

SPE DSA-TS Comms Team

Meeting Minutes – Drill-a-Stand Technical Team

Date: 22-Oct-2013

Agenda

- Pradeep – Threat Modeling Update
- Dmitry – Update on Documentation / Website
- Randy – Update on Security
- Moray – Update on Roadmap
- Hans-Uwe – Update on Unit System proposal + other discussion

Minutes

Pradeep discuss threat model work that had been done. Trying to come up with spreadsheet to capture the threat model. The template document is ready, but still need to get assests and list of threats.

Dmitriy spoke with Micheal O. to get to document and website working. Vern offered provide SharePoint (Intelliserve) website if we cannot get traction on SPE Connect.

Action Items

- Pradeep to schedule next Threat Modeling Team.
- Clinton send out link for DSA-Ts website.
- Randy to send out Part 12 GDS to group when in RC form.
- **Check with Marty Cavanaugh. Try to have him discuss his information model for next meeting.**
- Hans for next meeting to discuss OPC UA Units and UML model.
- Send Minutes to Fred for posting onto SPE-Connect
