**we need a tshirt, "I survived the keynote disaster
of 09"**

**it's awesome in the "I don't want to turn away
from the accident because I might see a severed
head" way**

**too bad they took my utensils away w/ my plate.
I could have jammed the butter knife into my
temple.**

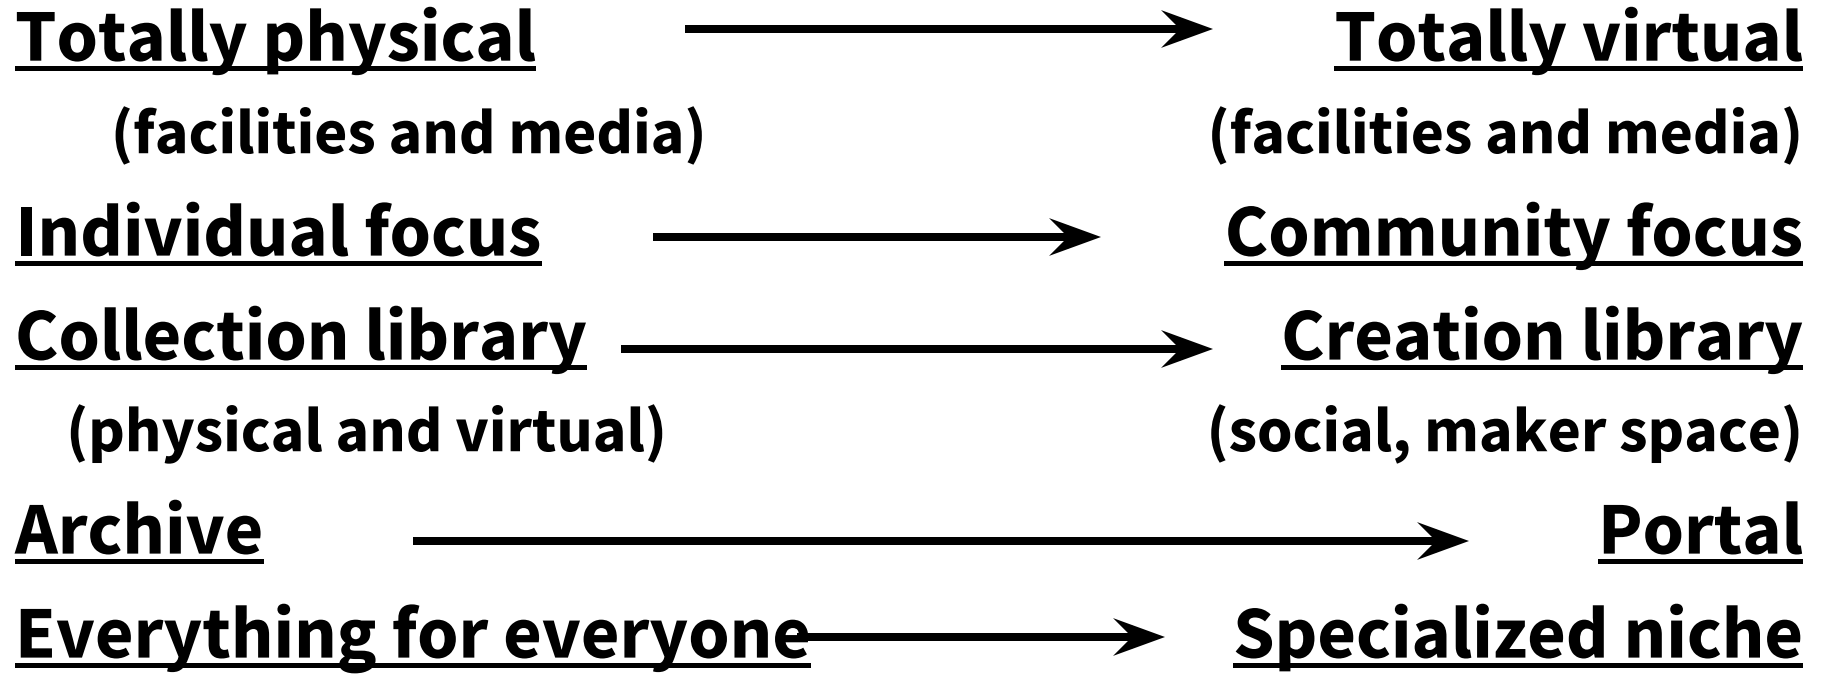

The next library will be built around 5 new insights

- 1. People seek personal enrichment and entertainment in new ways**
 - 2. People seek knowledge and reference expertise in new ways**
 - 3. Some groups especially need and want access to technology through trusted institutions**
 - 4. Learning is a social process**

What we've learned as we did our research
<http://www.pewinternet.org/topics/libraries/>

- **People think libraries are important, especially for communities**
- **People like and trust librarians**
- **People think libraries level of the playing field for those without vast resources**
- **People believe libraries have rebranded themselves as tech hubs**
- **People still read books**
