I. OVERVIEW

ABOUT CHAPTER PRACTICES

Chapter Practices documents SLA New England Chapter operations. It outlines roles, responsibilities, and processes for all chapter leaders. It also serves to outline the relationship between the chapter (aka unit) with other chapters, divisions, association staff, and association appointed/elected leaders.

SLA NEW ENGLAND CHAPTER HISTORY

SLA New England (originally known as SLA Boston) was first established in 1910 and is the oldest chapter in SLA. The chapter represents Vermont, Maine, New Hampshire, Massachusetts, and Connecticut with the exception of Fairfield County. In 2011, the chapter changed its name from SLA Boston to SLA New England. In 2010, the chapter celebrated its centennial birthday. For the event, Ruth Seidman prepared a SLA Boston Centennial History document. As of 2017, the chapter has been the home chapter to 12 SLA Presidents. ADDITIONAL RESOURCES: Lists of Past Chapter Officers | Past Meeting Minutes

SLA NEW ENGLAND CHAPTER TRADITIONS

Annual Business Meeting is held in November/December, and oftentimes it has been a catered, dinner meeting. Members may attend the business meeting portion free of charge in person or participate via conference call/web. This meeting:

- introduces newly elected Executive board members to the chapter
- provides members with a summary of chapter events during the year
- recognizes chapter award winners,
- outlines incoming President’s vision for the new term
- any votes on changes to chapter bylaws

Day on the Job (DOT): Since 1980, the chapter has organized an annual program called Day On the Job (DOT)). The program is a networking opportunity for LIS students to connect with library and information professionals typically at their workplaces. The program allows students to learn more about special libraries.

Annual Conference: Over the years the chapter has offered stipends to students and members to attend the annual conference. In addition, the chapter has held a chapter get-together at the conference and since 2015 has co-sponsored the East Coast Reception with other chapters (notably SLA DC and SLA NY).

Fall Programming: For many years, the chapter hosted a “Fall Social” in September to facilitate everyone getting back together after the summer. In recent years, the chapter has held a Fall Conference to support professional development and networking. Typically, this conference is held at a location central to all members.

Annual Conference Stipends: Over the years, the chapter has awarded the following annual conference stipends: Student Stipend, Diversity Leadership, Professional Development, and Chapter Leadership.

Awards: Each year the chapter awards honor outstanding members. Award description and list of recipients are available at http://newengland.sla.org/member-benefits/awards

III. **EXECUTIVE BOARD**

- Adheres to all Association Chapter Leadership Deadlines and Responsibilities
- Thorough understanding of governing documents and description of his/her role in this document.
- The Executive Board shall hold a minimum of one meeting annually. Executive board members should make every effort to attend meetings and if unable to attend provide a status report to President prior to meeting. Additional meetings may be held by call of the President, or upon request of another board member. A majority of board members in office shall constitute a quorum for the transaction of business at any meeting of the Board.
  - **NOTE:** Members of the Advisory Board should participate in all Board meetings except for those called by the President as Executive Session meetings for discussing confidential or sensitive information.

**Voting**

As a practice, Boards are encouraged to have conference calls and meetings that include the Executive and Advisory Boards, in which topics are discussed and consensus reached. Federal law and liability concerns require that voting be restricted to members of the Executive Board. Advisory Board (non-elected officials) should certainly provide input and recommendations, and there should be opportunities to hear from all sides, but Advisory board members cannot have voting rights that could, in effect, override the vote of elected board members. The President votes in case of a tie. Electronic votes conducted via email or conference call are to be recorded by the Secretary at the next Board meeting.

1. **Electronic Voting**

As SLA chapters are not separately incorporated but rather are merely subdivisions of a single legal entity -- SLA, a New York not-for-profit corporation -- their Boards and memberships are not governed by the requirements and restrictions contained in the New York Not-for-Profit Corporation Law relating to voting and other governance matters. Only SLA’s Board of Directors, certain committees of the SLA Board, and SLA’s membership (when voting as an entire membership) are governed by these requirements and restrictions. Consequently, SLA’s chapters and divisions are free to institute whatever governance procedures they choose, including all forms of electronic voting.

2. **Voting Procedure**

- Call for a motion – President asks ‘Is there a motion?”
  - EX. Is there a motion to approve the 2012 Strategic Plan as presented?
- Motion – Someone on the board moves, describing the motion
  - EX. I move that we approve the 2012 Strategic Plan as presented.
  - EX. So moved
- Is there a second? / I second – President asks for a second to the motion. In some cases, someone will second the motion without being asked.
  - EX. Is there a second. Someone (not the President or person who made initial motion) seconds.
  - EX. I second the motion.
- All in favor say Aye/Yea –President asks.
  - EX/ Aye. Yes. Yea.
- All opposed say No/Nay—President asks.
  - EX. No/Nay
- Any abstain? –President asks
  - EX. I abstain
- Motion is passed/rejected. –President tallies votes and determine if the motion is approved or rejected.

VI. Policies

Annual Conference Stipends

- Chair(s) providing an annual conference stipend may decide if the recipient will receive a check prior to the annual conference to cover costs or provide receipts post-conference to the Treasurer for reimbursement.
- As approved by the Association's Board of Directors (April 2017), stipend recipient can pay the annual conference early bird rate, regardless of stipend notification date.

VII. Unit Structure

Governing Documents

A Governing Document consistent with the bylaws of the Association may be created or amended. Model Unit Governing Documents and copies of other Units’ governing documents can be requested from the Association office or from the Units themselves. Additionally, the Association bylaws are available on the Association website.

