

REQUEST FOR MINERAL KITS

When requesting a “Rock and Mineral Kit” from the Pittsburgh Section of the Society for Mining, Metallurgy and Exploration, please complete this form and return it to one of the individuals listed below. We will make every effort to fulfill your request (within reason) based on our current inventory and prior commitments to others. Each kit includes a booklet explaining the mineral characteristics, uses, and the mine location and company that provided it. Please take time to read and discuss the importance of minerals in your daily life as you use our 10-mineral kit.

Our mineral kits (with shipping) are free to teachers and students (K-12), youth groups (Boy Scouts, Girl Scouts, religious groups), and individual requests in the Tri-State area (western Pennsylvania, eastern Ohio, northern West Virginia). Requests for mineral kits from colleges and universities will be charged \$2.50 per kit plus shipping. Questions can be directed to any one of the committee members listed below. Thank you.
