Overview

About SITC

The Society for Immunotherapy of Cancer (SITC) is the world’s leading member-driven organization specifically dedicated to professionals working in the field of cancer immunology and immunotherapy. Established in 1984, SITC is a 501(c)(3) not-for-profit medical professional society comprised of over 3,000 influential research scientists, physician scientists, clinicians, patients, patient advocates, government representatives and industry leaders dedicated to improving cancer patient outcomes by advancing the science and application of cancer immunotherapy.

Through emphasis on high-caliber scientific meetings; dedication to education and outreach activities; focus on initiatives of major importance in the field; and commitment to collaborations with like-minded domestic and international organizations, government and regulatory agencies, associations and patient advocacy groups, SITC brings together all aspects of the cancer immunology and immunotherapy community. SITC aims to make cancer immunotherapy a standard of care and the word “cure” a reality for cancer patients everywhere.

Mission Statement

It is the mission of the society to improve cancer patient outcomes by advancing the science, development and application of cancer immunology and immunotherapy through our core values of interaction/integration, innovation, translation and leadership in the field.

Core Values

- Interaction/Integration: Facilitate the exchange of information and education among basic and translational researchers, clinicians, young investigators, patients, societies and groups sharing the mission of SITC
- Innovation: Challenge the thinking and seek the best research in the development of cancer immunotherapy
- Translation: Facilitate the transfer of cancer immunology and immunotherapy research from the bench to the clinic and back
- Leadership: Define what is new and important and effectively communicate it to all relevant stakeholders

Goals

- **Education and Scientific Exchange**: Serve as the leading resource for information and education on cancer immunotherapy
- **Professional Standards**: Set industry standards for the field of cancer immunotherapy in order to position SITC as the authority on immunotherapy of cancer
- **Global Access and Impact**: Advance the science and application of cancer immunotherapy worldwide
- **Policy and Advocacy**: Inform and influence the science and research, regulation, as well as quality of care and quality of access impacted by public policy, ensuring the patient voice is heard and recognized
- **Science and Research**: Challenge the thinking and seek the best research in the exploration and development of tumor immunology and cancer immunotherapy
Leadership Development: Cultivate the next generation of leaders and innovators in tumor immunology and cancer immunotherapy

Members
Society membership continues to grow with over 3,000 members including influential leaders engaged in cancer immunotherapy and tumor immunology such as: academicians, senior researchers, clinicians, students, government representatives and industry leaders from around the world. SITC membership also includes allied health professionals, nurses and advanced practice providers, pharmacists, patients and patient advocates.
About the SITC Annual Meeting & Pre-Conference Programs

With major developments and recent FDA approvals in the field of cancer immunotherapy, the SITC Annual Meeting & Pre-Conference Programs is the leading cancer immunotherapy conference attracting 5,000 of the brightest minds in the field. Both scientists and clinicians alike from around the globe convene annually to share data, hear the most recent advances in the field and engage in collaborative opportunities.

SITC Annual Meeting & Pre-Conference Audience
The SITC Annual Meeting audience includes U.S. and international researchers, regulators and healthcare professionals involved in cancer research and clinical care. This includes, but is not limited to basic, translational and clinical researchers; postdoctoral fellows; oncologists; registered nurses; nurse practitioners; pharmacists; payers; and other allied health professionals.

Required Information

All SITC 2020 organizers, co-chairs, faculty and presenters are required to complete and submit information in the SITC 2020 Speaker Management System. The items required and their deadlines depend on the program and your role.

Information to Complete

The SITC 2020 Speaker Management System will include the items you need to complete and their deadlines for completion. Below are all the items that you may be required to complete.

Profile, Bio and Photo
To ensure we use the correct information for communications and publications, you are required to confirm your contact information, upload a professional headshot and submit a biography. Your photo and biography should both be professional. Biographies should approximately be 300 words. Both photos and biographies may be used in program books, the meeting app and other areas pertaining to SITC 2020.