Procedures for Amending the Unit's Governing Document

The following steps must be completed in the order with which they are presented in order to amend the Unit’s Governing Document:

1. At least six months prior to the Unit business meeting, send the proposed Governing Document to the Chair of the Association Joint Governance and Bylaws Committee for review, comment and approval.

2. Submit to the Unit’s executive board for approval. Amendments may be proposed by the executive board, governance committee or 15 members of the Unit. Proposals originating in the executive board or in the Unit committee concerned with governance shall be approved by a majority vote of the Unit’s board before submission to the members. Proposals originating by membership petition shall be submitted in writing to the executive board and shall be presented to the members with the recommendations of the board.

3. Present Governing Document revisions to Unit membership for approval in accordance with the current Unit Governing Document. These governing documents may be amended by a two-thirds vote of the members present at any Unit meeting.

4. If significant amendments are proposed to the Governing Document after it has been reviewed by the Association Joint Governance and Bylaws Committee, it is important to continue consultation with the Chair of the Committee in preparation for final approval.

5. After membership approval, Unit Leader must sign and date two originals of the complete text of the newly approved Governing Document.

6. Send both copies of the signed complete text to the Chair of the Association Joint Governance and Bylaws committee.
Committee with space for signature and date on the last page. One signed original will be returned to the Unit.

7. Original signed copy retained in Unit”s SLA Connect community.

8. Copies showing both signatures are sent to: Association Unit Leadership Department; Unit Cabinet Chair and Chair-Elect.

**UNIT SUBGROUPS**

**GROUPS WITHIN CHAPTERS**

In a number of the larger Chapters and in Chapters having a more concentrated membership in a particular discipline, groups have been established. These groups bring together common interests and carry out projects much as the Association”s Divisions do, but within the Chapter”s geographic confines. Groups are constituent parts of the Chapters. They may or may not bear direct relationship to the Association’s Divisions. In a few instances, Chapter groups have been formed having no prototype in an Association Division.

The formation of subject groups in local Chapters is a Chapter function and depends primarily on the size and interests of the proposed group. The local groups may be formed by authorization of the Chapter”s executive committee when an appreciable number of members express active interest. If a Chapter prefers to operate as one unit rather than with subunits, it is improper for a Division to encourage the organization of a group within a Unit.

Some groups meet at definite times in addition to Chapter meetings and are often responsible for one or more programs at the regular Chapter meeting. Occasionally, a portion of the regular program is allotted to the groups. Care should be taken that the group cooperates and does not compete with the Chapter. Groups should clear program dates with the Chapter program officer to avoid meeting date conflicts.

If the Chapter has sufficient funds, it is their responsibility to finance its groups. However, to assist in paying for group expenses (such as postage for meeting notices, etc.) it may be advisable to have some continued form of group membership assessment.

If a group plans a project that the Chapter approves but cannot finance, the Chapter may ask for a loan from the Association through the Chapter Cabinet Chair. Group activity may also be supported by Association Divisions through grants to the Chapters if the activity will benefit the whole Division. However, Division officers have neither the authority nor direct responsibility for group enterprises.

Chapter members considering formation of a group within a Chapter should give consideration to some of the potentially undesirable effects on the Chapter. For example, when the Chapter membership is largely concentrated in one group with only a scattering of group meetings attracting a larger number, the Chapter may thus give unequal service to its members. The size of the parent Chapter is an important factor in the formation and success of groups. A Chapter should take care to avoid creating a group that would segregate out some of the members. In the event of internal conflicts or disagreements within Chapters, the problem should be submitted for discussion and vote by the general membership of the Chapter. If this action does not resolve the problem, the problem should be brought to the Chapter Cabinet Chair for resolution.

**CREATION OF NEW AND PROVISIONAL UNITS**

A new Unit (Chapter, Division, or Caucus) may be authorized by the Association’s Board of Directors upon written petition of 25 or more voting members of the Association who desire to participate in the activities of the proposed
A new Unit may be authorized by the Association’s Board of Directors upon written petition of fewer than 25, but at least 15, voting members of the Association to be served by the proposed Unit and receive Provisional status. (See Practices policies linked below.)

Approval of a Provisional Unit is limited to two years unless the Board approves a two-year extension.

The Association Board may authorize provisional Divisions as full Divisions upon submission of a statement of the proposed Division’s name, scope note, together with confirmation from the Association office that the provisional Division has maintained a membership of 100 or more for a period of 12 months.

The Association Board may authorize provisional Chapters as full Chapters upon submission of a statement of the proposed Chapter’s name and geographical boundaries together with confirmation from the Association office that the provisional Chapter has maintained a membership of 25 or more for a period of 12 months.

The Association Board may dissolve a Provisional Unit at any time.

Provisional Units will receive an allotment, prorated to the time remaining in the Association’s year. Provisional Units shall not be entitled to representation in the Unit Cabinet. They are invited to attend Unit Cabinet meetings but are not authorized to vote.

**Origin of Petitions for New Units**

Petitions for New Units may originate in one of the following ways:

1. By action of interested members in any geographic region, or, by action of interested members who wish to participate in the activities of the proposed Division.

2. By action of the Unit Cabinet Chair upon information from the Association office noting a concentration of unaffiliated members in an area not served directly by a Unit. In this case, the Unit Cabinet Chair shall appoint a representative to call an informal meeting and to act as Unit Leader for purposes of organization.

**Form of the Petitions for New Units**

The following language is suggested for use in the petition for organization of a new Chapter:

"We, the undersigned members of Special Libraries Association, do hereby petition for the organization of the [insert name] Chapter of the Special Libraries Association. There are presently [number] Special Libraries Association members within the proposed area which is to include: [geographical description; be specific about boundaries]."

