FEDLINK ended FY13 with a 4.8% increase in revenue. This is the highest revenue increase in the past five years and it's due to our FEDLINK customers and vendors.

Many of the Librarians believe the completed paperwork constitutes payments. A number of payments require DFAS to complete the iPAC, or DFAS to accept the iPAC. In many cases, this is not being done. We have started providing information to a number of members, and to a number of them it is surprising that the actual payment has not occurred. I would recommend as a process of their normal annual closeout, they contact the Membership Services Group and ensure payment has been made.
