

# STAY CURRENT with FDA-Approved Immunotherapy Treatments from your Office or Home

## LOUISVILLE, KY., LIVE VIRTUAL ACI PROGRAM INFORMATION

**Thursday, Dec. 10, 2020**  
3–8:30 p.m. EST

**FREE** for healthcare professionals, students, patients and patient advocates, the Society for Immunotherapy of Cancer (SITC) Advances in Cancer Immunotherapy™ (ACI) programs are CME-, CNE-, CPE- and MOC-certified and presented by local authorities in tumor immunology and cancer immunotherapy.

## LOUISVILLE, KY., LIVE VIRTUAL ACI PROGRAM TAKEAWAYS

In addition to networking with fellow colleagues, highlights of the program include:

- Interactive, virtual setting to connect with local faculty and organizers
- Learning how to treat patients with FDA-approved immunotherapies
- A deep dive into identifying and managing irAEs
- COVID-19 considerations from the speakers' direct experience
- Interpreting new clinical data supporting the use of checkpoint inhibitors, CAR T therapies, cytokines, oncolytic viruses and vaccines

Attendees will be able to connect with regional immunotherapy experts during these interactive virtual programs, in subsequent quarterly webinars and through a dedicated SITC CONNECT online community.

All healthcare professionals in the clinical setting, students, patients and patient advocates participate for FREE! For more information or to register for the Louisville, Ky., live virtual ACI, please visit [sitcancer.org/aci/louisville](https://sitcancer.org/aci/louisville)
