- 11:15a-12p** Sponsor 2-Minute Showcase, Part 1
- 12p-1:15p** Lunch Break, Info-Expo Area, *sponsored by* **WT COX Information Systems**
- 1:15p-2p** Sponsor 2-Minute Showcase, Part 2

- 2p-3p** *Trust, Facts and Democracy* by **Mr. Lee Rainie**, Pew Institute “He discusses Pew's efforts to explore public perceptions and reactions regarding information veracity. The program includes findings related to declining institutional trust, increasing challenges tied to misinformation, and the ways about trust are linked to public attitudes about democracy.”
- 3p-3:30p** Break, Info-Expo Area, *sponsored by Taylor & Francis*
- 3:30p-4p** *FEDLINK* **Laurie Neider**, Library of Congress “Personnel provide overviews of key functionality and new initiatives; spotlight services and vendors available to eligible federal libraries as well as direction on procedures and policies to make optimal use of FEDLINK personnel and services.”
- 4p-4:45p** *FedRAMP* **Dylan Sundy** “Government-wide program provides a standardized approach to security assessment, authorization, and continuous monitoring for cloud products and services. Impacts DOD libraries as they identify, acquire, and use cloud-based IT systems, products, and services. Representatives offer a status update and field questions on impacts and integration into library operations.”
- 4p-5p** **FEDLINK and Exhibitors, Ballroom C**
- 5p-5:30p** Lightning Round: Military Library staff brief, via 3-minute overviews, on major projects and initiatives in their respective organizations.
- 6:30p-end** No-Host Dine Arounds
- 8:30p-10p** Puzzle/Game Night with Dessert (Wilson Room), *sponsored by Bureau van Dijk*

WEDNESDAY, 11 DECEMBER: *ENGAGED*

MLTW Programming Support, Day 2, *sponsored by Wolters Kluwer*

MLTW Venue Support, Day 2, *sponsored by Wiley*

MLTW Technology Support, Day 2, *sponsored by Spie Digital Library*

Desired Outcome: Attendees will learn from and be able to apply effective practices currently used in peer institutions within the military library community to effectively engage users with existing resources, technology, and techniques.

Method: Provide programming that fosters a deeper understanding of the state of military librarianship with its focus on connecting relationships to build applicable targeted products and services for our user communities.

- 7:30a-5:30p** Registration
- 7:30a-8:30a** Networking Breakfast, Info-Expo Area, *sponsored by Clarivate Analytics*
- 8:30a-8:45a** Administrative Announcements
- 8:45a-9:15a** *Demonstrating Value of Federal Libraries* **Ms. Julie Arrighetti**, Chief Librarian, U.S. Department of State “Ms. Arrighetti discusses an ongoing Federal Library Leadership Working Group project that offers guidance on effectively demonstrating the value of libraries to senior leadership with pertinent metrics and communicating analysis results.”
- 9:15a-10a** *Using GIS to Enhance Historical Maps* **Dr. Paulette Hasier**, Library of Congress “LC’s Geography and Map Division increased efforts to include more data visualization, geospatial tools, and content to support customers. The efforts centered on historic data and maps, creating visualizations to present more meaningful and engaging information. Dr. Hasier worked with a USAF military historian using GIS to discover hidden meaning and enhance situational awareness of historic maps. She showcases how librarians can work with customers to deploy new technologies and enhance services.”
- 10a-10:30a** Break, Info-Expo Area, *sponsored by Ex Libris*
- 10:30a-12p** *Adapting Evolving Technologies in Federal Sci/Tech Libraries* **Philip Ip**, HECSA; **Catrina Whited**, NGIC; **Barbie Keiser**, independent consultant “Panel of representatives from multiple departments on training or upskilling requirements in each specialty area.”
- 11:30a-1:30p** Local Area Librarians invited to Info-Expo Area
- 12p-1:30p** Lunch Break, Info-Expo Area, *sponsored by Gale/Cengage Learning*

