

# World Immunotherapy Council (WIC) Symposium

A SITC 2025 Pre-Conference Program  
Wednesday, Nov. 5, 2025 | 8 a.m.–1 p.m. ET

LEARN MORE & REGISTER AT [SITCANCER.ORG/2025](https://sitcancer.org/2025)

## About the WIC

This half-day program will bring together international investigators to highlight groundbreaking immunotherapeutic advances, with the goal of facilitating scientific exchange and networking from across the globe.

**Access the latest research in IO from across the globe including sessions on:**

- The Tumor Immune Microenvironment: Mechanisms of Suppression, Escape, and Crosstalk
- Advanced Immunotherapies: Novel Targets, Strategies, and Enhancement Engineering
- Translational Immuno-oncology: Biomarkers and New Therapeutic Insights

**Connect with over 15 representatives from like-minded societies around the world, build your international network, and meet leaders in the field of IO.**

**Become a Member of the SITC Global Community**

Visit [sitcancer.org/join](https://sitcancer.org/join) to learn more about SITC membership.
