BACK TO THE FUTURE: HOW DO WE GET THERE?
FEBRUARY RECAP

MINING 4 BEER
Thanks to everyone who showed up to Hogshead Brewing in February to connect with your mining colleagues and community!

Mining4Beer is a monthly meet up for mining professionals who enjoy networking and brews around the Denver metro area. You can find updates for the upcoming events here: https://www.linkedin.com/company/mining-4-beer/
KRUMB LECTURE

We are planning to host a virtual Krumb Lecture series lunch in March. Watch our SME page and LinkedIn for details!

NSTA CONFERENCE

The National Science Teachers Association conference is coming to Denver from March 20-23! Please reach out to Richard Schwering (rschwering@hardrock-consulting.com) or Dick Beach (dickbeach@mines.edu) for more information!

We are also looking for volunteers to help put together Mineral Kits for the conference. Harrison Western is hosting a kit building day on Thursday, March 14th from 9a to 4p with lunch provided!

Harrison Western
1208 Quail St., Lakewood, CO 80215
STUDENT SCHOLARSHIPS

Applications are OPEN for graduate and undergraduate student scholarships!!

We are excited to offer scholarships for students pursuing a degree in mining, metallurgy, geology, environmental engineering, or related disciplines in the state of Colorado. Application deadline is March 31st.

The SME Colorado Section awarded $18K in student scholarships for the 2023-2024 academic year!

Undergraduate Application: https://forms.gle/t4pg3afeGFLAQTv78

Graduate Application: https://forms.gle/1KGQXNU571Mq7VgQ8

VOLUNTEERS NEEDED

The Minerals Education Coalition (MEC) has an ongoing need for volunteers to help support events in the Denver Metro area! If you are interested in getting involved, please reach out to Dick Beach (dickbeach@mines.edu) for more information.

Upcoming Events:
- Mineral Kits for NTSA Conference (March 14, 2024)
- National Teacher Science Association Conference (March 20-23, 2024)
- Science and Engineering Fair (April 11-13)

JOBS OF TOMORROW

Check out the SME video series which highlights careers in mining!

New videos in the series will be dropping this month: https://media.smenet.org/jobs-of-tomorrow-series/
David Jurich
Mr. Jurich has over 40 years of engineering and construction management experience in the design, construction, and rehabilitation of tunnels and underground structures for domestic and international hydroelectric power plants, water resource projects, transportation, and mine development. David will be speaking about tunnel inspection with an emphasis on the ongoing repairs to Carlton Tunnel.

The Scenery of Bolivian Mining and Lithium
Dr. Juan Carlos Madeni
Colorado School of Mines

Biography
Dr. Madeni is an engineer, a materials scientist, an entrepreneur, and an educator. Most of his professional experience is in technological innovation in materials for the aerospace, energy, petroleum, microelectronics, and glass processing industries. He served as the R&D Director for Diamond Materials Technology, a Meyer Burger Company based in Switzerland, and is currently the Head for Metallurgy and Advanced Materials at Johns Manville, a Berkshire Hathaway Company. He co-founded Fidem LLC, energy and real estate, and Mine Water SRL, mining and mineral processing. Dr. Madeni is also an Adjunct Professor at the Colorado School of Mines and teaches in the Metallurgical and Materials Engineering Department. Some of his business skills include strategic planning, acquisitions, budgeting, business development, supervision, prioritization, innovation, and direction of short- and long-term projects.

Juan Carlos is a member and leader in different professional organizations, such as ASM International, TMS, EMCD, AMPP, and AWS from which he has received awards for his research, leadership, and service. He advocates for and promotes higher education in Science, Technology, Engineering, and Mathematics (STEM); he hosts students from elementary schools through college in the scientific laboratories where he works. Juan Carlos has served as the president of the Board of Directors at STEM Generation Inc., a non-profit organization. Dr. Madeni obtained a BSc and an MSc in Metallurgical and Materials Engineering, a PhD in Materials Science from the Colorado School of Mines, and a Leadership Diploma from the University of Denver.
Back to the Future
How do we get there?

Technical Program:
Thursday, April 25  10:30 AM—4:00 PM
Friday, April 26   8:30 AM—4:00 PM
Saturday, April 27 8:30 AM—12:00 PM

Golf Tournament:
Saturday, April 27  1:30 PM

Spouse Activities:
Bubbles & Brunch
Friday, April 26

Conference registration now open.
Hotel reservations currently available. Book now to ensure your spot!

For conference registration and details, please visit our website:
