Memorandum of Understanding (MOU) between the Western Canada Chapter, the Toronto Chapter and the Eastern Canada Chapter of the Special Libraries Association.

This Memorandum of Understanding (MOU) is entered into by and between the Western Canada Chapter (WCC), the Toronto Chapter (TO) and the Eastern Canada Chapter (ECC), all are currently chapters of the Special Libraries Association (SLA).

The chapters agree to ask their membership to vote on a proposal to petition the SLA board to merge the three chapters. Two-thirds majority of the members from each chapter who submit a ballot must vote “yes” in order for the proposal to move forward. Each chapter’s vote is separate from each other.

The chapters agree that the following conditions will apply to the merger, if it is approved:

1. The name of the merged chapter will be the Canadian Chapter / Section canadienne.

2. The scope note of the merged chapter will be:

The Chapter represents the interests of information professionals in all provinces and territories of Canada. Its purpose is to enhance the skills of its members through the provision of learning, professional development, and networking opportunities, as well as actively build awareness in the community about the value of information professionals and their organizations.

The Chapter is committed to achieving this through, but is also not limited to, professional development programs such as webinars and in-person events, employment assistance, and connection through Chapter discussion list, social media sites, and the Chapter newsletter.

3. The merged chapter will create the following regional areas which reflect the current geographical regions for the majority of Canadian members

Regional sections

a. Western – Includes the Prairie Provinces, British Columbia, and the Territories
b. Central – Includes Ontario
c. Eastern/Atlantic – Includes Quebec and the Atlantic Provinces

4. The merger will be effective January 1, 2020, following approval by the SLA board.

5. The board of the merged chapter will consist of the following elected and appointed positions.
See Appendix B for individuals who would hold these positions if the merger is effective January 1, 2020.

6. Chapter Finances

OPTION ONE: The finances of the existing are merged and each regional area will be allocated a percentage of the total membership income based on amount of current members (Similar to now except with one treasurer managing all of the funds). The challenge here might be moving money back and forth through the mail for signatures etc.

OPTION TWO: The finances of the chapter remain independent and each regional director will be responsible to work with regional treasurer’s on budgets and then feed that up to the executive for approval. This will mean that each regional area will need to maintain a treasurer which could prove difficult. Treasurer's would have to plan and work together. In this option one of the three treasurers might have to take a larger leadership role in terms of merging the three
chapter finances for audits and reporting. One idea would be to have each region rotate this responsibility.

7. Awards

Student-related awards will be maintained in the newly formed Chapter in each region.

- Western Region
  - Three 1-year student membership in SLA for students currently enrolled in either a Masters level program of library or information science or Library Technician program, and attend an educational institution in the region.

- Central Region
  - Three 1-year student memberships in SLA are awarded to the highest scoring student in the special libraries course at the regional college library technician programs.

- Eastern/Atlantic Region
  - Anne M. Galler award for 1 MLIS student at each of McGill, Dalhousie and Université de Montreal for dedication and support to special libraries or the Special Libraries Association during or outside their studies in the MLIS]

All other awards offered will be determined by the Canadian Chapter board once formed.

8. Archives

The Canadian Chapter Board will be responsible for determining the archival policies and procedures for the new chapter. The regional chapters’ archives will continue to be held as they are for the moment until the Canadian Chapter Board has been formed.
Appendix A: Proposed Language Guidelines

The parties to this MOU recognize the importance of providing materials for their members in Quebec in the French Language. Nothing will change in this regard.

The Chapter will have both a French and English version of the name. The regional websites can be linked to the main website so that the Quebec site can maintain its French content.

Any important chapter information such as budgets and minutes should be translated to ensure that materials are available in both languages.
