Course title:

Strategic Leadership in E & P Business

Course Fee (per person):

SPE Member: N80,000

Non-Member: N85,000

Course Overview

This course provides a deep insight into strategic leadership, strategy development and implementation in the E & P business. Systems theory and its applications in strategic thinking and the E & P business are elaborated. The forces driving changes and competition in Nigeria's oil/gas industry and strategies for sustained success are discussed. Issues and challenges of strategic alliances and portfolio management are reviewed. The development of leaders as stewards in contrast to being agents is emphasized. Socio-cultural and strategic leadership concepts for managing conflicts and change are discussed. Practical examples and cases are used to elucidate issues and solutions.

Audience

This course is designed for executives, managers, regulators, planners, bankers, financiers, investors, and business owners, technical and commercial professionals in the E & P business who are desirous of enhancing their strategic leadership capabilities to improve personal and organizational performance.
