EDUCATION

Bachelor of Science, Petroleum Engineering, May 2015

The University of Texas at Austin

Major Sequence GPA: 3.08/4.00; Overall GPA: 3.01/4.00

National Council of Examiners for Engineering and Surveying (NCEES)

Passed Fundamentals of Engineering Exam (FE Exam)-May 2015; Engineer in Training (EIT) Licensure Pending

EXPERIENCE

May-August 2014

Production Engineer Intern, Citation Oil and Gas Corporation

- Worked in Odin, IL field office as production engineer intern
- Supervised and assisted with various workovers in field (converting to injector, acid/hydraulic fracture stimulation, squeeze cementing, repair tubing leak, etc.)
- Designed and carried out 2 well completions for 2014 Drilling Program (perforating, acidizing, installing artificial lift systems, etc.) Kept track of all requisite costs for these completions
- Supervised and assisted with 2014 Drilling Program. (12 development wells) Served as company man, overseeing a new drill from spud to release: wrote morning reports, designed cement jobs and casing tallies, recorded associated costs, etc.
- Analyzed drilling, completions, and production for 2014 Drilling Program (operations, costs, outcomes) and presented at conclusion of internship

May-August 2013

Intern, Sabine Interests

- Worked for privately held company in Shreveport with holdings in oil and gas production and services
- Created database containing the following information for over 100 wells: well name, operator, field, county/parish, state, legal description, working interest, net revenue interest, well status, and contact info
- Provided coworkers an analysis of findings from this project
- Gained relevant experience and a better understanding of the business aspect of Petroleum Engineering

May-August 2012

Field Intern, Brammer Engineering, Inc.

- Gained valuable experience in oil and gas business by assisting production supervisors, drilling superintendents, completions engineers, etc.
- Performed roustabout work in field operations for an independent oil and gas operating company based in Shreveport
- Learned the basics of drilling, completions, and production
- Obtained PEC Safety: SafeLand USA certification via Brammer's health, safety, and environment department

May-August 2011

Courier, Mayer, Smith, and Roberts L.L.P.

May-August 2010

- Filed correspondence, pleadings, and other documents for law firm in Shreveport
- Office Assistant: aided secretaries and attorneys with administrative support

AWARDS

- Recipient, University of Texas PGE Departmental Scholarship (Summer 2010)
- 2-time Recipient, Ark-La-Tex Chapter of SPE Scholarship (2010, 2011)

ACTIVITIES

- Member, Young Professionals in Energy-Austin Chapter (YPE)
- Member, Society of Petroleum Engineers (SPE)
- Alumni Member, Phi Gamma Delta Fraternity (FIJI)
- Volunteer: Work: YMCA, Meals on Wheels, Feed My People
- Activities: Reading, running, golf, guitar
