****You may also mail it to the Society of Petroleum Engineers / Evangeline Section / School Science Grant / PO Box 52356 / Lafayette, LA 70505-2356 or FAX to 800-523-1924.**

● **APPLICATION CHECKLIST:**

- Choose a project. We have provided two websites for reference, but feel free to explore other resources. Include checklist items below.
- Attach a description of the project that you plan to implement with the grant, including an itemized and total cost summary. Include how your project is related to our Petroleum Industry. This year we will review only applications with the “positive aspects of petroleum-related projects.”
- Briefly explain how your classroom/department/students/etc. will benefit from the grant.
- NEW IDEA** suggestion: Due to COVID-19, incorporate an online project/experiment that the teacher can demonstrate virtually during an online class or one where students can perform a project or experiment safely at home while the teacher observes virtually and parent/guardian watch at home.