Adjacent Chapters should be contacted for agreement and approval of proposed boundaries of the new Unit prior to the petition. Any boundary disagreements that cannot be settled by negotiation between the Chapters concerned shall be submitted for arbitration by the Chapter Cabinet Chair prior to the proposed Chapter’s approval by the Board of Directors.

**Temporary Unit Leader**

Association members may appoint a Unit Leader at an information meeting, or they may call upon the Unit Cabinet Chair to name a representative to act as Unit Leader for the purpose of organization. The responsibilities of the temporary Unit Leader are as follows:
1. Call and preside at an informal organizational meeting of actual or potentially interested members.

2. Keep records of all meetings and transactions that will later become part of the new Unit’s archives.

3. Handle necessary correspondence with Association HQ and the Unit Cabinet Chair.

4. Forward the required petition, governing document (to be approved by the Association Joint Governance and Bylaws Committee), and slate of officers to the Association office.

5. Carry out arrangements for the election of officers upon notification of acceptance of the petition by the Association’s Board of Directors. This may be accomplished by mail/electronic ballot so that newly elected officers may be installed and preside at the first official Unit meeting.

Presentation

The temporary Unit Leader of the petitioning group shall forward the petition with signatures, the proposed Governing Document, and the proposed slate of officers to Association HQ. The Unit Cabinet Chair will present the petition to the Board of Directors at its next meeting on behalf of the petitioning group. The temporary Unit Leader and/or other members of the proposed Unit may attend the Board of Directors meeting if they wish.

1. In the case of a provisional Chapter, the petition must contain a statement of the proposed Chapter’s name and geographical boundaries, and confirmation from the Association office that the provisional Chapter has maintained a membership of 25 or more members for a 12-month period.

2. In the case of a provisional Division, the petition must contain a statement of the proposed Division’s name and scope note, and confirmation from the Association office that the provisional Division has maintained a membership of 100 or more members for a 12-month period.

The Board of Directors typically meets monthly. Deadlines for submitting items for Board consideration are usually one week prior to the meeting dates.

Membership of a New Chapter

When a new Chapter is approved by the Board of Directors, the Association office will notify all Association members within the boundaries of the new Chapter that they will have membership in both their current Chapter and the new Chapter at no extra charge until their next membership renewal, at which time they may choose the Chapter(s) with which they prefer to continue affiliation.

Allotments

Upon approval by the Board of Directors, the new Unit’s allotment for that year will be sent from the association office (except for a former Provisional Unit, which may have already received its allotment for the year). The allotment is based upon the number of Association members within the new Unit’s boundaries. The initial allotments of new and provisional Units that were approved at Board of Director meetings are prorated on the basis of the number of months remaining in the calendar year.

Unit Activities

Once the Unit has been approved and its officers installed, regular Unit activities such as Connect, other communications, programs, committee work, etc., may begin. These activities should be conducted in accordance with the Unit's Governing Documents and these Practices.
See also: Practices for the Formation of Provisional Chapters

**MERGER OF UNITS**

The matter of merging Units is one which must be given careful consideration by the members and executive board of any Unit considering such action and should be discussed with the Unit Cabinet Chair.

After seeking the guidance of the Unit Cabinet Chair, if the Unit Executive Board still wishes to affiliate with another Unit, the Unit Leader shall immediately contact the Unit Executive Board with which they wish to affiliate and negotiate the terms for merging the two Units.

When both Executive Boards are in agreement on the terms of the merger, they shall provide advance notice to their respective membership that the topic will be discussed at the next Business Meeting of each Unit. A joint meeting should be scheduled as soon as possible to address this merger with the Unit memberships.

If the merger proposal is approved by a majority of the members present and voting at both of these meetings, both Units will send a ballot to all their members no later than 45 days after the business meeting.

If a two-thirds majority of each Unit’s members returning valid ballots approve the proposal to merge, the Leader of both Units will notify the Unit Cabinet Chair and SLA Membership Department in the form of a single petition, signed by both Unit Leaders. The petition will include the reason(s) for merging, the election results, the terms of the merger, the proposed effective date of the merger, the changes needed in the name, scope note (required for Divisions only), or governing document, and a plan of how the activities of both Units will be combined.

The Unit Cabinet Chair will present the petition to the Association’s Board of Directors at its next regularly scheduled meeting. Upon approval by the Board, the Leaders of the petitioning Units will be notified by the Association office that the two Units are being merged, advising of the merger effective date. The Unit Leaders will then notify their respective members of the Board’s approval. The general membership will be notified through a notice in Information Outlook and on the SLA Connect Open Forum. Funds, properties, and financial responsibilities of the two Units will become the responsibility of the newly merged Unit.

**RETURN TO PROVISIONAL UNIT STATUS**

Unit membership falling below 25 members for more than one Association year will be reported to the Unit Cabinet Chair. The Unit may be placed on provisional status until membership increases or there is a decision to dissolve the Unit.

**DOWNSIZING**

Should a Unit wish to downsize, for example from a Division to a Caucus, a similar process would be followed as outlined in Section F, Merging of Units. Merging with, or becoming a group within, another Unit should be considered as a possibility as well.

To begin the process, a Unit Executive Board meeting should be held to ensure all options and remedies have been investigated. If the Executive Board feels that downsizing is the only option left and votes as such, then a Unit Business Meeting would be called to further discuss the issue. If the downsize proposal is approved by a majority of the members present and voting at the meeting, the Unit will send a ballot to all their members no later than 45 days after the business meeting. If a two-thirds majority of each Unit’s members returning valid ballots approve the proposal to downsize, the Unit Leader will notify the Unit Cabinet Chair and SLA Membership Department via memorandum. The memorandum will include the reason(s) for downsizing, the options previously considered, the election results, the
terms of the downsizing, the proposed effective date of the downsizing, and any changes needed in the name.

