Puzzle/Game Night with Dessert (Wilson Room), *sponsored by Bureau van Dijk*

WEDNESDAY, 11 DECEMBER: *ENGAGED*

MLTW Programming Support, Day 2, *sponsored by Wolters Kluwer*

MLTW Venue Support, Day 2, *sponsored by Wiley*

MLTW Technology Support, Day 2, *sponsored by SPIE Digital Library*

Desired Outcome: Attendees will learn from and be able to apply effective practices currently used in peer institutions within the military library community to effectively engage users with existing resources, technology, and techniques.

Method: Provide programming that fosters a deeper understanding of the state of military librarianship with its focus on connecting relationships to build applicable targeted products and services for our user communities.

7:30a-5:30p

Registration

7:30a-8:30a

Networking Breakfast, Info-Expo Area, sponsored by Clarivate Analytics

8:30a-8:45a

Administrative Announcements

8:45a-9:15a

Demonstrating Value of Federal Libraries **Ms. Julie Arrighetti**, Chief Librarian, U.S. Department of State “Ms. Arrighetti discusses an ongoing Federal Library Leadership Working Group project that offers guidance on effectively demonstrating the value of libraries to senior leadership with pertinent metrics and communicating analysis results.”

9:15a-10a

Using GIS to Enhance Historical Maps **Dr. Paulette Hasier**, Library of Congress “LC’s Geography & Map Division increased efforts to include more data visualization, geospatial tools, and content to support customers. The efforts centered on historic data and maps, creating visualizations to present more meaningful and engaging information. Dr. Hasier worked with a USAF military historian using GIS to discover hidden meaning and enhance situational awareness of historic maps. She showcases how librarians can work with users to deploy new technologies and enhance services.”

- 3:30p-4:30p** *DOD Access to and Use of Publicly Accessible Information* **Ron Joe**, U.S. Army Special Operations Command and **Molly Goldston**, US Army John F. Kennedy Special Warfare Center “Librarians are Subject Matter Experts on access and use of PAI. PAI access and use in DoD Dir. 3115.18 is a chance to [raise] our engagement with patrons, leadership, and professional community.” He discusses PAI and Librarians’ role and contributions.” *Podcasts: Technical Development* “**Jason Palma**, **USMC LTC** (ret.), Marine Corps University’s ‘Eagles, Globes, and Anchors’ podcast cohost, and **Stephani (Nia) Rodgers**, Public Affairs Librarian of Virginia Commonwealth University and VCU’s ‘Civil Discourse’ podcasts cohost, share their insights on the TECHNICAL aspects of podcast creation – getting started, recording, editing, hosting, best practices, lessons learned, etc. Get your creative juices flowing as they explore the nuts and bolts that bring a podcast to your device.”
- 4:30p-5:30p** *DNA Identification Lab Project Overview* **Jennifer Vallee** and **Dr. Tim McMahon**, DoD DNA Operations “Speakers give a program overview and impact, address information mechanics, and challenges unique to this setting.” *Podcasts: Content Development* “Podcasters **Stephani (Nia) Rodgers** and **Dr. John Aughenbaugh**, Virginia Commonwealth University; and U.S. Army War College’s War Room masterminds as they discuss content development, audiences, and building connections and partnerships. Look forward to creating a podcast with valuable, respected content for your communities.”
- 6:30p-7:45p** Pre-Dinner Networking, sponsored by **Elsevier**
- 7:45p-8:30p** Monument View Room Dinner Venue, sponsored by **EBSCO** *Unraveling the Flag: Iwo Jima and the Struggle for Historical Truth* **Dr. Breanne Robertson**, U.S. Marine Corps History Division “The WWII photo of the American flag being raised on Iwo Jima's Mt. Suribachi was iconic. Its place in American history and popular culture were cemented. However, the flag raisers' stories and identities were less concrete. After major research by impartial panels in 2016, the Marine Corps revised its official line-up of the flag raisers. Dr. Robertson was on the panels reviewing this image. She discusses her work, which contended with the ways history is captured and reconstructed, and how meaning and remembrance forms—and reforms—over time. Her presentation sheds light on the challenges facing scholars before, during, and after the Marine Corps decision to revise the flag raisers line-up.”

THURSDAY, 12 DECEMBER: *EVOLVING*

MLTW Programming Support, Day 3, *sponsored by Insignia Software*