Conflict of Interest (COI) Disclosure Form
Faculty, planners and managers who affect the content of a CME/CE activity are required to disclose their own financial relationships, as well as relationships to products or devices their spouse/life partner have, with commercial interests related to the content of this CME/CE activity of any amount over the past 12 months.

Reimbursement Policy Agreement
Those eligible for reimbursement will be asked to sign and date that they agree to adhere to the reimbursement policy and information provided.

Faculty Guidelines Agreement
The faculty guidelines should be taken into consideration when creating and presenting a talk to help ensure that presentations give a balanced viewpoint to learners that is free of commercial bias. Invited faculty and presenters will be asked to sign and date that they agree to adhere to the guidelines.

Final Presentation Title
Invited faculty will be asked to provide a final title for their presentation.

Presentation Slides
Invited faculty and presenters will need to submit their PowerPoint presentation prior to SITC 2020 for review. Slides must be ‘wide screen’ (16:9 aspect ratio), include a disclosure slide, be PC compatible (preferred) and must be either a .ppt or .pptx file type.

Recording Release Agreement
All program participants will be asked if they give SITC permission to archive audio/video recording of the live presentations for enduring materials. Invited faculty and presenters will also be asked to confirm if their slides can be provided as enduring materials and to confirm copyright release.
Multiple Choice Questions
Multiple choice questions are required for faculty of the Primer on Tumor Immunology and Cancer Immunotherapy™. These questions will be used as pre- and post-test questions for your presentation. Audience members will be asked to respond live during the program using an audience response system (ARS). For faculty and presenters of all other programs, these questions are optional and will be used to enhance the enduring materials provided after the program.

Questionnaire
Meet-the-Expert Lunch experts will be required to answer questions created by the program Organizers that will be shared with program participants prior to the program.

ePoster Upload
All abstract authors selected for poster presentation are required to bring a printed poster for display in the SITC Poster Hall. However, in addition to a printed poster, they have the option to upload their poster as an ePoster. Abstract ePosters will be available during SITC 2020 to attendees. Abstract ePosters will also be posted on the SITC website for access to meeting attendees. The ePosters will be available for six (6) months after the close of the meeting for complimentary viewing by attendees and at a cost for non-attendees. After six (6) months, the ePosters will be available at no cost to non-attendees as well. Abstract ePosters will be accepted as a .pdf of 20 MB or smaller.

Handout Upload
Invited faculty and presenters can provide supplemental information by submitting a handout(s). Presentation handouts will be available during SITC 2020 to attendees. Presentation handouts will also be posted on the SITC website for access to meeting attendees. All SITC 2020 enduring materials will be available for six (6) months after the close of the meeting for complimentary viewing by attendees and at a cost for non-attendees. After six (6) months, the enduring materials will be available at no cost to non-attendees as well. Handouts will be accepted as a .pdf of 20 MB or smaller.

Required Information and Deadlines by Program and Role
Below are the items required and their associated deadlines organized by program and role. To have an assistant copied on communications to help you complete the required information, you can add their email address by logging into the Speaker Management System and adding them to “Profile, Bio and Photo.”

Reimbursement Policy

Eligibility
Program organizers, co-chairs and invited faculty are eligible for travel expense reimbursement per the SITC Reimbursement Policy provided in the SITC 2020 Speaker Management System. To view the policy and items eligible for reimbursement in the Speaker Management System, please click here and go to “Reimbursement Policy Agreement.”

In addition to travel expense reimbursement, program organizers, co-chairs, and invited faculty will also receive complimentary registration to the program(s) they organized and/or are presenting during. Pre-Conference Program organizers and faculty who work in a non-industry setting will also receive complimentary registration to the 35th Anniversary Annual Meeting. To receive complimentary registration, you must provide your discount code when registering. Your discount code can also be found in the Speaker Management System. Please click here and go to “Reimbursement Policy Agreement.”

For questions regarding reimbursement including travel expenses and complimentary registration please contact education@sitcancer.org.