The Unit Cabinet Chair will present the petition to the Association’s Board of Directors at its next regularly scheduled meeting. Upon approval by the Board, the Leader of the petitioning Unit will be notified by the Association office that the Unit is being downsized, advising of the effective date. The Unit Leader will then notify their members of the Board’s approval. The general membership will be notified through a notice in Information Outlook and on the SLA Connect Open Forum.

Any funds left in the downsizing Unit’s accounts shall be transferred within 30 days to the appropriate group:

- For Units becoming sections of a Division, funds will be transferred to that Division.
- For Units becoming groups of a Chapter, funds will be transferred to that Chapter.
- For Units becoming Caucuses, funds will be transferred to the Association.

**Dissolution of a Unit**

The dissolution of a Unit is an action which must be given careful consideration by the members and executive board of a Unit. The Unit Leader, acting on behalf of an Executive Board that has voted to take this step, should discuss its concerns with the Unit Cabinet Chair. Dissolving should be a last resort and the Unit should first look at merging or downsizing before moving forward with a dissolution. Once all other options have been tried, a Unit may then petition to dissolve.

Once determined that the Unit has ceased to fulfill a useful role and does not wish to affiliate or formally merge with another Unit, the Unit Leader shall bring forth the matter for discussion at the Unit’s next business meeting. Advance notice must be given to the Unit membership that the topic will be discussed.

If a majority of the voting members present approve the proposed dissolution, a ballot shall be sent to all Unit members regarding the proposed dissolution no later than 45 days after the business meeting. A two-thirds majority of the members is required to approve the proposal to dissolve. The Unit Leader shall notify the Unit Cabinet Chair and Membership Department in the form of a petition for dissolution. The petition will contain the reason(s) for dissolution, the actions previously taken to address the issue, the election results, the proposed effective date of the dissolution, and plans to complete current Unit activities and business matters.

The Unit Cabinet Chair will present the petition to the Association’s Board of Directors at its next regularly scheduled meeting. Upon SLA Board approval, the members of the Unit will be notified by the Association office that the Unit is being dissolved with the effective date, and that its funds and properties will revert to the Association. Assistance in joining another Unit will be provided to members by the Association office, with recommendations from the Unit Leader being taken into account.

**Nomination of Unit Officers**

In the selection of nominees for Association offices, the Association Nominating Committee has priority over Unit nominating committees. However, the Association Nominating Committee usually starts its work before the Unit nominating committees; therefore, conflicts are rare.

A Nominating Committee for each election of members to the Unit Executive Board shall be appointed by the board by July 1st. This committee shall be composed of 3 members, one of whom is a member of the current Board, one is a past member of the Board, and a third participant from the general membership.
Duties of the Nominating Committee are outlined below:

1. Each year the Nominating Committee shall present at least one candidate for each officer whose term is expiring. The committee shall obtain the written acceptance of each nominee along with brief biographical information, prior to submission of its report.

2. The nominees for Unit Leader-Elect should be aware that attendance at Unit Cabinet meetings at the Annual Conference and any possible Unit Leadership Summit are part of the responsibilities of the elected candidate. An elected candidate should not simultaneously hold more than one office associated with membership in the Unit Cabinets.

3. The report of the Nominating Committee shall be published by August 15 in the official Unit bulletin/newsletter. Further nominations, accompanied by written acceptance of the nominee, may be entered by petition of 10 Unit members, and shall be filed with the Nominating Committee at least 30 days before voting occurs.

4. If the slate includes more than one candidate for any office, election shall be by secret ballot distributed to each Unit member by August 15 (Electronic balloting is acceptable.) The candidate who receives the largest number of votes for any office shall be elected. In the event of a tie, election shall be by majority vote of the members present at the unit’s next business meeting.

5. In the case of a distributed ballot, send the biographical information to the person whose duty it is to prepare and distribute the ballots (e.g. Secretary, Nominating Committee Chair or Bulletin Editor.) Full Members, Student Members, and Retired Members all have the privilege of voting. Mailing labels for envelopes and/or e-mails may be requested from the Association office. Please request these at least two weeks in advance of distribution.

**UNIT REPRESENTATION AND AFFILIATION**

Unit representatives to joint committees and meetings of other societies having objectives allied to those of the Unit and of the Association shall be appointed by the Association President.

Upon approval by a majority of the Unit members voting, the Unit may affiliate or disaffiliate with a local common interest organization provided the objectives of the organization are consistent with those of the Unit and of the Association and the activities of the organization are not in conflict with the Association bylaws.

The Association Board of Directors shall approve any other affiliation, including that with a national or international organization. Notices of affiliations and disaffiliations shall be reported to the Association.

**VIII. APPENDICES: OTHER IMPORTANT ASSOCIATION INFORMATION**

**APPENDIX A. UNIT FINANCES**

The Association’s Bylaws, Article X, Section 3 allows for funding of Units in the form of an annual allotment. Allotments are calculated using the Unit’s membership count as of December 31. Allotment checks are mailed after Annual Conference invoicing.
No allotment shall be paid to a Unit unless the Unit has submitted an accurate Annual Report by December 1st; an accurate Year-end Annual Financial Report by January 31st; and all bank statements (quarterly, monthly preferred) to Association headquarters, Director of Finance.

The Board of Directors may grant funds or loans at its discretion. Each Unit applying for additional monies must submit a detailed estimated budget to substantiate the request. This budget should then be submitted to the Unit Cabinet Chair, who will make the presentation to the Board.

The Unit Treasurers shall maintain the financial records required for their units. A simplified single-entry system has been found sufficient for most cases. The treasurer shall prepare a report on the Unit’s finances for each Unit meeting.

The following reports and record-keeping procedures are mandatory:

1. The treasurer of each Unit or provisional Unit shall submit an annual year-end financial statement to the Association office to the attention of the Director of Finance by January 31 of each year. These must be submitted utilizing the Association provided financial software program. A copy of all Unit bank statements for the year must also be provided, no less than quarterly, to the Director of Finance. This deadline is most important and must be adhered to. A copy of the statement is to be retained in the unit”’s SLA Connect library for the Unit’s archives. This report is to be audited; an auditor is defined as a disinterested third party. The auditor does not need to be an accountant, but may not be any of the following:

   • An elected or incoming officer of the Chapter or Division
   • A current or incoming member of the SLA Board of Directors
   • An employee of or a supervisor of the Treasurer. The auditors reviews bank statements against your records/financial reports to make sure the ending balances match.

2. No allotment shall be paid to a Unit unless an annual financial statement has been approved.

3. A Unit may have undesignated funds for general administration. These funds are derived from allotments and from income accruing as a result of normal activities, such as special events, advertising, dinner meetings, etc. Normal charges against such “regular funds” include postage, meeting notices, etc.

4. Normally a Unit will administer its expected activities to utilize the greater part, if not all, of its allocated funds. However, a Unit may elect to conserve its funds gradually in anticipation of specific undertakings where special project funds have not already been accumulated. Units may, through lack of activity in one year, carry unspent allotments over to following years. Funds accumulated for either of these reasons and not expected to be spent during the year’s usual activities, may be transferred to a project fund.

5. Money earned from special Unit projects may be maintained in one or more project funds, general or designated. Examples of such projects are seminars or workshops for which a fee is charged, royalties paid by the Association for Unit-originated publications, receipts from similar works published independently by the Unit, and fund-raising activities conducted for a specific purpose. Expenses involved in such projects are to be charged against these funds. Project funds must be reported as part of the periodic and annual financial reports.

6. A Unit must report property that falls within the definition given in the "Property Guidelines" on a special page accompanying the financial statement in the year-end Annual Financial Report.

Upon dissolution of a Unit, its funds and properties shall revert to the Association. On dissolution of a group within a Unit, the group’s remaining funds revert to the Unit.
Each Unit Leader and Unit Leader-Elect should be aware of these basic issues and restrictions. If there are questions, please do not hesitate to contact the SLA Department of Member Engagement at membership@sla.org.

The Special Libraries Association, Inc. is a not-for-profit corporation, incorporated pursuant to the NotFor-Profit Corporation Law of the State of New York. During its early years, SLA existed as an unincorporated Association. SLA was first incorporated in Rhode Island on April 13, 1928, and then reincorporated in New York on September 25, 1958.

The basic purposes of SLA as stated in its Certificate of Incorporation and Bylaws, are:

"[a] To provide an Association of individuals and organizations having a professional, scientific, or technical interest in library and information science, especially as these are applied in the recording, retrieval and dissemination of knowledge and information in areas such as the physical, biological, technical and social sciences, and the humanities."

"[b] To promote and improve the communication, dissemination and use of such information and knowledge for the benefit of libraries or other educational organizations. No part of the property, assets, profits or net income shall inure to the benefit of any director, officer, or member or be of benefit to any private shareholder or individual within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1954 as amended."

**MEMBER TYPES**

Membership eligibility is governed by the membership provisions of Article IV of the SLA Bylaws and policies established by the Board of Directors. Membership in the Association shall consist of: Full Member, Full Member Outside North America (and making <$18,000USD annually), Student Member, Retired Member, Unemployed Member, or Organizational Member. Eligibility for and privileges of each class shall be as stated herein.

**Full Member** status shall be granted to an applicant who has an interest in the objectives of the Association. A Member shall have the right to vote, to hold any Association or unit elective office or appointive position, and to affiliate with one Chapter and one Division without payment of additional fee, and to receive the official journal at no additional charge.

**Student Member** status shall be granted to an applicant enrolled in a curriculum of library or information science at least part time (two or more courses). This category of membership shall be available to those joining the Association for the first time. This category of membership shall also be available to current members renewing their membership after enrolling in an appropriate academic program. Student membership may be maintained only while actively a student, but for no more than three years. Appropriate verification of student status is required. A Student Member shall have the right to vote, to hold any Association or Unit elective or appointive position, to affiliate with one Chapter and one Division without payment of additional fee, and to receive the official journal at no additional charge.

**Retired Member** status shall be granted, upon request, to a Member who has retired. In this connection, "retirement" shall be defined by the Board. A Retired Member shall have the right to vote, to hold any Association or unit elective office or appointive position, to affiliate with one Chapter and one Division without payment of additional fee, and to receive the official journal at no additional charge. A Member who has 45 years of uninterrupted Association membership shall be designated Forty-five Year Honoree status. Basic membership dues will be waived for members holding this distinction. Forty-five Year honorees have the same membership rights as other Retired Members.
Organizational Member status shall be granted to a firm, organization, or individual desiring to support the objectives and programs of the Association. Up to four employees of the organization may access member benefits. Organizational Members shall have the right to affiliate with one Chapter and one Division without payment of additional fee, and to receive the official journal at no additional charge. Other benefits of this membership category shall be determined by the Board.

SLA Units exist only as a part of the single corporate entity, Special Libraries Association, Inc. and are organized pursuant to Articles X and XI of the Bylaws. There is no separate incorporation of SLA Units and all are funded by allotments from the SLA annual dues. SLA, its members, and its Units can be roughly analogized to a for-profit corporation, its shareholders and branch offices. Numerous not-for-profit corporations are organized in this way, including other major library Associations.

Association Meetings

SLA meetings, including Unit and Association meetings, may be attended by any interested party regardless of membership standing. This open attendance policy does not, however, require members to subsidize attendance by non-members. Units may charge a reasonable registration fee to help defray the costs of the meeting. Non-members are permitted to attend Association meetings of SLA. The registration fee charged such non-members is higher than that charged members.

SLA’s open attendance policy does not mean that non-members can participate in SLA in the same manner as members. Obvious examples include the fact that non-members may not vote and may not hold Association office.

The SLA Board of Directors and Unit Cabinets are not required to open their sessions to non-members although, in their discretion, they may do so.

All meetings, whether open to interested parties or restricted in attendance, should have a written agenda. Unit officers should ensure that summary minutes are prepared of all meetings and that such minutes are accurate and stored in the Unit’s SLA Connect community after the meeting has concluded.

Joint and Regional Meetings

Units often participate in joint or regional meetings. Regional, sectional and joint meetings require particular attention to organization and cooperation. The responsible person must be selected on the basis of experience and ability. Where program and arrangements require them, committees should be appointed as soon as possible. If an Association officer is to be invited, arrangements should be coordinated as early as possible. When other professional Associations are involved, it should be made clear that their members are welcome at any separate SLA program.

Initial planning of joint professional meetings normally is undertaken by the officials of the respective groups. Detailed programming is then worked out by specified representatives. Decisions, such as date, place, publicity, accommodations, registration, financing, etc., must be cleared through each group. Frequently, publication of papers is also considered with distribution and cost taken into account.

Any plan involving a unit of the Special Libraries Association must conform to the SLA Practice on NonDiscrimination, which reads:

"I. Practice. It is the practice of the Special Libraries Association not to discriminate, limit membership or participation in any respect by race, creed, color, national origin, age, sex or physical disability.

II. Purpose. To ensure that no individual is denied membership or participation in Association programs because of his/her race, creed, color, national origin, age, sex or physical disability."
III. Practice/Procedure. It is the policy of the Special Libraries Association that membership and participation in the Association and its units are not limited in any respect by race, creed, color, national origin, age, sex or physical disability. In particular, all meetings are conducted so as to assure compliance with this policy. The Association participants in joint meetings only with other organizations having the same policy. The Association is an Equal Opportunity Employer.

IV. Responsibility. The Executive Director is responsible for monitoring the compliance of this policy.”
(Approved June 1975)

**Tax Status - Federal**

In 1972, the United States Internal Revenue Service ruled that SLA is an organization meeting the requirements of Section 501(c)(3) of the Internal Revenue Code. As a Section 501(c)(3) organization, SLA must:

1. Be organized exclusively for charitable, scientific or educational purposes.
2. Be operated exclusively for those purposes.
3. Have no part of the net earnings inure to the benefit of any private individual.
4. Refrain from any substantial lobbying activities.
5. Refrain from participating in political campaign activities.

Corporate gifts and lifetime gifts by individuals to a Section 501(c)(3) organization are, with certain limitations, deductible to the donor for purposes of the U.S. federal income tax. Testamentary bequests are, again with certain limitations, deductible for purposes of the U.S. federal estate tax. There are other advantages. A Section 501(c) (3) organization may qualify for privileged postal rates for mailings relating to the organization's own affairs. In some states, a Section 501(c)(3) organization is exempt from sales tax.

As a general rule, the income of SLA which is related to its tax-exempt purposes is tax exempt. For example, members' dues, interest earned by bank accounts, and income resulting from the sale of SLA publications is tax exempt.

Income from a trade or business which is not substantially related to SLA's tax-exempt purposes is taxed. For example, income generated from the sale or rental of mailing lists (except for exchanging with or renting to another organization exempt under Sections 501(c)(3) or (c)(2)) and advertising income is taxed.

Although most of SLA's income is tax exempt, SLA normally does have unrelated income which is taxable. As a result, SLA annually files two returns with the Internal Revenue Service: Form 990 related to non-taxable income and Form 990T relating to taxable income.

To enable SLA to properly prepare these returns, each Unit must annually furnish certain information including all income generated during the year and expenses incurred in producing the income. New or major changes in programs and services provided by SLA must be reported in Form 990. Accordingly, any Unit which engages in a previously unreported activity must so inform the Director of Finance at the Association office through the Unit’s Annual Report and Year-End Financial Statement.

SLA considers being recognized as a Section 501(c)(3) organization a valuable privilege. It is the policy of SLA to follow the provisions of the Internal Revenue Code and Regulations regarding the operation of a Section 501(c)(3) organization and not to engage in activities which might jeopardize that status. All questions regarding the Association's tax-exempt status should be referred to the Executive Director.
Tax Status - State and Provincial

Each of the fifty states and Canadian provinces has its own tax law and regulations and, accordingly, any question concerning state and provincial taxation must be addressed to the law of the state or province involved.

As a general rule, an organization which is exempt from U.S. federal income tax under Section 501(c)(3) is also exempt from state income taxes. In addition, in some states, local sales and use tax exemptions are available to Section 501(c)(3) organizations. Since SLA is not incorporated in Canada, it cannot apply for tax-exemption from Canadian provinces.

Because it is SLA, and not the individual Units, which is responsible for compliance with state tax laws, responsibility for dealing with state tax authorities is that of the Director of Finance. Individual members or Unit officers are not allowed to deal with state tax authorities. Any question concerning state taxation of SLA units should be directed to the Director of Finance.

