

Mission

SNAME offers competitive scholarships to graduate students worldwide that wish to pursue advanced studies in naval architecture, marine engineering, ocean engineering, ship hydrodynamics and wave theory, ship and offshore structures, or in other fields directly related to the marine industry in approved universities. Since its inception in 1933, the SNAME Graduate Scholarship Program has awarded millions of dollars of scholarship awards. Students with exceptional academic credentials are encouraged to apply.

Criteria/ Eligibility

1. SNAME membership is required to be in place at least four months prior to the application submission deadline (i.e. by October 1).
2. Scholarships can only be awarded to students who will receive their master's degree after September 1 of the calendar year in which they are applying for their scholarship.
3. The John V. Wehausen scholarship can only be awarded to students who will be pursuing advanced studies in ship hydrodynamics and wave theory and will receive their master's degree after April 15 of the academic year they are applying for their scholarship.
4. The Walter M. and Doris H. Maclean scholarship can only be awarded to applicants who will be pursuing advanced studies in ship and offshore structures.
5. Master holders can only be eligible for the Walter M. and Doris H. Maclean scholarship.
6. Graduate scholarships are awarded to an individual only once.

Application Deadline

Applications must be received prior to **February 1** with all supporting documentation by **February 15**.

Procedures

1. The application form can be downloaded from SNAME's Scholarships website and is to be submitted electronically to scholarships@sname.org.
2. Although applicants are not required to provide GRE scores, they will be at a disadvantage if they do not do so, regardless of graduate school admission requirements. GRE scores count as much as 15% of the application ranking for award consideration.
3. Selection is in April based upon Scholarships Committee recommendations and Executive Committee approval.
4. Scholarship funds may be used for student tuition, textbooks, academic fees, or other academic related expenses for study and research.

Scholarship Value

SNAME can award scholarships of up to \$20,000 for one year of study. SNAME can award up to 10 named awards annually designated as the Wilbur N. Landers Scholarship; the William M. Kennedy Scholarship; the Tommy L. Richards Scholarship; the Alan C. McClure Scholarship; the John V. Wehausen Scholarship; the Arthur J. Haskell Scholarship; the David A. O'Neil Scholarship; the Frederick H. Todd Scholarship; the Walter M. and Doris H. Maclean Scholarship; and the Chester L. Long Scholarship.

Graduate Record Exam (GRE) scores (OPTIONAL):

IMPORTANT NOTE: GRE scores count as much as 15% of the application ranking for award consideration.

Why do you wish to do graduate work?

In what specific field of Naval Architecture, Marine Engineering, Ocean Engineering, Ship Hydrodynamics and Wave Theory, Ship and Offshore Structures, or other Engineering subject area do you wish to do graduate work?

What school do you wish to attend?

Have you made application for admission to any school to do post-graduate work?

If so, what school?

What field?

Have you been accepted by any school for post-graduate enrollment?

Do you plan to attend school full-time?

Have you previously applied for a SNAME graduate scholarship?

When?

Transcript of college record is (a) attached or (b) will be forwarded directly to SNAME.

LETTERS OF REFERENCE

Three letters of reference, signed by the writer, and addressed to the SNAME Scholarships Committee, must support this application. They may either accompany it or be emailed directly to scholarships@sname.org. One letter must be from a Faculty Member of your university, who has had you as a student in his/her course. Also, that letter or one of the other two letters of recommendation must be from a current SNAME member.