Please note, Annual Meeting abstract presenters and Immunotherapy Resistance and Failure Pre-Conference Program application presenters are not eligible for reimbursement and do not receive complimentary registration.

Claiming Your Travel Expense Reimbursement
Directly following SITC 2020, those eligible for travel expense reimbursement will receive an email with instructions and a form for claiming your reimbursement. Please keep original copies of all receipts you plan to submit for reimbursement leading up to and during SITC 2020. In order to claim your reimbursement you will need to submit all receipts along with a completed reimbursement form to education@sitcancer.org.

Original receipts are necessary in order to claim reimbursement. Unfortunately we will not be able to accept the following:

- Bank Statements
- Hand-Written Receipts/Statements

Registration Instructions
To register for SITC 2020, please complete the following steps.

- **Enter Discount Code (if applicable):** If you are eligible for complimentary registration as noted above, you will need to enter that code on the first page after you are logged in. Your discount code can also be found in the Speaker Management System. Please click here and go to “Reimbursement Policy Agreement.”
- **Complete the Required Information:** You will be asked to complete your contact information, education and training, and demographics.
• **Select the Programs You Plan to Attend**: You will be asked to select the Pre-Conference Programs, Annual Meeting Sessions, and social events you plan to attend. Please be sure to register for everything you plan to attend, including the program you are participating in.

• **Submit Your Registration**: You must submit your registration to be officially registered for SITC 2020. Once you are registered, you will receive a confirmation email.

**Housing Instructions**

All individuals must be registered for the 35th Anniversary Annual Meeting & Pre-Conference Programs (SITC 2020) before reserving a hotel room. To register for SITC 2020 and reserve your hotel room, please visit the [registration page](#). Hotel reservation may be made within the registration system. Show Care Event Solutions is the official registration and housing provider for SITC 2020.

Please note, abstract presenters and presentation application presenters are not eligible for complimentary registration. Eligible program participants can receive complimentary registration and will be sent information about receiving complimentary registration from education@sitcancer.org.
Faculty and Presenter Information
Disclosure of Conflicts of Interest Requirements

Criteria for Disclosure of Conflicts of Interest
Faculty, planners and managers who affect the content of a CME/CE activity are required to disclose their own financial relationships, as well as relationships to products or devices their spouse/life partner have, with commercial interests related to the content of this CME/CE activity of any amount over the past 12 months.

Definition of Financial Relationship
Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers' bureau, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds) or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership and other activities from which remuneration is received, or expected. ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner. Contracted research includes research funding where the institution gets the grant, manages the funds and the person is the principal or named investigator on the grant. There is no minimum dollar amount for relationships.

Definition of Commercial Interest
A commercial interest is any entity producing, marketing, re-selling or distributing health care goods or services consumed by, or used on patients. Providers of clinical service directly to patients are not commercial interests (unless the provider of clinical service is owned, or controlled by a commercial interest).

Statements for Program Participants
The following statements must be adhered to by program participants (organizers, co-chairs, faculty, speakers and managers) who affect the content of the SITC 2020 programs:

Statement 1
I will not accept payments or reimbursements from a commercial interest (any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients,) for my role in the planning and delivery of this CME activity. If I am approached by a commercial interest in this regard, I will immediately notify Society for Immunotherapy of Cancer.

Statement 2
Continuing medical education consists of educational activities which serve to maintain, develop, or increase the knowledge, skills, and professional performance and relationships that a physician uses to provide services for patients, the public, or the profession. The content of CME is that body of knowledge and skills generally recognized and accepted by the profession as within the basic medical sciences, the discipline of clinical medicine, and the provision of health care to the public. If I am a
presenter, my presentation will meet these standards, and if I’m a planner, I will not approve any content that does not meet these standards. If I am a session chair and/or an abstract discussant, any contribution I make to discussion, will meet these standards.