Over the years, the Director of Finance working with legal counsel, has conducted extensive research and made numerous inquiries regarding the availability of sales and use tax exemptions for SLA units. As indicated above, the rules vary from state to state. Some states grant no exemption to any organization; some states grant exemptions only to particular types of charitable organizations such as religious organizations; and, in a few states, an exemption is available to an organization such as SLA. A consideration to be kept in mind is that the paperwork costs associated with obtaining and maintaining a sales tax exemption may equal or exceed the limited savings which may be realized by a sales tax exemption. Again, if there is any question as to whether a sales tax exemption is available in a particular state, inquiries should be directed to the Director of Finance.

Political and Legislative Action

SLA, as a 501(c)(3) educational institution, is restricted in the amount of lobbying it can do. Although IRS rules in this area are not as restrictive as they have been in the past, they are always open to interpretation. It is therefore critical that all legislative endeavors be channeled centrally through the SLA President or Executive Director, both of whom, under SLA policy, are the only individuals who can officially speak on behalf of the Association. In essence, if the Board of Directors has not taken a position on a particular issue, it is imperative that either the President or Executive Director be consulted. However, if comments or statements are based on Board-approved issues, discuss them with the Association staff for clarification. This also enables Association staff to be aware of Unit activities.

A Section 501(c)(3) organization may not participate directly or indirectly, in any campaign for any public office - federal, state or local. Thus, SLA may not endorse any candidate, make any contribution to a candidate or have its members work in any candidate’s campaign. This requirement also prevents SLA from having a Political Action Committee (PAC).

A Section 501(c)(3) organization may, to a limited extent, attempt to influence legislation. The specific language of the statute is that "no substantial part of the activities" of the organization may consist of "carrying on propaganda, or otherwise attempting to influence legislation." Examples of attempts to influence legislation include attempts to influence the general public to vote in a particular way, often called "grassroots" lobbying, and direct lobbying by communicating with a member or employee of a legislative body. Also included would be any effort by SLA to encourage its members to lobby.

The following would ordinarily not be considered activities endeavoring to influence legislation: making available the results of nonpartisan analysis or research; appearances before a legislative committee at the request of that committee; and communications between SLA and its members regarding legislation of interest to members as long as
the communication does not encourage the members to endeavor to influence the same.

As is indicated above, a Section 501(c)(3) organization is not absolutely prohibited from endeavoring to influence legislation - the requirement is that such activities may not become a "substantial part" of the Association's activities. The U.S. Internal Revenue Code does not define what is meant by "substantial." The policy of SLA is that no more that 5% of its aggregate activities (not its income or expenditures) may be of such character.

Because SLA is so large and so geographically diverse, it is not feasible for each member or Unit to independently determine when efforts to influence legislation are to be undertaken. In January 1980, the Board of Directors approved a government relations practice statement and instructed the Executive Director to establish and conduct a government information program to carry out the statement.

Obviously, none of the foregoing affects the right of any member, acting as an individual and not as a member of SLA, to engage in whatever political or legislative activity he or she may consider appropriate.

**Member Liability**

One of the characteristics of a corporation is limited liability; that is, the members of the corporations are not personally liable for the debts, liabilities or obligations of the corporation. SLA is a corporation with its principal place of business in Virginia. Since it is incorporated in New York, it is covered by that state’s liability law.

New York Not-For-Profit Corporation Law Section 517(a) specifically states that "the members of a corporation shall not be personally liable for the debts, liabilities or obligations of the corporations."

As a general rule, directors and officers of SLA will incur no personal liability as a result of their carrying out their duties as long as they do so in good faith and with ordinary diligence, care and skill.

Section 717(a) of the New York Not-For-Profit Corporation law states, in part:

"(a) Directors and officers shall discharge the duties of their respective positions in good faith and with that degree of diligence, care and skill which ordinarily prudent men would exercise under similar circumstances in like positions."

Under certain circumstances, a director or officer can incur personal liability. For example, a director or officer can be personally liable for gross negligence or for defrauding the Association.

Under Section 719 of the New York Not-For-Profit Corporation Law, a director who votes for certain actions can be personally liable - for example, voting to distribute the Association’s properties to members other than as permitted by law; and, voting to make a loan to a director or officer. The law permits an action to be brought against a director or officer to compel an accounting for the mismanagement, loss or waste of corporate assets.

**Association Liability**

SLA is legally responsible for its contracts and can sue or be sued in the same manner as any corporation, whether for-profit or not-for-profit.

A normal business contract made by the SLA President or Executive Director will be binding on SLA. Because SLA is a single corporate entity, obligations of the Units are obligations of SLA. Accordingly, a normal business contract made by a Unit chairperson will also be binding on SLA and not just on the individual Unit.

Most contracts made by Unit Leaders involve routine matters such as meeting arrangements and the amounts involved are relatively small. There have been occasions in the past, however, when Units, with more enthusiasm than prudence, have entered into contracts involving significant sums of money.
The "Extra-Association Relations Policy" which was adopted by the Board of Directors on June 9, 1973 addresses this problem. It states:

"An agreement, contract, or obligation entered into by an Association unit requires advance approval by the Association Board of Directors if liability exceeds the unit’s available or budgeted funds."

In addition to the foregoing, it is the policy of the Association that any contract or expense exceeding $5,000US must be approved and signed by Association HQ.

Any questions regarding contracts and their execution should be referred to the executive director. SLA may be liable for the negligent or fraudulent acts of its authorized representatives. Therefore, officers, directors, committee chairpersons, and representatives must exercise "ordinary diligence and care" in performing their responsibilities.