Program A: General/Conceptual

Program B: Training

- 1:30p-2:30p** *Metric Aggregation and Organizational Value* **Dr. Mohan Ramaswamy**, National Defense University “NDU metrics aggregation to assess value.” *DTIC Training* “Session focuses on information and topics useful in daily library work. DTIC answers questions, addresses scenarios, and demonstrates search strategies. Topics include: (1) DTIC holdings and sources; (2) Corporate Codes to find items from institutions; (3) DTIC online communities; (4) review of the Student Portal, webinars, blogs; (5) military libraries marketing DTIC holdings and tools to patrons as part of PME; (6) future vision and goals.”
- 2:30p-3p** *U.S. Army Heritage and Education Center Digitization Project* **Geoffrey Mangelsdorf**, Army Heritage and Education Center *STINFO* **LaDona Kirkland** “A condensed 3-day course into a 30-minute power session on policy, Distribution Statements, and public search.”
- 3p-3:30p** Break, Info-Expo Area, *sponsored by NewsBank*
- 3:30p-4:30p** *DOD Access to and Use of Publicly Accessible Information* **Ron Joe**, U.S. Army Special Operations Command, and **Molly Goldston** US Army John F. Kennedy Special Warfare Center “Librarians are Subject Matter Experts on access and use of Publicly Available Information. Access to and use of PAI in DoD Directive 3115.18 is an opportunity to [raise] our engagement with patrons, leadership, and professional community.” He discusses PAI and Librarians’ contributions and role.” *Podcasts: Technical Development* “**Jason Palma, USMC LTC** (ret.), Marine Corps University’s ‘Eagles, Globes, and Anchors’ podcast cohost, and **Stephani (Nia) Rodgers**, Public Affairs Librarian of Virginia Commonwealth University and VCU’s ‘Civil Discourse’ podcasts cohost, share their insights on the TECHNICAL aspects of podcast creation – getting started, recording, editing, hosting, best practices, lessons learned, etc. Get your creative juices flowing as they explore the nuts and bolts that bring a podcast to your device.”
- 4:30p-5:30p** *DNA Identification Lab Project Overview* **Jennifer Vallee** and **Dr. Tim McMahon**, DoD DNA Operations “Speakers give a program overview and impact, address information mechanics, and challenges unique to this setting.” *Podcasts: Content Development* “Podcasters **Stephani (Nia) Rodgers** and **Dr. John Aughenbaugh**, Virginia Commonwealth University; and U.S. Army War College’s War Room masterminds as they talk about content development, your audience, and building connections and partnerships. Look forward to creating a podcast with valuable, respected content for your communities.”
- 6:30p-7:45p** Pre-Dinner Networking, *sponsored by Elsevier*
- 7:45p-8:30p** Potomac View Room Dinner Venue, *sponsored by IHS Markit* *Unraveling the Flag: Iwo Jima and the Struggle for Historical Truth* **Dr. Breanne Robertson**, U.S. Marine Corps History Division “The WWII photo of the American flag being raised on Iwo Jima’s Mt. Suribachi was iconic. Its place in American history and popular culture were cemented. However, the flag raisers’ stories and identities were less concrete. After major research by impartial panels in 2016, the Marine Corps revised its official line-up of the flag raisers. Dr. Robertson was on the panels reviewing this image. She discusses her work, which contended with the ways history is captured and reconstructed, and how meaning and remembrance forms—and reforms—over time. Her presentation sheds light on the challenges facing scholars before, during, and after the Marine Corps decision to revise the flag raisers line-up.”

THURSDAY, 12 DECEMBER: *EVOLVING*

MLTW Programming Support, Day 3, *sponsored by Insignia Software*

MLTW Venue Support, Day 3, *sponsored by Wiley*

MLTW Technology Support, Day 3, *sponsored by JoVE*

MLTW Poster Sessions Support, *sponsored by Royal Society of Chemistry*

Desired Outcome: Attendees will gain an understanding of current information and data analysis research and development techniques that are designed to enable the military library community to more effectively accomplish near-term opportunities and challenges, and continue to improve their effectiveness both individually and at institutional levels.

Method: Provide programming that illustrates innovations and incremental changes to individual roles as well as within the world of information science.
