

STAY CURRENT with FDA-Approved Immunotherapy Treatments

Free for healthcare professionals, students, patients and patient advocates, the Society for Immunotherapy of Cancer (SITC) Advances in Cancer Immunotherapy™ (ACI) programs are CME-, CNE-, CPE- and MOC-certified and presented by local authorities in tumor immunology and cancer immunotherapy.

All healthcare professionals in the clinical setting, students, patients and patient advocates attend for FREE!

For full accreditation information or to register for Boston's upcoming ACI, please visit sitcancer.org/aci/boston

BOSTON ACI Program Information

Thursday, Oct. 10, 2019
3:30 – 8:20 p.m. EDT

Courtyard Boston Downtown
275 Tremont Street
Boston, MA 02116

Organizers:

Elizabeth Buchbinder, MD – *Dana-Farber Cancer Institute*
David F. McDermott, MD – *Beth Israel Deaconess Medical Center*
Virginia Seery, MSN, RN, ANP-BC – *Beth Israel Deaconess Medical Center*

Register yourself and invite a colleague to ensure your team is up to date on the latest FDA-approved immunotherapy treatments

BOSTON ACI Program Takeaways

In addition to networking with fellow colleagues, attending ACI programs will cover how to:

- Treat patients with FDA-approved immunotherapies
- Recognize common and uncommon toxicities in immunotherapy patients and provide solutions/adjustments in treatment to address them
- Interpret new clinical data supporting the use of checkpoint inhibitors, CAR T therapies, cytokines, oncolytic viruses and vaccines
- Anticipate forthcoming immunotherapy trends/treatments/trials and how they impact your patients and practices
- Employ strategies to overcome operational and reimbursement barriers to incorporating immunotherapy into your practice

Attendees will be able to connect with regional immunotherapy experts during these interactive in-person programs, in subsequent quarterly webinars and through a dedicated SITC CONNECT online community.