Statement 3

Presentations that promote recommendations, treatment, or manners of practicing medicine that are not within the definition of CME, or known to have risks or dangers that outweigh the benefits or known to be ineffective in the treatment of patients are prohibited. Presentations devoted to advocacy of unscientific modalities of diagnosis or therapy are prohibited. If I am a presenter, my presentation will meet these standards, and if I’m a planner, I will not approve any content that does not meet these standards. If I am a session chair and/or an abstract discussant, any contribution I make to discussion, will meet these standards.

Statement 4

All recommendations involving clinical medicine in a CME activity must be based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients. All scientific research referred to, reported or used in CME in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection and analysis. If I am a presenter, my presentation will meet these standards, and if I’m a planner, I will not approve any content that does not meet these standards. If I am a session chair and/or an abstract discussant, any contribution I make to discussion, will meet these standards.

Statement 5

Presentations must give a balanced view of therapeutic options. Use of generic names will contribute to this impartiality. If the CME educational material or content includes trade names, where available trade names from several companies should be used, not just trade names from a single company. If I am a presenter, my presentation will meet this standard, and if I’m a planner, I will not approve any content that does not meet this standard. If I am a session chair and/or an abstract discussant, any contribution I make to discussion, will meet this standard.

Statement 6

Educational materials that are a part of this activity, such as slides, abstracts, and handouts, cannot contain any advertising, trade names, or product-group messages, or commercial interest logos. If I am a presenter, my presentation will meet this standard, and if I’m a planner, I will not approve any content that does not meet this standard. If I am a session chair and/or an abstract discussant, any contribution I make to discussion, will meet this standard.

Statement 7

The content or format of a CME activity or its related materials must promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial interest. If I am a presenter, my presentation will meet this standard, and if I’m a planner, I will not approve any content that does not meet this standard. If I am a session chair and/or an abstract discussant, any contribution I make to discussion, will meet this standard.
Statement 8

The content of the CME activity must not be influenced by any commercial interest. If I am a presenter, my presentation will meet this standard, and if I’m a planner, I will not approve any content that does not meet this standard.

Statement 9

If I participate in a non-faculty role, such as planner or reviewer, I will recuse myself from planning educational content related to my financial relationships, or alternatively, my educational content decisions will be reviewed by a planner who has no conflict of interest and who has sufficient expertise to plan this activity.

Statement 10

If I am an abstract reviewer, I will not score any abstracts of which I am an author or which I know to be from my institution. If I or my spouse/domestic partner has a financial relationship with a company engaged in producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients and whose products or services are the subject of an abstract I am reviewing, I will refrain from scoring that abstract. Additionally, I will base my recommendations for content selection solely on the mean score when I or my spouse/domestic partner have a financial relationship with a company engaged in producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients and whose products or services are the subject of an abstract I am selecting.

Faculty and Presenter Responsibilities

As faculty and/or a presenter of SITC 2020, you are expected to adhere to the following responsibilities:

- Give a presentation and/or discuss the topic requested in your invitation during your presentation and/or panel discussion time.
- Participate on occasional conference calls.
- Be responsive to SITC staff and Program Organizer/Session Co-Chair communications.
- Review and abide by the SITC Reimbursement Policy sent at the time of acceptance.

Faculty and Presenter Guidelines

Please take into consideration the following guidelines when creating and presenting your talk for this educational activity. These guidelines were created to help ensure that presentations give a balanced viewpoint to learners that is free of commercial bias.

1. Faculty will disclose to SITC all relevant financial relationships, and hereby allow SITC to disclose this information to learners in print. All disclosures must be included on a disclosure slide at the beginning of faculty presentation slides.

2. Presentations and/or content will need to be reviewed prior to the activity. Educational content and resources must be submitted in advance. Content and resources for the Primer on Tumor Immunology and Cancer Immunotherapy™ Pre-Conference Program are due Sept. 10, 2020. Content and resources for the Grant Writing Workshop are due Oct. 15, 2020. Content and resources from faculty of all other programs are due Oct. 15, 2020.
3. The content and/or presentation of the information with which you are involved, including any presentation of therapeutic options, is expected to be well-balanced, evidence-based and unbiased. It will promote quality or improvements in healthcare and will not promote a specific proprietary business interest of a commercial interest.

