NAICE 2015 >>

Pre-Conference Training Courses

Course Date: 1 – 2 August, 2015

Course title:

Well, Reservoir and Facility Management

Course Fee (per person):

SPE Member: N80,000

Non-Member: N85,000

Course Overview

This is a 2-day interactive workshop which will equip participants with principles for proper surveillance, leading to ability to make correct decision for optimum life cycle management of assets (well, reservoir and facility), production optimization and improved recovery. Tips for maximizing value from installed asset (well, reservoir and facility) and managing opportunities ensuing from technical reviews will also be taught during the course. The scope of the course will also cover the workflow of different reviews for identifying oil generating opportunities. The participants will also be introduced to other tools for enhancing well, reservoir and facility practices in their asset.

Audience

The course is intended for petroleum engineers, production engineers, Operations staff, business managers; technical support staff that are involved in well, facility and reservoir management and staff who have direct authority over the WRM process e.g. WRM Team Leaders, Senior Discipline staff and staff in the Greenfield Community.

Course Objectives & Content

Introduction to WRM; WRFM Asset Health check; Workflow of WRFM Structured Reviews; Data acquisition and management; Workflow for generating surveillance activities and oil generating opportunities; Management of WRM opportunities; Operating Envelopes; Strategies for building WRM and Data acquisition Plan.

NAICE 2015

Lagos-Nigeria, 4-6 August 2015

Theme

"Natural Gas Development and Exploitation in an Emerging Economy – Strategies, Infrastructure and Policy Framework".

Top 10 reasons to attend 39th edition of Nigeria Annual International Conference & Exhibition (NAICE)

1. Top notch plenary sessions
2. Marginal Field Development Workshop
3. 16 Technical Sessions with over 65 technical presentations. And novel e-Posters Sessions with over 30 technical presentations
4. 6 training courses
5. Exhibition covering more than 5000 sqm with over 60 exhibitors with the latest techs, products and services.
6. Extensive two day programme for young professionals and students
7. Non-Technical Women Network Development Sessions
8. Industry peer's recognition awards and special dinners.
9. Luncheons designed to network top industry leaders!
10. Fun trips and tours for families

Profile of instructor

Mr. Akande Adebisi is currently the Discipline Principal and Coordinator for the WRFM theme in Shell Nigeria. He obtained a first degree in Mechanical Engineering from University of Ibadan in 1987. He has over 23 years of oil and gas industry experience having worked in various assignments in Petroleum and Production Engineering functions, covering Production Technology, Wells, Reservoirs and Facilities Management (WRFM) hands-on practices as well as Asset Team Leadership. He has published a number of technical papers in SPE and in other National and International journals on Top Quartile WRFM Performance, Formation Damage/Successful Techniques for Stimulating High Water-cut wells, Well perforation techniques, Successful Water Shut-off Techniques, Locating the Remaining Oil and on Sand Control Management in Oil and Gas wells. He is also currently accredited Shell Group Subject Matter Expert (SME) on WRFM in shell Nigeria.

SPE Training Courses

- Setting the Standard for Technical Excellence

Learn the industry's technologies and best practices that you can apply to real-world challenges now.

NAICE VISITORS PROFILE

- Executive Management from NOCs, IOCs & Service Companies
- Government/regulatory agencies representatives
- Experts in Drilling and Completion, Production and Operation Projects, Facilities and Construction, Digital Energy, and HSSE,
- Geoscience and Reservoir Experts
- Contracts and Procurement
- Scientists, Technologists, Consultants and Researchers
- Academia
- Media executives
- Students
