

- **KM Institute's Showcase**, Arlington VA - March, 2020 ([link](#)). I went last year, it was a great event, they have a great lineup of speakers.
- **Midwest KM symposium**, Cincinnati, OH - April 2020 ([link](#)). This is a small, volunteer-run event. I have gone to this for the past two years, and they cultivate a tight-knit community of KM practitioners. And even though it started out as a Midwest-oriented event, it attracts people from all over the US.
- **APQC Conference**, Houston, TX - April/May 2020 ([link](#)). I have never been to this one, but I have heard good things about it.