4. All faculty are required to load final presentation slides at least two (2) hours before the start of the program in which they are presenting (day before preferred) in the Faculty Resource Room. Due to CME review of slides, there may be a wait time for uploading your slides. Please plan accordingly. We will do everything we can to make wait times brief, but your patience with the process will be appreciated. Please bring your PC-compatible presentation on a USB drive to upload the presentation. Computer technicians will be available to assist.

5. If faculty are presenting research funded by a commercial company, the information presented will be based on generally accepted scientific principles and methods and will not promote the commercial interest of the funding company.

6. If faculty have been trained or utilized by a commercial entity or its agent as a speaker (e.g., speaker’s bureau) for any commercial interest, the promotional aspects of that presentation will not be included in any way with this activity.

7. If faculty provide recommendations involving clinical medicine, they will be based on evidence that is accepted within the medical profession as adequate justification for their indications and contraindications in the care of patients. All scientific research relating to this activity in support of a patient care recommendation will conform to the generally accepted standards of experimental design, data collection and analysis.

8. If faculty discuss specific health care products or services, they are to use generic names to the extent possible. If necessary to mention trade names, faculty will use trade names from several different companies when available.

9. If faculty discuss any product use that is off-label or investigational, they are to disclose that the use or indication in question is not currently approved by the FDA. Please state in presentations, “There will OR will not be discussion about the use of products for non-FDA approved indications in this presentation.”

10. Faculty have not and will not accept any additional honoraria, payments or reimbursements beyond that which has been agreed upon directly with SITC specific to this particular presentation for the SITC educational activity.

11. A monitor will be attending the event to ensure that all presentations are educational, and not promotional in nature.
Presentation Information

Please use the SITC 2020 presentation template which includes a title slide, disclosure slide, presentation content and a lessons and take home messages slide.

Presentation Requirements

All presentations must be in 16:9 aspect ratio. All Faculty must also have a disclosure slide in the beginning of their presentation, even if just to state that there are no relevant disclosures to the presentation. If faculty intend to discuss any product use that is off-label or investigational, they must disclose that the use or indication in question is not currently approved by the FDA. Faculty must include the following sentence on their disclosure slide: “There will OR will not be discussion about the use of products for non-FDA approved indications in this presentation.” Please use the 35th Anniversary Annual Meeting slide template for creating your PowerPoint presentation.

Onsite Requirements

- All faculty are required to load final presentation slides at least two (2) hours before the start of the program in which they are presenting (day before preferred) in the Faculty Resource Room. Due to CME review of slides, there may be a wait time for uploading your slides. Please plan accordingly. We will do everything we can to make wait times brief, but your patience with the process will be appreciated. Please bring your PC-compatible presentation on a USB drive to upload the presentation. Computer technicians will be available to assist.
- **Mac users**, please alert the SITC office in advance so that we can make the computer technicians aware of your needs.
- The Organizers/Co-Chairs of your program/session will provide a short introduction prior to your presentation and ensure that you do not exceed your allotted time.
- A faculty timer with three indicator lights will be on the podium:
  - Green means you are within the allotted presentation time.
  - Yellow means you are within the allotted Q&A time (if applicable) and have five minutes remaining. If you have not concluded your presentation and started Q&A when you see the yellow light, you should end your presentation immediately and start to take questions from the audience.
  - Red means your allotted time has ended and you must exit the stage.
- All session rooms will be equipped with a podium microphone, a slide advance, a floor mounted confidence monitor (where space allows; will only display slides, will not include notes view), LCD projector, electronic red pointer system, an AV technician who will assist with your AV needs and a program/session moderator to help keep the program/session running on time.
