000 in Funding Opportunities to Advance your Cancer Immunotherapy Research

**2021–2023 SITC-Bristol Myers Squibb Postdoctoral Cancer Immunotherapy Translational Fellowship**
This $200,000, two-year cancer immunotherapy translational fellowship aims to provide support for an individual who has an MD, PhD, or combined MD/PhD degree with a vested interest in furthering the research and translation of cancer immunotherapy.

**2021 SITC-Amgen Cancer Immunotherapy in Hematologic Malignancies Fellowship**
This $100,000, one-year cancer immunotherapy translational fellowship aims to provide support for an individual who has a vested interest in furthering the research and translation of immunotherapeutic approaches for treating patients with hematologic malignancies.

**2021 SITC-AstraZeneca Immunotherapy in Lung Cancer Clinical Fellowship**
This $100,000, one-year cancer immunotherapy clinical fellowship aims to provide support for an individual who has an MD (or equivalent) or combined MD/PhD degree with a vested interest in furthering the research and translation of immunotherapeutic approaches for treating patients with lung cancer.

**2021 SITC-Nektar Therapeutics Equity and Inclusion in Cancer Immunotherapy Fellowship**
This $50,000, one-year fellowship award aims to provide support for an individual who has a vested interest in furthering the research and translation of cancer immunotherapy, as well as to encourage individuals from diverse backgrounds, including those from groups underrepresented in the biomedical and behavioral sciences, to pursue further studies or careers in research.

*Additional funding opportunities may be available, please check sitcancer.org/fellowships for the most up-to-date information.

Spread the Word
Please consider sharing these fellowships opportunities with colleagues who could benefit from the funding to further their cancer immunotherapy research!

Additional Benefits
Complimentary registration and travel to SITC’s 36th Annual Meeting.
