

## Care of Marine Environment

Louise Ledingham

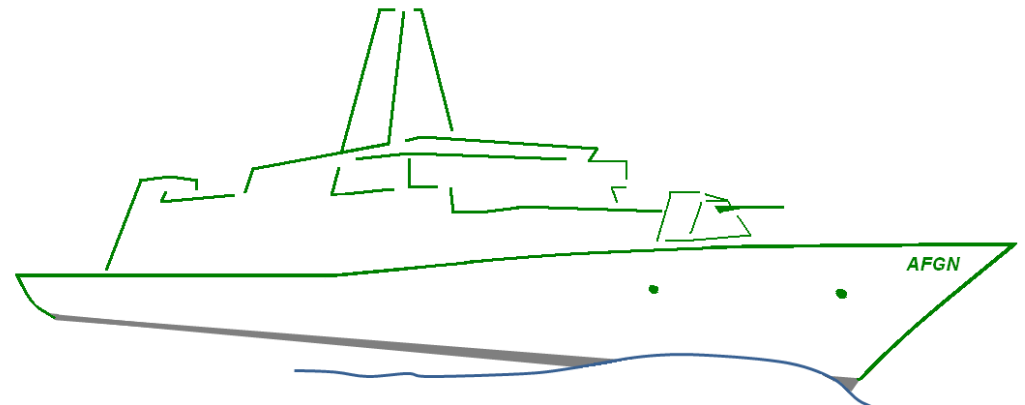

Senior Mechanical Engineer – Type 26 Power and Propulsion

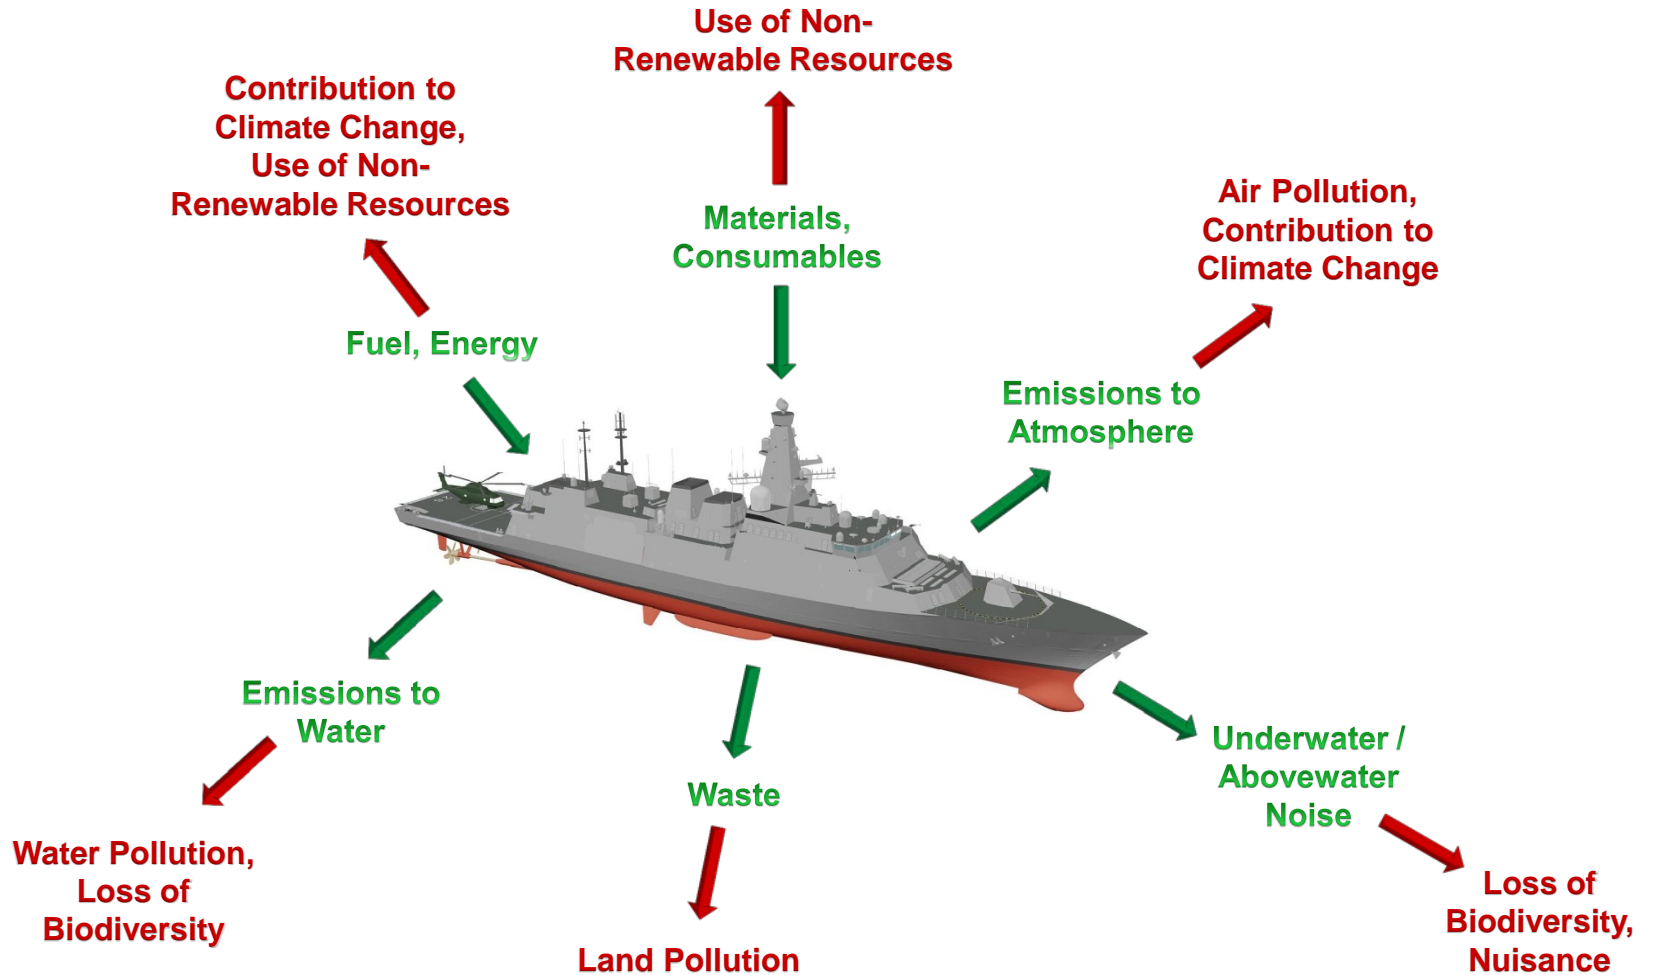

## Environmental Need

Why does there need to be an environmental focus?

- It's the law
- It's the right thing to do
- It could save money
- It may improve capability
- Provides opportunity to be innovative
- Maintain a good reputation

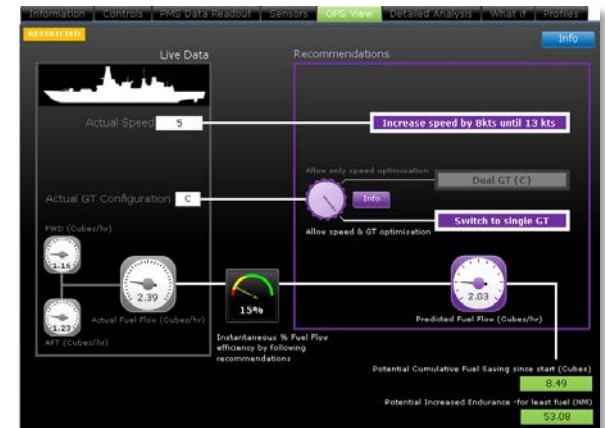

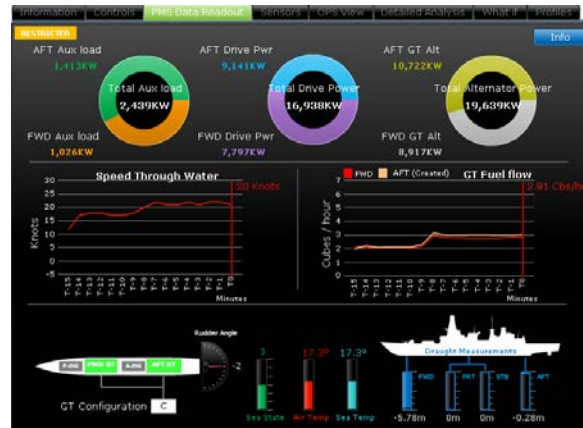

# Environmental Issues

## Increasing Knowledge in Industry

- Working with equipment suppliers to develop solutions to requirements
- Increasing awareness
- Cross-project involvement
- Training courses
- Research and development
- Links with academic institutes

## Student Opportunities

- Enter Industry with understanding of environmental issues
- Education should cover broad scope – causes, impacts, mitigating measures using existing and evolving technologies
- Expanding and innovative field of engineering