In addition, SLA could be responsible for an obligation incurred by any member who had "apparent authority" to act for SLA even though such individual acted without authority and in violation of SLA’s policies and Guidelines. In Hydro level Corp. v. American Society of Mechanical Engineers, 635 F. 2d 118 (2nd Cir. 1980), cert. den., 456 U.S. 989 (1981) the American Society of Mechanical Engineers was held liable for the act of two of its members. These members, while acting as volunteer ASME workers, defrauded a third party by deliberately misinterpreting the requirements of one of the ASME codes. The court found ASME liable for the acts of these members because the injured party had no reason to believe the volunteer members’ code interpretation was not "regular" and because the volunteers appeared to be acting within the authority given to them by this Society.

Any Unit Leader who intends to give authority to a member to act for SLA, should keep the foregoing in mind.

**Inspection of Records**

New York State law requires SLA to keep correct and complete books and records of account and minutes of the proceedings of its members, Board and Executive Committee, and a list of member names, addresses, and their class or classes of membership.

Although the law permits SLA to impose restrictions on the availability of such information, it is SLA policy to make the same generally available to members. Thus, SLA publishes the names and addresses of all members in the membership directory. Meeting minutes of the Board of Directors, the Executive Committee, and the Annual Business Meeting are available for inspection by members with certain exceptions that are determined by the Board of Directors. An example is executive session minutes.

**Antitrust Laws**

In recent years, the U.S. antitrust laws have been the basis for actions against certain trade and professional Associations whose activities allegedly restrained competition. The decisions of the United States Supreme Court which struck down ethical codes of Bar Associations which prohibited advertising are well-known examples. The American Dental Association was subject to a similar suit by the Federal Trade Commission. The American Medical Association has been subjected to an investigation to determine whether it controls the supply of physicians in the United States through accreditation of medical schools and other practices.

The trade and professional Associations which have been subject to these actions are typically Associations of competitors. Because the members of SLA do not compete with each other, it is unlikely that SLA will be subject to an antitrust action such as is described above.

It is worth noting that SLA is essentially an open organization. That is, Association membership is open to any person "who has a serious interest in the objectives of the Association" and there are no restrictions on the general public attending SLA meetings. The antitrust actions described above have been based in part on the fact that the particular
Association imposed restrictions on membership, and thereby restrained competition. Obviously, SLA is not subject to such an attack.

Notwithstanding the foregoing, it is conceivable that a particular Unit may engage in some activity which might be considered to be anticompetitive, thereby violating antitrust laws. Any member who believes that any such activity is taking place should contact the Executive Director. We must add that to the best of our knowledge, no governmental or private entity has ever claimed that SLA has to any extent violated the U.S. antitrust laws.

**Bartering**

For purposes of the U.S. Internal Revenue Code, a barter transaction is in substance the same as a sales transaction. For example, the exchange of a mailing list for advertising space is the essential equivalent of selling the mailing list for the value of the advertising space. The value of the advertising space is considered to be income to SLA. The comments made in the Tax Status section concerning SLA’s tax liability for related business income and unrelated business income will equally apply to value received on bartering transaction. An example of barter which would generate related income would be an exchange of SLA publications for something of value. An example involving unrelated income would be the one just given, namely, the exchange of a mailing list for something of value, except when this exchange is with another organization exempt under Section 501(c)(3) or (c)(2). The sporadic and occasional bartering transaction of whatever character arguably does not constitute business income of any kind. In all events, every barter exchange transaction by any Unit should be reported, in writing, to the Director of Finance at the Association office.

**Association Reserve Funds**

Every Association needs the economic security of a reserve fund. Unforeseen demands or loss of income may necessitate the use of funds which are not currently available in the budget. The purpose of a reserve is financial stability - to support the Association through an emergency situation. Accordingly, the reserves maintained by SLA and by its Units should not be used to finance day-to-day operations or activities. An ideal reserve fund would be equal to the regular budget for one year. On June 5-6, 1992 the Board of Directors approved a recommendation regarding Unit investment policy that permits funds to be deposited only in principal-protected and insured investment instruments (e.g. checking accounts, passbook savings accounts, CD’s and T-bills) or in the Association Pooled Fund Account.

There is no tax on accumulated earnings of a Section 501(c)(3) Organization and accordingly, such reserves and any income generated by the same are tax exempt.

**APPENDIX C. LEADERSHIP TOOLS**

The Special Libraries Association has established Policies and Practices for various topics related to the Association and its operations. Some of the Policies and Practices were established for various program areas in the Association. These Policies and Practices are to serve as informational purposes for SLA Staff, SLA Board of Directors and SLA Association Units. The Policies and Practices are reviewed periodically to ensure that they are still current. If at anytime you have questions or comments, please do not hesitate to contact the SLA department of Member Engagement at membership@sla.org.

**Chapter Leadership Information:** [https://www.sla.org/governance/chapters/](https://www.sla.org/governance/chapters/)

**Leadership Webinars**

In addition to the Practices outlined in the document, another useful resource is the SLA Leadership Webinar series. The goal of the Leadership Webinar series is to provide a resource to help SLA unit leaders in administering a
successful and efficient unit. This series is being updated regularly.

**Robert’s Rules of Order**

In 1876 General Henry M. Robert set out to bring the rules of the American Congress to members of ordinary societies with the publication of Pocket Manual of Rules of Order. It sold half a million copies before this revision of 1915 and made Robert’s name synonymous with the orderly rule of reason in deliberative societies. SLA meetings are commonly run utilizing Robert’s Rules, Newly Revised, 10th Edition. For full-text of this Manual see: [http://www.bartleby.com/176](http://www.bartleby.com/176)

**Unit Annual Reports**

Past Unit annual reports can be accessed at the bottom of the Unit Annual Reporting page.
