

# Phoenix Convention Center Mamava Pods

Mamava is the leading expert in lactation space design that supports the 21st-century breastfeeding mama on-the-go with freestanding lactation suites, a mobile locator app, and an engaged digital community, including Phoenix Sky Harbor Airport and the Phoenix Convention Center.

- Phoenix Convention Center has two ADA-compatible Mamava Pods featuring custom designs. Our pods are located in the West Building Atrium and the 200-level of the North Building.
- Nursing moms can locate the nearest pods with the free Mamava app (available for download from the App Store for iOS and Google Play for Android users) and access them with the proprietary Bluetooth-enabled SmartLock or by contacting a Convention Center Venue Host at the Information Desk.
- The ADA pods have a 60" turnaround and include dual grab bars, a spacious bench, a fold-down table, and power outlets.
